IMPORTANT NOTICE

Every order is filled immediately on receipt of same, unless the customers specify they want the order held for later delivery.

Be Sure and Notify us When You Place Your Order if You do not Want it Shipped Until Later in the Season, so we may Arrange Our Files Accordingly. All Express Shipments are f. o. b. Springfield, Ohio.

Due to the increased postal rates we will have to ask our customers to remit 10c on the dollar to help out on the postage, if they desire their order shipped by parcel post.

We would advise having all orders of $2.00 or over shipped by express as we can pack to much better advantage in an express shipment.

The Express rate on a $2.00 order would come close to equaling the postage on same.

We do not pre-pay transportation charges on any express shipment unless authorized to do so by the customer. If we can save a customer any money on their order we will be glad to prepay it and bill them for the charges.

How to Get Your Plants Free

Make up a Club Order among your friends and neighbors and thus get your own plants free. Everyone has an acquaintance who, if aware of the fact that you were sending for flowers, would join you for your trouble in sending their order.

We give you the following liberal discounts. It will be well worth your while to interest your friends. Try it.

If You Are Interested in Roses Send Us Ten Cents For Our Rose Book

Express Clubbing Rates
For every dollar you send us to go by express select 20 cents extra for your trouble. To illustrate, say you send us an order for $6.00, select $1.20 extra for your trouble, or a total of $7.20.

This discount does not apply to any special offers or collections. It only applies to single plants or bulbs.

Individual Orders Allowed

the same discounts as Club Orders. Remember that the premiums or discounts must be selected and sent with your order. We cannot send them at separate times unless you add 10c to each dollar for postage.

If You Wish Any Questions Answered

As to the growing and care of plants, etc., enclose 10 cents in one-cent stamps to cover the cost of writing you.

Customers will please make out a second choice as we reserve the right if sold out of any article ordered to substitute another article equally good.
General Collection of Single Hyacinths

Our patrons can rely on the Hyacinths in this list as being the very best of their colors. We have tested varieties from year to year and can guarantee satisfaction in any of the following kinds. You varieties are equally good for planting outdoors or for forcing in the house in winter. Price, 21 cents each; 3 for 58 cents; $2.15 per dozen.

ARENTEINE ARENDESE—Pure white very large flower with heavy bells, very early. A beautiful variety.

AVENALPHECHT ("White Baron Von Thy!")—Pure white, early.

BLANCHEUR DE MANGEVILLE—Immense spikes of pure white.

CARDINAL WISEMAN—If there is one Hyacinth that will instantly attract attention, it is this one. A beautiful dark silvery-rose color.

ROSE AMARENT—Brilliant rose; superb.

GENERAL PELLISSIER—Deep scarlet, early, good.

GENERAL DE WET—This is known in Holland as the "Pink Grand Master." It certainly is a most wondrous beautiful bright shade of silvery-pink.

GERTRUDE—This the finest-flowering of all the Hyacinths; often has two to four spikes of bloom; a lovely deep rose-pink color.

GIANTS—Immensely true of bright rose-colored flowers.

GRAND BLANCHE—A beautiful delicate bluish.

GRAND LILAS—Immensely spikes and mammoth florets. Probably the largest of all Hyacinths, and is another of those delicate blues, the color that fairly entrances you. A variety that is deservedly popular everywhere. Superb.

L'INNOCENCE—A lovely shade of creamy-white. This is one of the few varieties and lines rank in Holland among the ten best varieties. It sometimes comes with very delicate tracings of pink that set off its charms to great advantage. Superb.

MARIE VAN DER HORST—This is said by all who have seen it to be the very best waxy pink Hyacinth yet offered. The flowers are extra large, spikes solid and compact and of immense size, and the fragrance is delicious. The color is very distinct; elegant.

ROSEA MAXIMA—A grand large truss of deep rose; some would call it a red.

YELLOW HAMMER—Pure bright yellow; broad well shaped flowers. Forces easily. Fine for pot plant.

Choice Collection of Fancy Single Hyacinths

In this collection we place all the high-priced varieties. There is such a demand for them in Europe, where they are well acquainted with the good sorts, that the demand exceeds the supply, and they are always scarce and hard to get. When you have the following twelve Hyacinths in your possession, you have the very best that money can buy. They are every one gems of the first water. Price, 21 cents each; 3 for 58 cents; $2.15 per dozen.

In ordering, say "Fancy" Collection of Hyacinths. They are the largest, the most delicately colored and the most fragrant of all Hyacinths.

BIRD OF PARADISE—The spike is the largest of all yellow Hyacinths. The color is a rich deep golden-yellow. Very pure. No other yellow Hyacinth approaches it in either color or size.

CITY OF HAARLEM—Bright golden-yellow, large flower. The largest spike of a yellow Hyacinth.

Czar PETER—This is without question the finest of all light blue Hyacinths. The truss is very large and solid. The color is a delicate sky-blue. This Hyacinth is admired more than any other variety of any color in Holland. Simply grand.

ENCHANTRESS—Do not forget that the porcelain-blue color in Hyacinths is the most admired and in greatest demand. This is a delicate porcelain-blue color. Extra fine.

GRAND MASTER (Grand Maitre)—Deep porcelain-blue; one of the grandest of all blue Hyacinths. Much prized in Holland.

KING OF BELGIANS ("Roi des Belgies")—So many persons complain that they never get a bright red Hyacinth. The color of this grand variety is a rich, glossy ruby-red of the brightest hue. Certainly a gem.

KING OF THE BLUES—This is the richest and most elegant of the dark blue Hyacinths; it is so dark that the texture of the flower seems covered with a rich sheen of violet almost black. Exquisite.

KING OF THE YELLOWS—A very pure yellow color, one of the nicest and best known in all Hyacinths.

LADY DERBY—This is said by all who have seen it to be the best dark rose-colored Hyacinth yet offered. The florets are extra large. Spike solid and compact and of immense size, and the fragrance is delicious. The color is a rich, deep rose, very bright and distinct. Elegant.

LA GRANDESS—Snow white.

LA VICTOIRE—This is a bright red Hyacinth of the greatest merit. The color is a rich, even shade of bright red. Superb.

QUEEN OF THE BELGIANS—In Holland the delicate blue Hyacinths take precedence over all other colors, and the blue varieties in this collection cost much more than any other color. With Czar Peter this variety is a sure enough rival. It does not conflict with any of the other blues in this collection, being entirely distinct, a delicate porcelain-blue, a color that is extremely rare in flowers of any kind. Extra fine.

QUEEN OF THE PINKS—Clear pink, sport of King of the Blues, same size and shape of flower. Blooms late. Excellent for pots for Easter and later.

SIR GEORGE MANSFIELD—This is the rare color in Hyacinths, being a most beautiful shade of lilac or violet. When you see this in flower you will always remember it.

Remember that the Forgoing Fourteen Hyacinths are the Best Singles in Cultivation. Get Them and You Will Have the Best

Five Beautiful Roman Hyacinths

We wish to call special attention to these beautiful Roman Hyacinths, which are so valuable for early winter blooming. They are among the few flowers which can be had as early as Christmas and New Year. Each bulb contains a sumptuous flower, which are very beautiful and fragrant, and when kept in a cool room will keep perfectly for weeks. Three can be planted in a four, or five-inch pot, and will soon be in flower. In the garden they are the first of all Hyacinths to bloom. We offer extra large bulbs. The new double ones are exceedingly fine. Do not fail to plant a good lot of them for winter. Price, 14 cents each; 3 for 37 cents; $1.20 per dozen.

BLUE—Lovely light blue, a fine contrast to the white variety.

CANYAR YELLOW—Few novelties have come out recently which will in importance surpass this new yellow Roman Hyacinth. There is nothing to be said of it except it is like the common Roman white, except in color, which is a lovely shade of light yellow.

PINK—A grand new sort with enormous bright deep bells in large spikes.

RED—A beautiful shade of deep red, very bright and penetrating.

WHITE—Has elegant waxy-like bells of great beauty and fragrance.
MONARCH COLLECTION OF NAMED DOUBLE HYACINTHS

In presenting this beautiful collection of Hyacinths, we do so with the assurance that all who order them will be amply repaid with fine bulbs, and the flowers during the winter months will cheer the home by their presence and perfume. We have spared no pains or expense to procure, in these sets, the very best varieties that are produced in Holland. Try a set. None to equal them. In ordering say “Monarch Collection.”

The above collection of “Monarch” Hyacinths embrace the very best varieties that money will buy of Double Hyacinths. There are none better.

Single Mixed Hyacinths—For Bedding Out in the Fall

These Mixed Hyacinths are used almost exclusively for bedding out in the fall on account of their cheapness. They are just as good and just as fragrant as the named varieties; the difference is in the cost of keeping the named sorts separate, both while planting and after they are dug. The exact shades cannot be given, but the general outline of colors are kept separate, so that in ordering you know what color you are buying.

Early Flowering Double Tulips

These Tulips have massive flowers of brilliant and varied colors, shades and markings, and being double, the flowers last much longer in bloom than single varieties, and in consequence when singles and doubles are planted in conjunction the “time of the Tulips” is greatly prolonged. Double Tulips are beautifully adapted for beds on the lawn, in the garden, and for mingling in clumps of half a dozen or more around the edge of shrubbery. They are robust growers and exceedingly effective. The early sorts do splendidly when grown in pots for winter blooming, but must be forced much slower than Single Early Tulips, by keeping them cooler. Those preceded with a star are the best varieties for forcing indoors.

Late Flowering Double Tulips

YELLOW ROSE—Splendid golden-yellow; very large flower; the best of yellow Tulips. Extra fine. 8 cents each; 3 for 20 cents; 12 for 60 cents.

PEONY GOLD—A rich scarlet, feathered yellow. 9 cents each; 3 for 20 cents; 12 for 75 cents.

Overwinnaar—Blue and white feathered. Extra. 9 cents each; 3 for 23 cents; 12 for 75 cents.

Blue Flag—Rich sky-blue, the only Tulip of this color. 9 cents each; 3 for 23 cents; 12 for 75 cents.

Marriage de la Fille—White with cherry-crimson, feathered. Extra fine. 10 cents each; 3 for 27 cents; 12 for 85 cents.

Early Flowering Single Tulips

Those marked with a star are the best for forcing in the house, but all Tulips are fine for garden culture.

Tulips are such universal favorites that it is scarcely necessary to expatiate upon their merits here. Their ease of culture, combined with popular bulbs grown for spring bedding and, for winter flowerings in extremely large and showy sizes, is equal to that of the average Tulip. The shade as in the sunshine and producing as fine flowers in a confined space as do those in the open. The Single Tulip is extensively grown for indoor decorations three or five

PRINCESS MARIANA—White with a beautiful blush tinge; exquisite. 7 cents each; 3 for 18 cents; 12 for 50 cents.

CRAMOISI BRILLIANT—Glowing scarlet; very attractive. 8 cents each; 3 for 20 cents; 12 for 60 cents.

ROSE GRIS DE LIN—Pink; a showy variety. 8 cents each; 3 for 20 cents; 12 for 60 cents.

ARTUS—Bright scarlet with clear yellow center; splendid bedder; flowers with La Reine. 8 cents each; 3 for 20 cents; 12 for 60 cents.

*LA REINE (The Queen)—White, delicately shaded pink. 8 cents each; 3 for 20 cents; 12 for 60 cents.

PRINCESS WILHELMINA—Beautiful dark pink. 9 cents each; 3 for 27 cents; 12 for 75 cents.

JOOST VON VONDEL—Deep cherry-red, feathered white, a giant. 8 cents each; 3 for 20 cents; 12 for 60 cents.

PRESIDENT LINCOLN—Rose-violet; beautiful and showy. 9 cents each; 3 for 23 cents; 12 for 75 cents.

*Kaiser KROON—Carmine-scarlet with broad yellow border; largest of all Tulips as well as the most showy. 15 cents each; 3 for 41 cents; 12 for $1.45.

THOMAS MOORE—Buff-orange or terra cotta, shaded at edge to orange-yellow. 9 cents each; 3 for 23 cents; 12 for 75 cents.

DUCHESSE DE PARMA—Orange-red, margined deep yellow. 10 cents each; 3 for 27 cents; 12 for 85 cents.

CRIMSON KING—A splendid crimson bedder; none better. 8 cents each; 3 for 20 cents; 12 for 60 cents.

YELLOW PRINCE OF ORANGE—A bright yellow that forces easily and keeps well. 9 cents each; 3 for 23 cents; 12 for 75 cents.

CRIMSON QUEEN—A flaming red; very brilliant. 10 cents each; 3 for 27 cents; 12 for 85 cents.

L’IMMACULEE—Snow-white, extra large, good bedder. 8 cents each; 3 for 20 cents; 12 for 60 cents.

COULEUR CARDINAL—Deep scarlet, with a slight bluish tint. Large, round-shaped flower, of great substance, carried on a straight strong stem. Useful for cut flowers as well as for pots. One of the most popular varieties for Easter. 11 cents each; 3 for 28 cents; 12 for 95 cents.

MAAS—Bright scarlet, immense size, splendid bedder. 8 cents each; 3 for 20 cents; 12 for 60 cents.

CHRYSOLORA—Pure golden-yellow, the best single Tulip for outdoors. 9 cents each; 3 for 23 cents; 12 for 75 cents.

*POTTEBAKER SCARLET—Deep rich scarlet. 9 cents each; 3 for 23 cents; 12 for 75 cents.

BELLE ALLIANCE (Waterloo)—Large, sweet-scented scarlet flower, for forcing and bedding; flowers same time as L’Immaculee and Chrysolora. 10 cents each; 3 for 27 cents; 12 for 85 cents.

*COTTAGE MAID—Snow-white; bordered pink. A late forcer. 9 cents each; 3 for 23 cents; 12 for 75 cents.

ELENORA—Violet with white edge. 9 cents each; 3 for 23 cents; 12 for 75 cents.

FLAMINGO—Clear, dark pink, large flower. 10 cents each; 3 for 27 cents; 12 for 85 cents.

GRACE DARLING—Bright bronze-scarlet, excellent. 9 cents each; 3 for 23 cents; 12 for 75 cents.

*POTTEBAKER WHITE—Large, deep golden yellow, of immense size. Like all the Pottebaker Tulips, are good bedders. 9 cents each; 3 for 23 cents; 12 for 75 cents.

*LADY BORELLE—A variety of good size. 9 cents each; 3 for 23 cents; 12 for 75 cents.

QUEEN OF THE NETHERLANDS—Delicate pink; superb. 9 cents each; 3 for 23 cents; 12 for 75 cents.

RISINGSUN—Golden yellow, large. 12 cents each; 3 for 32 cents; 12 for $1.10.

STANDARD ROYAL SILVER—Red, striped white, handsome. 10 cents each; 3 for 27 cents; 12 for 85 cents.

PRINCE OF AUSTRIA—Orange shaded scarlet. Fragrant. A good sized flower, with a deeper edge, carried on a strong, tall stem. Very useful for pans as well as for cut flowers. A variety of very great merit. 10 cents each; 3 for 27 cents; 12 for $1.10.

POTTEBAKER WHITE—Pure snow-white; extra. 9 cents each; 3 for 23 cents; 12 for 75 cents.

VANDERNEER—This is the famous blue Tulip. Bright blue color with shades of magenta-purple. 10 cents each; 3 for 27 cents; 12 for 85 cents.

WHITE HAWK—Pure white, round shaped flower, of good substance. This is still the best white single early Tulip. Forces easily and early. 10 cents each; 3 for 27 cents; 12 for 85 cents.

WOUMERMAN—Rich dark royal purple with tinge of clarat. 9 cents each; 3 for 27 cents; 12 for 75 cents.

CULLINAN—We consider this of all pink varieties the most recommendable. The color is clear pink; the flower is large and long lasting; 12 cents each; 3 for $1.10.

ROSE LA REINE—Clear pink, the Cherry Tulip. 9 cents each; 3 for 23 cents; 12 for 75 cents.

ROSE LUCIENNE—Light rose-pink. Large long flower of remarkable keeping qualities. Strong, straight stem. Unsurpassed for pans as well as for cut flowers. By far the most popular pink variety for Easter and late season. 12 cents each; 3 for 32 cents; 12 for $1.10.

CARDINAL RAMPOLLO—Orange-red with a beautiful border; very showy. 11 cents each; 3 for 28 cents; 12 for 95 cents.

Tulips

Tulips should be put into the ground when the leaves begin to fall from deciduous trees. This is probably a better guide of the time of planting than any definite date would be, since climatic conditions vary so much.
Darwin Tulips

LONG STEMMED—LATE FLOWERING

A new family of Tulips of stately, noble and dignified character. As a cut flower, they are of great value. Grow three feet high, bearing immense large flowers, 3 to 4 inches in diameter. The most unique and richest colored of the Tulip family. Their colorings vary from light tints of white, lilac, rose and brown to deep violet, brilliant red, dark brown and black. Very late flowering.

**THE YELLOW DARWIN (Englescomb Yellow)**—Large globular golden-yellow flower. 3 cents each; 3 for 23 cents; 12 for 75 cents.

**WEDDING VEIL**—Soft lilac, pale outside with white center. 3 cents each; 3 for 23 cents; 3 for 75 cents; 12 for 75 cents.

**CLARA BUTT (Appleblossom)**—A beautiful soft salmon-rose, forces well. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**BARONNE DE LA TONNA ZE (Caliope)**—Bright rose. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**DREAM**—Large lilac. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**GRETCHEN**—Exterior delicate-flesh color; interior soft pink. A dainty color; very popular. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**LA CANDEUR (White Queen)**—Light lilac, passing to pure white. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**NORA WARE**—Silvery lilac, darker towards the center of petals. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**PRIDE OF HAARLEM**—Brilliant scarlet salmon, inside nearly scarlet. The flowers are carried on tall, strong stems, and are large and often have so many petals that they look like double flowers. The most popular of all Darwins. Forces mid-season. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**PSYCHE**—Soft rose, inside silvery rose, base tinted blue, large flower on a very long stem. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**REVEREND EWBANK**—Silvery-heliotrope, flushed lilac. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**KATE GREENAWAY**—White tinged lilac rose. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**PAINTED LADY**—Creamy-white, shaded lilac, a beauty. 9 cents each; 3 for 23 cents; 12 for 75 cents.

**LOVELINESS**—Soft rose carmine, margined blush. Forces well. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**EUTERPE**—Rosy lilac, with daintily incurving edges of the outer petals. 9 cents each; 3 for 23 cents; 12 for 75 cents.

**MRS. POTTER PALMER**—Bright rosy-violet. Dazzling. 9 cents each; 3 for 23 cents; 12 for 75 cents.

**PHILIPPE DE COMMINS**—Velvety purplish-maroon; fine forcing variety. 9 cents each; 3 for 23 cents; 12 for 75 cents.

**LA TULIPE NOIRE**—The real black Tulip, graceful, beautiful black, not a mourning shade. The flower is large and bold and is carried on a strong stiff stem. Forces well for mid-season. A magnificent variety. 11 cents each; 3 for 28 cents; 12 for 95 cents.

**ORION**—Dark scarlet, enormous flower. 9 cents each; 3 for 23 cents; 12 for 75 cents.

**WILLIAM COPE LAND**—Bright blue-lilac; is one of the most popular for early forcing. 10 cents each; 3 for 27 cents; 12 for 75 cents.

**GLOW**—Dazzling vermilion-scarlet; base dark blue, margined white. Very showy bedder. 9 cents each; 3 for 23 cents; 12 for 75 cents.

**FLAMINGO**—Beautiful shell-pink, white center, pointed flower extra distinct. 10 cents each; 3 for 27 cents; 12 for 75 cents.

**SIERAAD VAN FLORA**—Very large round flower, vivid rose; a good early forcer. 9 cents each; 3 for 23 cents; 12 for 75 cents.

**MRS. STANLEY**—Silvery purplish rose, pale rose edges, blue base; large flower. 9 cents each; 3 for 23 cents; 12 for 75 cents.

**PROFESSOR RAUWENHOFF**—Bright cherry red, shaded salmon, inside paler center. 10 cents each; 3 for 27 cents; 12 for 85 cents.

**MADAME KRELAGE**—Bright pink. 10 cents each; 3 for 27 cents; 12 for 85 cents.

**EUROPE**—Fire bright scarlet; pure white base. 12 cents each; 3 for 22 cents; 12 for $1.10.

**FARNCOMB SANDERS**—Brilliant dark rosy-red with a clear white base; one of the largest and most beautiful of Darwins. 9 cents each; 3 for 27 cents; 12 for 75 cents.

**ADOLPH VAN DER HEIDE**—Bright red; only one week later in forcing than Bartigon. 10 cents each; 3 for 27 cents; 12 for 85 cents.

**BARTIGON**—Pinky clear red; one of the very best for early forcing. A very fine variety and very useful. 10 cents each; 3 for 27 cents; 12 for 85 cents.

**PRINCESS ELISABETH**—This is a vivid rose, large and very beautiful tulip; can be forced in early mid-season. A variety of great merit which we recommend very highly. 13 cents each; 3 for 35 cents; 12 for $1.25.
Cottage or Mayflowering Tulips

(LATE FLOWERING SINGLE)

The Tulips belonging to this class owe their name to the fact that many of them have been found growing in gardens of country houses and cottages in England and France. They flower long after the other varieties of Tulips are gone, and are unsurpassed for garden decorations and for a succession.

**BOUTON d'OR (Golden Beauty)**—Pure yellow, with black anthers. Deepest yellow Tulip in existence. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**CALEDONIA**—Extra large, bright orange-scarlet, center greenish-black; dwarf. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**FAIRY QUEEN**—Beautiful heliotrope color with a broad amber-yellow margin. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**GESNERIANA SPATHULATA**—Beautiful rich scarlet, with blue center. Very large flower. Tall grower. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**GOLDEN CROWN**—Yellow bordered and feathered orange-red, fine. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**GRENADIER**—Dashing brilliant orange-red; very large. 11 cents each; 3 for 28 cents; 12 for 95 cents.

**INGLESCOMBE (Salmon Queen)**—Soft rose, very large. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**ISABELLA** (Shandon Bells, or Blushing Bride)—Opens cream; changes to light pink, and changes again to light wine color. Extra. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**LA MERVILLE**—Scarlet, suffused with orange-scarlet. Finished rose with yellow base. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**LA NIGRETTTE**—A dark brown color in Tulips; extra. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**MACROPELLA**—Scarlet, with black center; fragrant. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**Mauriana**—Brilliant red, yellow center. 10 cents each; 3 for 27 cents; 12 for 95 cents.

**PARISIAN WHITE**—Pure white. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**Pichote** (Maiden's Blush)—Opens cream. Edges of the flower turn deep pink, while the center of the flower is flaming delicate light pink. Very beautiful. 8 cents each; 3 for 20 cents; 12 for 60 cents.

Old Dutch or Breeder Tulips

The Breeder Tulips are the unbroken forms of the old florists’ Tulips. The blooms strongly resemble the Darwin Tulips, excepting that they have an entirely different range of color, comprising artistic tones of bronze, terra cotta, orange, and brown. Breeder Tulips are May-flowering, producing blooms of enormous size, and because they are vigorous growers are valuable for the garden. We have taken great pains to select only choicest varieties, and can heartily recommend these to anyone who wishes something especially fine.

**ALCIDA**—Yellow, shaded brown. 10 cents each; 3 for 27 cents; 12 for 85 cents.

**ASPASIA**—Red, shaded with tones of salmon. 10 cents each; 3 for 27 cents; 12 for 85 cents. 3 for $1.10.

**APRICOT**—Apricot orange. 3 cents each; 3 for 32 cents; 12 for $1.10.

**CARDINAL MANNING**—Rose-violet, shaded salmon. 10 cents each; 3 for 27 cents; 12 for 85 cents. 3 for $1.10.

**FEU ARDENT**—A large cup-shaped bloom; mahogany-red, very bright. 12 cents each; 3 for 41 cents; 12 for $1.45.

**GRAND MAITRE**—Purplish-violet; enormous flower. 9 cents each; 3 for 23 cents; 12 for 75 cents.

**Hamllet**—Yellow bronze-brown, light edge. 10 cents each; $1.25 for 27 cents; 12 for 95 cents.

**LORD CURZON**—Silvery-white, margined and striped cherry crimson, deepening with age almost into a claret set. 12 cents each; 3 for 32 cents; 12 for $1.10.

**Mestie Louise**—Salmon, orange bordered. 15 cents each; 3 for 41 cents; 12 for $1.35.

**Prince of Orange (Orange Beauty)**—Orange-scarlet, shaded with light red. A large flower of unusual beauty. 12 cents each; 3 for 32 cents; 12 for $1.10.

**Yellow Perfection**—Light bronze-yellow, edged with golden-yellow. A Tulip of remarkable beauty. 11 cents each; 3 for 28 cents; 12 for 95 cents.

Mixed Tulips

We have a large stock of unnamed Tulips for bedding, which we price so low as to make a large mass of these showy flowers a matter of a trilling expense. They are excellent bulbs, and will bear handsome blooms. Double and single collections are kept separate. Several hundred bulbs at the quotations below involve less expense than is required to secure a few summer bedding plants, and they are fully as valuable.

**Superfine Mixture, Single Tulips**—In fifty choicest kinds. Splendid flowers. 50 cents per doz.; $4.00 per 100.

**Superfine Mixture, Double Tulips**—In fifty choicest kinds. Splendid flowers. $1.25 per doz.; $5.25 per 100.

**Superfine Mixture of Darwin Tulips**—Price 60 cents per doz.; $4.50 per hundred.

**Superfine Mixture of Parrot Tulips**—Price 60 cents per doz.; $4.50 per hundred.

**DAFFODILS AND NARCISSUS**

The Golden Daffodil, the earliest harbinger of the joy that is to come with the awakening of Mother Earth after her long winter’s sleep, as Shakespeare says: “Daffodil.—That come before the swallows dare, and take the winds of March with beauty.” Fine both for garden, and those preceded by a star (*) for forcing indoors.

**Note**—In describing Narcissus we have referred to the “perianth” and “trumpet,” the latter is the long center, funnel-like tube, and the “perianth” is the surrounding row of petals, or leaves.

**Single Narcissus**

Single Narcissus are divided into the following classes:

**AJAX**—Large trumpets, either white or yellow, perianth, and trumpet of the same color.

**BARRI**—Diameter of cup less than one-third of the length of the petals.

**Bicolor**—Large trumpets; perianth white, trumpet yellow.

**Incomparable**—Diameter of cup at least one-third of the length of petals.

**Leeds**—Perianth white, cup either white, yellow, or light yellow, sometimes with a pink or apricot-colored edge.

**Poetaz**—Small flowers in clusters.

**Poeticus**—Perianth pure white; cup very small, lying almost flat against the petals, with a narrow red edge.

**All Yellow, Large Trumpet Narcissus**

**ARD-RIGH, or IRISH KING (Trumpet Major)**—Also known as Single Von Sion. Earliest and most vigorous “Giants Trumpet Daffodil” in cultivation. Fine bold flowers of immense size. Perianth and trumpet full rich yellow. Extra fine for pot culture and forcing. 8c each; 3 for 20c; 12 for 60c.

**EMPIRE (Ajax) Extra**—Perianth large, wide, long yellow trumpet. The flowers are large and are carried on strong, long stems. 10 cents each; 3 for 27 cents; 12 for 85 cents.

**Gold EN SPUR (Ajax)”—Large, deep yellow trumpet with expanding brim and large, spreading full, deep yellow petals; unsurpassed for garden or forcing indoors. Price, 10 cents each; 3 for 27 cents; 12 for 85 cents.

**All White, Large Trumpet Narcissus**

**ALBICANS**—The “White Spanish Daffodil,” creamy-white, with a silvery-white trumpet, slightly flushed with primrose and elegantly recurved at the brim. 9c each; 3 for 23c; 12 for 75c.

**Madame de Graaf (Ajax)**—Perianth pure white; trumpet opens a soft primrose shade passing off almost white. 10 cents each; 3 for 27 cents; 12 for 85 cents.
DAFFODILS AND NARCISSUS—Continued

Chalice Flowered or Semi-Trumpet Narcissus

including the Incomparablis-Barr and Leodisi Types.

CONSPICUOUS (Barri)—Broad primrose perianth and elegantly
expanded half trumpet, heavily stained orange-scarlet. 10
cents each; 3 for 27 cents; 12 for 85 cents.

GLORIA MUNDI (Incomparablis)—Broad, bright yellow
petals; cup large, heavily stained orange-scarlet. 12 cents
each; 3 for 32 cents; 12 for $1.10.

KATHERINE SPURREL (Leodisi)—Broad, creamy-white peri-
anth; cup deep primrose yellow. Very distinct. 9 cents
each; 3 for 23 cents; 12 for 75 cents.

MRS. LANGTRY (Leodisi)—Creamy-white perianth; yellow
cup. A gem for forcing. Each bulb produces more than one
danil; 8 cents each; 3 for 20 cents; 12 for 60 cents.

*SIR WATKIN (The Giant Incomparablis or Welsh Giant
Daffodil)—Hardy. Perianth rich sulphur-yellow, trumpet yel-
low, tinged orange. The best of all; very beautiful; extra;
11 cents each; 3 for 28 cents; 12 for 85 cents.

WHITE LADY (Leodisi)—Large overlapping white petals; soft
yellow cup. 10 cents each; 3 for 27 cents; 12 for 85 cents.

Double Narcissus, or Daffodils

Double (Camellia-Flowered) Narcissus—Yellow Variety.

*INCOMPARABLE (fl. pi.)—"Butter and Eggs." Full double
flowers of rich yellow, with orange nectary. Splendid forcing
variety. 9 cents each; 3 for 23 cents; 12 for 75 cents.

Two-Colored Varieties

WHITE AND YELLOW.

There are no finer Narcissi than the Orange and Sulphur Phoenix.
Especially is the Sulphur Phoenix extra fine. The flower is as
large almost as a Peony. Be sure and try them.

*ORANGE PHENIX (Incomparablis) (Eggs and Bacon)—
This beautiful white flower doubles with orange nectary. Try this
variety for pot culture and cutting. 10 cents each; 3 for 27 cents;
12 for 85 cents.

SULPHUR (or Silver) PHENIX (Incomparablis) (Codlin and
Crum)—Large creamy-white flowers with sulphur nectary;
an exquisite corsage flower and fine for growing in pots. 9 cents
each; 3 for 23 cents; 12 for 75 cents.

Double Trumpet Daffodils

VAN SION—The famous "Old Double Yellow Daffodil." Rich
golden-yellow perianth and trumpet. One of the best forcing
sorts, immense quantities being grown for this purpose both in
Europe and America. 8 cents each; 3 for 27 cents; 12 for 60
cents.

Gardenia-Flowered White Variety

ALBA PLENA ODRORATA (Double Poeticus) ("The Double
White Poets' Narcissus")—Snow white Gardenia-like flowers,
exquisitely scented. 8 cents each; 3 for 20 cents; 12 for 60
cents.

Giant Golden Sacred Lily

The flowers of this beautiful Sacred Lily are almost identical
with the Chinese variety except that they are of the most lovely
shade of deep golden-yellow, making a fine contrast with the
white bloom of that noted kind. The bulbs are not nearly so large,
but the trusses of flowers are of good size, making this a charming bulb
for house culture. Grows in water like the old variety. 11 cents
each; 12 for $1.10.

The Chinese Sacred or Oriental Narcissus

A Variety of Polyanthus Narcissus.

The "Shui Sin Par" or Water Fairy Flower, Joss Flower or
Flower of the Gods, etc., as it is called by the Celestials is a variety
of Narcissus bearing in lavish profusion charge flowers of silvery
white with golden-yellow cups. They are of exquisite beauty and
entrancing perfume. It is grown by the Chinese according to the
customs to herald the advent of their new year and as a symbol of
good luck. The bulbs are grown by a method known only
to themselves, whereby they attain great size and vitality,
instructing huge growths of immense size and flowers. In fact,
the incredibly short time required to bring the bulbs into bloom
(four to six weeks after planting) is one of the wonders of nature.
"You can almost see the flowers sprouting almost everywhere,
with everybody. They do well in pots of earth, but are more
novel and beautiful grown in shallow bowls of water, with enough
pebbles to prevent them from floating over when in bloom.
A dozen bulbs started at intervals will give a succession of flowers
throughout the winter. We are importing direct from China
immense bulbs of the true large-flowering variety. Price. 20
cents each.
NARCISSUS AND 'DAFFODILS' Concluded

Polyanthus Narcissus
Or Bunch-Flowered Daffodils.
The Polyantha variety of Narcissus is not only beautiful but deliciously, sweet-scented and of the very easiest culture. Very free-flowering and suitable for window garden, conservatory or garden in flower all spring. Bears six to twenty-four flowers each. The pure white petals and gold cup of some varieties, the yellow with the orange cup of others and the self whites and yellows, render them great favorites.

**NOTE**—Polyanthus Narcissus although not considered hardy, have lived out for two winters in the vicinity of Boston with a slight covering of straw and leaves, producing much larger flowers and many more of them than when they were grown in the house in pots.

**PRICE**—$2.75 each; 25 cents each.

**NEW SORTE**—$1.50 each; 25 cents each.

**CONSTITUTION**—Applicable to all soil except sandy or sloughy.

**GOOD SEASON FOR PLANTING**—September 15th to November 1st.

**PLANTING**—Set at the same depth as the bulbs are long in the ground, and water well.

**POT PLANTS**—Set in a 6-inch pot.

**CLEANING UP**—When first fallen, as they are difficult to transplant in a pot if left until they are fully dry.

**AMOUNT TO PLANT**—One bulb per square foot.

**POT PLANTS**—One bulb per 12 inches of pot.

**PROPAGATION**—By division or by seeds planted in the fall.

**CULTURE**—Same as for the Narcissus.

**USES**—For lawn, perennial border, rock garden or pot plant.

**CLIMATE**—Any kind.

**SPECIAL FACTS**—A favorite for the first color in spring.

**WHITE VARIETIES.**

**PAPER WHITE (Tutus Albus Grandiflora)**—This variety can be grown in wood as well as in soil. Pure snow-white flowers in clusters. This variety is perhaps more largely forced for cut flowers than any other, millions of them being used for the large flower markets of the world.

8½ cents each; 6 for $5.00; 12 for $8.50.

**Poetaz**
A new family of Daffodils. Very attractive and much admired.

**ASPASIA (Poetaz)—White perianth, yellow cup. 11 cents each; 3 for 28 cents; 12 for 95 cents.

**IDEAL (Poetaz)—Pure white petals, orange cup. Very attractive. 11 cents each; 3 for 28 cents; 12 for 95 cents.

**Jonquils**
Much prized for their charming large golden and deliciously sweet-scented flowers. Perfectly hardy and flowering very early in the spring; also admirably adapted for winter flowering in the house—three to six bulbs in a four or five-inch pot.

**JOHN—Duc de Bordeaux (Drott).**—Bright golden-yellow. Price, 9 cents each; 3 for 23 cents; 12 for 75 cents.

**JONQUIL SIMPLEX (Single Sweet-Scented Jonquil)—**A bright yellow with deep lobed and very fragrant. 8½ cents each; 3 for 20 cents; 12 for 60 cents.

**JONQUIL CAMPANELLE REGULOSA—**The best of the Jonquil section. Perianth six-lobe spreading, of a light yellow color, sweet-scented. 9 cents each; 3 for 25 cents; 12 for 75 cents.

**Grand Duchess Oxalis**
The grandest of all winter-blooming bulbs. Small bulbs filling a large pot with beautiful purplish and brilliant flowers literally hiding the plant.

6 cents each; 3 for 15 cents; 12 for 40 cents.

**GRAND DUCHESS LAVENDER.**

**GRAND DUCHESS WHITE.**

**GRAND DUCHESS PINK.**

**YELLOW (Buttercup) Oxalis.**

**MIXED. ALL COLORS.**

**CROCUS, That Bloom in the Spring**
Crocuses, among the earliest and brightest of spring bloons, have been cultivated as far back as floral history goes. Winter is scarcely over when the rosy Crocus Imperati peeps from under the blanket of snow. The Crocus is one of the first flowers of spring and one of the best for blooming in the house during the winter. Half a dozen bulbs may be planted in a pot and will make a very pretty show. For garden culture plant bulbs two inches deep and two or three inches apart. They are so cheap and pretty they ought to be found in every garden in abundance. They bloom splendidly when planted out in the lawn among the grass. They lift their bright heads up through the sod very early and give the lawn a charming aspect. The sorts we offer are especially strong and fine. 12 for 40 cents; $3.50 per 100.

**ARGUS**—The best striped variety.

**BARON VON BRUNOW**—The best of all blues.

**CLOTH OF GOLD**—Pure yellow suffused with brown.

**CLOTH OF SILVER**—Beautiful white striped lilac.

**GIANT YELLOW**—Deep golden-yellow; large and fine.

**KING OF THE WHITES—**Purest white; extra large.

**PRESIDENT LINCOLN**—Richest royal purple.

**SIR WALTER SCOTT**—Striped white and violet.

**EXTRA FINE MIXED**—All the above colors mixed.

**Lancifolium Rubrum**
A beautiful bright rose, spotted with a rich velvety crimson.

Price, 35 cents each; 6 for $2.00; 12 for $4.50.

**Lancifolium Album**
One of the most beautiful of all lilies. Pure white and very fragrant.

Price, 45 cents each; 6 for $2.50; 12 for $5.00.

**Regale Lily**

**REGEAL LILY—**Vigorous constitution, medium in height, bearing one to several handsome, white, fragrant flowers; slightly shaded pink outside and the lower inner surface primrose-yellow. It is a hardy Lily and considered one of the finest novelties offered in many years. It seems to thrive in any good soil not too wet. We find it one of the easiest Lilies to grow. Everyone who sees a L. Regale bed in bloom admires it. Blooms about the same time as L. Candida. First size, 45 cents each; Second size, 60 cents each.
**Winter-Blooming Freesias**

**PURITY—**No description can do adequate justice to this beautiful group of bulbs with two charming flowers about 3 inches in size, white in form and bloom in clusters of six to ten. The long horizontal racemes. The body of the flower is pure white, with lower segments spotted lemon-yellow. The perfume is most delicious, being a mixture of Mignonette, Violet and Jasmine, and one plant is sufficient to perfume a large room without the use of any pot pourris. They are grown in either flower pots or tubs or tubs.

The plant has tooth-shaped bulbs and flat spreading leaves. Its cultivation is the simplest, requiring only to be potted in October to be watered sparingly at first, placed in a sunny window, and watered more as growth progresses. When out of flower, store in some place and repeat at proper season in fresh soil for another year's growth. 4 cents each; 3 for 8 cents; 12 for 12 cents; 85 cents per 100.

These bulbs make a wonderful house plant on account of their rich perfume.

---

**Lily of the Valley**

The modest bell-shaped flowers of the purest white are highly prized for cutting purposes, and for flowering in pots in winter. Their sale is increased by the fact that well-designed designs for the parlor or conservatory may be produced by planting Lily crowns in Crocus pots or in pyramid-like pots made especially for this purpose and pierced with holes. They will last several weeks in beauty. By taking them in at intervals a succession of different designs may be kept up all winter. They are also forced in vases in the home, and in both cases they are the most charming when grown in large patches in partially shaded localities around the lawn near the borders of streams, lakes, etc., being perfectly hardy. 50 cents per dozen; per 100, $4.50.

---

**The Grape Hyacinth, Improved**

This charming little gem should be found in every garden in abundance. It has been termed the "Blue Lily of the Valley," and when planted and cared for it blooms with the delicate beauty which results from even a slight amount of beauty, blooming a small flower, it is possible to extend its use and form a most fascinating combination. It grows about the same height and blooms about the same time each year, if lifted rapidly and when once planted a mine of beauty by which it is often kept a lifetime. For winter flowering in pots it is of the greatest value. Plant five or six bulbs in a five-inch pot and you will have lovely a pot of bloom as you can imagine. Words fail to do it justice. Flower stems grow a foot in height bearing a dense spike of sky-blue bells tipped with white and oh so lovely. Please mention this as an improved strain of Grape Hyacinth much superior to the old form.

---

**SNOW WHITE—**New and scarce. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**AZUREUS—**Deep blue; blooms out of doors in February, earliest of all spring bulbs. 6c each; 3 for 15c; 12 for 40c.

---

**The Feathered Hyacinths**

A very pretty and curious species of Hyacinths, the flowers of which are a feathered form borne on the end of a large spike. It is perfectly hardy and is particularly adapted for open ground plantings and for indoor culture. 8c each; 3 for 20c; 12 for 60c.

---

**Ixia**

The Ixias produce their beautiful flowers in spikes and are of the most dazzling and brilliant colors and sure to attract attention. It is only a few years that they have been grown in this country to any great extent but in that time, like the Freesias they have become very popular. For pot culture in the house they give great satisfaction, being of easy culture and free bloomers. Half a dozen bulbs can be planted in a five-inch pot, and the display is magnificent. For open ground culture they give them winter protection with leaves or straw. They are very cheap and all lovers of beautiful flowers should add them to their collection. The sorts we offer are new and very fine. 6 cents each; 3 for 15 cents; 12 for 40 cents.

---

**Chionodoxa Lucilae**

(Grave of the Snow.) Lovingly flowering snow bulbous plants producing spikes of lovely azure-blue flowers with pure white centers. a charming flower for the winter garden. For winter flowering this bulb is also lovely. 6 cents each; 3 for 15 cents; 12 for 40 cents.

---

**Galanthus, Giant Snowdrops**

Beautiful dwarf white flowers pushing up through the snow in the spring. They are lovely little blossoms and should be found in every garden. In early winter they are taken from the cellar brought into bloom. Being dwarf they are usually planted along walkways or beds. The Giant Snowdrops we offer are made to grow larger to the point of being a flower bed. GIANT SINGLE SNOWDROP (Nivalis) (Elwesi)—6 cents each; 3 for 15 cents; 12 for 40 cents. GIANT DOUBLE SNOWDROP (Floro Pieno)—6 cents each; 3 for 15 cents; 12 for 40 cents.

---

**Scilla Siberica, or Squill**

**STAR HYACINTHS—**Scilla Siberica is one of the loveliest spring flowers. It has color and charm and is artistically adapted to the garden. It is hardy and flowers out of doors at the same time as the Snowdrop, in front of which it gives a charming effect. Planted in pots and left indoors it may be had in bloom as early as Christmas. Its magnificent flowers make it suitable for any decoration whatever.

**SCILLA SIBERICA BLUE—**Bright blue. 8 cents each; 3 for 20 cents; 12 for 60 cents.

**SCILLA CAMPANULATA—**Blue. 7 cents each; 3 for 18 cents; 12 for 60 cents.

**SCILLA CAMPANULATA ALBA—**8 cents each; 3 for 20 cents; 12 for 60 cents.

**SCILLA CAMPANULATA PINK—**8 cents each; 3 for 20 cents; 12 for 60 cents.

---

**The Best Way to Grow Bulbs Indoors**

Plant Hyacinths in sandy soil, or make the soil porous with leaf mould secured from the woods. Plant the bulb bottom down, and push the bulb tight in the soil so that the top of the bulb is even with top soil. Use old four or five-inch pots—never new pots if you cannot avoid it. There are shallow, wide pots made to hold three or more bulbs; they are satisfactory to plant in, but only one variety is planted in a pot. Never feed the bulbs with manure—the pots are too small. You may keep the bulbs in water once or twice a week if necessary during the time the bulb makes root. Put the pots after planting—which should be done during September or October—in the ground, and cover the pot and all to the depth of three or four inches with soil. This is to prevent the roots from lifting the bulbs out of the pot. Or you can put them in the cellar where it is cool and dark. The idea is to have the bulbs kept cool and dark, so that the roots will start before the tops do. Cover up the ones outside with leaves or saw dust to the depth of six inches, as frost, if it reaches them, almost always results in injury to the flowers. After four weeks or so examine the roots, and see if they are down to the bottom of the pot; then bring them up into a dark place where the temperature is from fifty to seventy, but keep them dark by covering them up or placing them in a dark cupboard. They can be left outdoors or in the cellar if you do not want them so early, until the sprout is as long as a man's finger. This brings them in later, but is necessary to bring them to size. Then, when the sprouts have reached the length of a man's finger they may be exposed to the light. If brought to the light sooner the result will be that the tops will open first, and then the flower is spoiled, for the top bells will be felled before the lower bells, open. The sprouts are yellow by keeping them that dark. They grow very quickly when brought in from outdoors or the cellar they can be placed in the full light at once. Instead of pots you can use grape baskets.

**Depth and Distance to Plant the Different Varieties of Bulbs:**

- **Plant Hyacinths in five deep and 7 inches apart for bedding.**
- **Plant Crocus 2 inches deep and 2 inches apart for bedding.**
- **Plant Grape Hyacinths 4 inches deep and 2 inches apart.**
- **Plant Tulips 3 inches deep and 6 inches apart.**
- **Plant Chionodoxa 4 inches deep and 3 inches apart.**

---

**Bulbs After Flowering**

All bulbs, after blooming, should be allowed to dry off gradually. When the foliage is completely dry, the bulbs may be shaken out of the pots, saved and stored in any cool, dry place until the following September or October. Not only are the bulbs the second season as good as the first, thus it is wise to procure new bulbs for pot culture, using those previously grown in pots for garden planting. Bulbs already in the ground may be treated in the same way, if they have to be removed to make room for summer plants. They may be left for two or three years before removal.
The Cream of the New Roses

Fashion changes with the ages. The rose was the queen of flowers to the ancients, just as it is today; but the rose leads all flowers, on account of its adaptability to every decorative purpose.

We here offer what is good in the new Hybrid Tea Roses. To have what is good you must try these Roses. They are the best that England, France, Ireland, Italy, Holland and America produce.

HYBRID TEA ROSES

This is a class of recent creation embodying the delicate shades and peculiar fragrance possessed by the Tea Roses, combined with the vigor and more pronounced pink and crimson shades of color previously confined to the Hybrid Perpetual class. In our opinion the Hybrid Teas will supersede all others because of their superior constitution and marvelously free-flowering qualities. In a sentence it may be said they combine all the better traits of the two classes from which they sprang, altogether a great advantage. Almost all are highly scented, an attribute absolutely essential to a perfect Rose. They are ever bloomers and hardy in all but the most rigorous climate.

AMERICA (Hills) (H. T.)—A cross between Premier and Hoosier Beauty. Bud long, pointed; flower immense, very lasting, rose pink, fragrant. Foliate large, dark green. Vigorous very free bloomer. Robust in Columbia, but superior in color and form of bud. 45 cents each.

ANNIE LAURIE (H. T.)—Annie Laurie Roses. Doesn't that name suggest an old-fashioned gardens, and moonlight and a girl's soft voice? How fitting is its name in the rose case. It is a newcomer into the land of flowers, but has already made its presence known by winning blue ribbons and certificates of merit at flower shows in London. It has large, double flowers in various parts of the continent. Sport of Ophelia, type Mad. Butterfly. Bud large, long pointed; flower large, cupped, very double (forty petals), very lasting; flesh pink, edges deeper, golden yellow base extending a third of the petal; borne on long strong stem. Foliate abundant, large rich, glossy green, disease resistant. Few thorns. Very vigorous, upright, bushy. Profuse and continuous bloomer; not hardy. One-year plants, 30 cents each.

CAPT. F. BALD (H. T.)—Deep scarlet crimson, heavily flushed with blackish crimson; a very promising variety in a deep rich color. One-year plants, 35 cents each.

CAPTAIN KILBEE STUART (H. T.)—A vigorous growing variety with dark olive foliage. The blooms are very large, of good shape with broad petals somewhat after the style of Edward Mawley. The color is a rich velvet crimson shaded violet. One-year plants, 30 cents each.

CHARLES K. DOUGLAS (H. T.)—Bud large, long pointed; flower large, in double petal form, sweet fragrance, intense flaming scarlet, flushed bright violet crimson. Foliate dark green; disease resistant; vigorous upright grower; produces an abundance of blooms from June to October. One-year plants, 25 cents each.

CHARMER (H. T.)—Silvery pink, with long pointed buds, good strong stems. One-year plants, $1.00 each.

CITY OF LITTLE ROCK (H. T. (E. G. Hill Co.).—Introduced by Vestal & Son, 1924.) Type, Premier. Bud, medium long pointed; flower, medium, perfect, rose red, fragrant, abundant, pinky, borne singly on medium long stem. One-year plants, 60 cents each.

COL. OSWALD FITZGERALD (H. T.)—A brilliant rose. Its bloom is a deep true red, beautiful, fully finished blooms are produced in great profusion on erect stems; branching; pure tea perfume. We have no hesitation whatsoever in describing this variety as excellent. Named in remembrance of Colonel Oswald Fitzgerald—a lover of roses—who presided over his chief, Lord Kitchener. One-year plants, 25 cents each.

COMMONWEALTH (H. T.)—Bud large, long pointed; flower large, open, double, very lasting, deep pink, solid color; borne singly. Sweet fragrance. Foliate abundant, leathery, medium size; rich green, disease resistant, few thorns. Vigorous, upright; continuous bloomer. One-year plants, 30 cents each.

COMTESSE DE CASSAGNE (H. T.)—Flowers of varying color, rich coppery-pink, shaded clear rose; sometimes comes pure yellow; very large, form very fine; growth vigorous; fragrant. One-year plants, 25 cents each.

CRUSADER (H. T.)—A big, strong growing variety, robust and rugged in every characteristic; the growth is heavy and the flower stems strong and heavy. It is free flowering, and the blooms are big and double, and in color a rich velvety-crimson. A free flowering red Rose that is a wonder. One-year plants, 25 cents each.

DONALD MAC DONALD (H. T.)—The most floriferous Rose we know of, with a perfect habit, and the most ideal and radiant Rose one can imagine. As a belder, it is never out of bloom, during the rose time. Its medium sized blooms are full, with beautifully shaped petals, petals, which give effect of intensely orange-carmine color, and the buds develop naturally into perfect miniature exhibition blooms, three and a half to four inches across, so that its charms may be easily gauged. The blooms are produced on bronze erect branching graceful wood. Persian-tea perfumed. One-year plants, 75 cents each.

EARL GRAY (Double Richmond) (H. T.)—A beautiful rich crimson scarlet; lovely pointed form; not a large Rose, but of medium size. One-year plants, 25 cents each.

EARL HAIG (H. T.)—This rose reminds you of Earl of Dufferin, the color, dark crimson, being almost identical with that old rose known as at the best. The flower, however, is sturdy and upright; the blooms are well formed, sweetly scented. One-year plants, 35 cents each.

EDEL (H. T.)—Type, Florence Forrester, bud very large; flower very large, double, well built, stately, opens well in all weather; sweet fragrance. Color, white, with the faintest ivory shading toward base, passing to pure white. Foliate bold and distinct. Very vigorous grower; free bloomer. One-year plants, 25 cents each.

ETOILE DE HOLLAND (H. T.)—Flower bright dark red, of medium size, fairly full, deliciously perfumed. Growth vigorous, upright. A cross between General McArthur and Hadley, both the parents of great future. 30 cents each.

ELSIE BECKWITH (H. T.)—This is a very fine seedling (from Ophelia & Meyrson Dora van Tets) of a vigorous, upright habit of growth. The very sweetly scented blooms, with large bold still petals, are produced on strong stems. Not liable to damage by rain. Color a rich glowing rose pink. Foliate dark green, shaded red; wood dark red; very handsome. Not liable to mildew. This is quite one of the best roses of the year, and a good all around sort for garden, bedding and under glass. It suggests a glorified Mrs. Charles E. Russell in commerce. One-year plants, 35 cents each.

ESME (H. T.)—Large, full flowers of creamy white, flushed carmine. Back edge of petals a "fancy" exhibition size. One-year plants, 30 cents each.

EVELYN (H. T.) (Pieron, 1918.)—Sport of Ophelia; soft pink, yellow at base. One-year plants, 35 cents each.

FELICITY (H. T.) (Clarke Bros., 1919.)—Ophelia X Hoeier Beauty. Bud long pointed, flower large, elongated and from June to 2nd of September; very fragrant. Color rose-pink, silky suffusion. Foliate dark green. Upright, strong branching habit; very free-flowering; 165 blooms outdoors. One-year plants, 75 cents each.
HYBRID TEA ROSES—Continued

FRANK W. DUNLAP (H. T.)—Did you see it at the International Flower Show at New York the past spring? Its record at the exhibition was: Winning silver medal for the best new plant; and another medal for best color, as judged by the judges of the show. Frank W. Dunlap was the finest flower in the exhibition. Claimed to be better than Mrs. Charles Russell Porter’s. One-year plants, 35 cents each.

GOLDEN OHELIA (H. T.)—This is a sturdy, stiff-stemmed grower, with beautiful foliage, quite fragrant, and an attractiveness, rose, one lasting, wonderful. The flower is of medium size from a beautifully formed bud of bright golden yellow. Profuse bloomer. One-year plants, 60 cents each.

GLORIO—A beautiful scarlet cerise with yellow shading at the base. This splendid Rose is one of the very best of its kind. Petals heavily veined with reddish cerise and with a deep glowing heart which is highly delightful, with yellow shading on the stamens. In bud form this rose appeals to everyone on account of its wonderful coloring which is entirely distinct and not found in any of the Rose Family. Single deep green leaves on red stems and the new growth of rich red hue. Will bloom freely and abundantly. It is one of the hardiest in this class, and blooms abundantly. This Rose has so many good qualities we are certain it will find a place in the garden of every flower lover. One-year plants, 60 cents each.

HOOSIER BEAUTY (H. T.)—We use description of E. G. Hill Co. “If you need a more profitable red Rose than the one you are growing, ‘Hoosier Beauty’ is your variety.” It is as fragrant as any ever produced; is a strong, healthy grower. In color, glowing crimson-scarlet, with dark shading. The bud is of good length, ship well in the close-cut state, and open into a magnificent flower in full bloom. We believe this Rose will make its mark as a garden variety. One-year plants, 25 cents each.

HONEYWOO (H. T.)—Ophelia X Sunburst. Bud medium size, long pointed; flower large, open semi-double (26 petals), lasting, compact, with strong stems; fragrant. Foliage abundant, large, leathery, dark green, disease resistant. Few thorns. Vigorous, bushy, compact; abundant and continuous bloomer; hardy. One-year plants, 50 cents each.

IMPERIAL POTENTATE (H. T.)—Ophelia X Hoosier Beauty. Type, Ophelia. Bud large ovoid; flower large, double, high center, lasting fragrant, dark rose-pink, slightly lighter on reverse. STIGMA of flower yellow. Strong, semi-double, bearing abundant, sufficient, medium size, dark green, leathery. Few thorns. Vigorous upright grower; abundant, continuous grower from June to frost. One-year plant, City of Portland, 1922; Silver Medal, A. R. S., 1922; Silver Trophy, Portland Chamber of Commerce, 1922. One-year plants, 75 cents each.

JOSEPHINE VESTAL—A Rose of attractive coloring. Color is so difficult to describe that any description can only be a partial one, and yet it is a very pretty, very attractive, and well named rose. Strong, semi-double, yellow with faint red shadings. It is yellow with a touch of yellow at the base. Buds of unusual attractiveness. Color is not a strong one, the old color, but decidedly brighter; unusually long and beautifully pointed with petals of wonderful depth and substance, retaining their shape and beauty. This Rose is of fine branching habit and ideal growth, a beautiful and most bushy rose. Its fragrance fills the room with a delicate pure rose perfume. It ranks with some of the best of the garden Roses. Hardy in almost all localities. Grand for outdoors. One-year plants, 60 cents each.

JUSTINA (H. T.)—A new seedling rose of surpassing beauty, has a very large long pointed bud, petals recurving on the opening flowers, color a beautiful salmon pink, tinted apricot and gold, delightfully fragrant. Habitat erect with bronzy green foliage, and a very strong vigorous grower. It might well be described as a glorified Madame Butterfly but more highly colored. One-year plants, 60 cents each.

K. OF K.—KITCHENER OF KHARTUM (H. T.)—Flower of absolutely pure intense scarlet color, its huge petals are velvet sheened, solid scarlet throughput, semi-singe, the blooms are produced in great profusion throughout the season and are delicately perfumed. A rose of marvelous beauty and great fragrance, and one that will hold the highest place of admiration wherever it is grown. The beauty, fragrance, and perfection of its flowers is such that it will command admiration for a genuine British soldier. One-year plants, 25 cents each.

LA CHAMPAGNE (H. T.) (Barber & Co., 1919.)—A meritorious and distinct variety of strong, robust habit, with large, long buds of beautiful shape, which develop into good full blooms; color bright charmer, tinted lemon yellow, in bud with cerise red reflex and yellow base. One-year plants, 35 cents each.

LEGION (H. T.)—Bud, well shaped globular; flower large, full, bloomers, cerise red, tinted yellow base, a large glossy reddish green. Originally named American Legion, but name changed because objected to by association of that name. One-year plants, 25 cents each.

LUCIE NICOLAS MEYER (H. T.) (Gilot, 1922.)—Jonkheer J. L. Mock X unnamed seedling. Type, Jonkheer J. L. Mock. Bud large, ovoid, flower large, double, globular, very lasting; dark maroon, extremely fragrant; single, strong and several together, on strong stems; moderate fragrance. Foliate glossy green, disease resistant. Few thorns. Vigorous, bushy; blooms continuous; tip, Gilt Medal, Societe d’Horticulture du Doubs. One-year plants, 35 cents each.

MABEL TURNER (H. T.) (A. Dickson & Sons)—An enormous high-centered, fragrant bloom of shell-pink color, with good stiff petals. The habit of growth is moderately vigorous. Will be popular for exhibition and for the garden. One-year plants, 35 cents each.

MADAME BUTTERFLY (H. T.) (New)—Is Hill’s glorified sport of Ophelia.* Seen and admired by thousands. All the color tones of Ophelia are intensified, making it a harmony of bright pink—a sport of sport. Madame Butterfly has an extraordinary blend of deep pink and Madame Butterfly will surpass it. It averages more petals to the bloom; it produces more bloom to the plant because it makes blooming habit. It is a single long-stemmed bloom. The buds are a lovely shade of Indian oak yellow at the base; they are unique for corsages and for low table decorations; the opening flowers are perfect in form and texture, clear and brilliant in color and of delicious fragrance. One-year plants, 25 cents each.

MISS AMELIA GUEDE (H. T.)—A cross between Columbia and Sunburst. Bud long, pointed; flower medium size (35-40 petals); lasting; outer petals reflexing deep yellow center, shading to crimson-pink; globular; flower color yellow, semi-double, semi-double, with a single deep pink eye. This Rose is quite unusual. Miss Amelia Gude is a lovely and very free bloomer. One-year plants, 35 cents each.

MISS C. E. VAN ROSEM (H. T.)—Flower well formed; velvety; fragrant. Vigorous grower, bushy. One-year plants, 35 cents each.

MRS. CALVIN COOLIDGE (H. T.)—Sport of Ophelia. Bud Medium size, long pointed; flower medium size, semi-double, very lasting; golden yellow, deepening rich orange with age; borne several together, on long stem; moderate fragrance. Foliate abundant, medium size, leathery, glossy dark green. Few thorns. Vigorous; profuse and continuous bloomer. One-year plants, 50 cents each.

MRS. CHAS. LAMPLUGH (H. T.)—An exhibition bloom of large size; color of soft lemon; growth vigorous; free flowering; Gold Medal Rose of the British National Rose Society. One-year plants, 35 cents each.

MRS. HENRY MORSE (H. T.)—Bud very large, long pointed; flower very large, high center, double, fragrant, color flesh-green with a sheen of bright rose deeply impregnated and washed vermillion with clear vermillion veins on petals; very vigorous, continuous bloomer; an abundance of bloom. One-year plants, 30 cents each.

MRS. H. R. DARLINGTON (H. T.)—This is also a Gold Medal variety of the British N. R. S. Color creamy-yellow; both free and semi-double; very profuse in form; a good grower. One-year plants, 30 cents each.

NEW COLUMBIA (H. T.) (E. G. Hill Co., 1924.)—Sport of Columbia. Flower true pink, deepening to glowing pink, a little later than Columbia. Is considered one of the best for the bus to open better. All other characteristics like Columbia. (Introductor claims it is identical with Silver Columbia.) One-year plants, 35 cents each.

PHOEBE (H. T.)—This is a fine single, highly colored bloom, carried on long stems. The color is a pale primrose shaded white; the flower is sweetly scented. One-year plants, 35 cents each.

PILGRIM (H. T.)—In color a beautiful shade of bright rose-pink. The color which one could call a peach. A very strong grower, very free blooming, with a strength of growth and durability of bloom which is a Rose of good substance and petalage and at any stage of development is perfect in color and form of flower. Its pronounced tea-tea fragrance will attract many. It is an extraordinarily productive of first quality blooms. The stems are straight and strong and there is no tendency to weaken at the neck. It takes better freedom and quality this makes it a good stock for the store man as it will keep when cut and retain its color and fragrance. It is the pink Rose to grow. One-year plants, 35 cents each.

PIERRE ALLEMOT (H. T.)—A salmon-pink sport of Madame Jenny Gillomont, fine long buds and attractive flowers; same persistent bloomer as its parent; a very promising new rose. One-year plants, 30 cents each.
HYBRID TEA ROSES—Concluded

PREMIER (H. T.)—Already too well known to need description. A magnificent novelty in the class with Russell. Deep rose; fragrant; thornless; free. One-year plants, 35 cents each.

PRESIDENT WILSON (H. T.)—A delightful shade of salmon-pink reminding one of the grand color of Washington, but clearer in tone. Flowers of large size and exhibition quality, freely produced on erect stems. A great Rose. One-year plants, 35 cents each.

PRISCILLA (H. T.)—This new variety has been much admired for its pleasing color of shell-pink, deepening toward the center. Bud long and well shaped. Open flowers, full and double, on long stems. A very handsome, deep green, free from disease. One-year plants, 35 cents each.

RED COLUMBIA (H. T.)—A brilliant scarlet-crimson of exquisitely quiet, a sport from Columbia, semi-double, one of the finest bloomers in existence; produces beautiful foliage in profusion. One-year plants, 25 cents each.

RED GIANT (H. T.)—Good strong grower, a deep rosy-carmine color, extra fine rose. One-year plants, 20 cents each.

RED PREMIER (H. T.)—Sport of Premier. Bud large, pointed; flower large to medium, double, full, high-centered; bright carmine; borne singly on strong stems of medium length; very fragrant. Foliage abundant, large, leathery, rich green; disease-resistant. One-year plants, 75 cents each.

REV. F. PAGE ROBERTS (H. T.)—A fine rose of a vigorous habit, with good shaped blooms which are carried on long stiff stems, and are very sweetly scented. The color is an orange-yellow, becoming lighter at the edge of the petals. It is an excellent exhibition and garden rose. One-year plants, 35 cents each.

SENSATION (H. T.)—Originated by the Jos. H. Hill Co. Parentage: Premier x Hoosier Beauty. Originator's description: "As large and more prolific than Premier. Well supplied with a heavy, luxuriant foliage. The flowers are fine any season of the year. The color is an entrancing shade of red. The bud long-pointed and the open flower beautiful. With moderate size, and good color to the last. The stems are long jointed and strong, with ample foliage. A good keeper and shipper. Properly grown it will produce more dollars per bushel than any other rose today." One-year plants, 65 cents each.

SOUVENIR de CLAUDE PIUS PERNET—A new, clear yellow Rose which has made a tremendous sensation because of its petals. They open up to an unusual size of garden effect. The outer petals sometimes bleach a little, but the flower is sun-yellow until it drops. Bloom is of large size, and in its early stages almost perfectly formed. (Cut early to avoid unsightly center.) Foliage is extraordinarily dark, glossy, and fairly resistant to disease. Growth vigorous and very thorny. $1.00 each.

TEMPLAR (H. T.) (Montgomery Co.; introduced by A. N. Pierson, 1924.)—Bud medium size, globular; flower medium size, double globular, very lasting, vigorous, upright, abundant and profusely blooming. Flowers in new bloom rose, on old in achi. Very strong. One-year plants, 50 cents each.

THERESE ZEIEMER-LAMBERT (H. T.) (Lambert, 1922)—Richmond x Mrs. Aaron Ward. Type, Killarney. Bud large, long-pointed; flower large, full, double high-centered; deep rose, with yellow ground, orange base; borne singly, on long stem; strong fragrance. Foliage, bronze-green; disease resistant. Few thorns. Vigorous, upright, intermittent bloomer; hardy. One-year plants, 50 cents each.

UNA WALLACE (H. T.) (S. McGreedy & Son, 1921)—A fine rose of vigorous, upright growth. The blooms, which are well formed, and sweetly-scented are carried on long stiff stems. A sport of a spire by T. It is a sort of perpetual flower, with a superior light. It will prove invaluable both for exhibition and garden aike. This rose has created quite a sensation. The color is quite distinct from any other rose; a beautiful, soft, even-toned cherry-rose without shading. In depth, formation and substance it is faultless, every bloom coming perfect and quite full. It is one of the finest growers, and remarkably free-flowering. One-year plants, 50 cents each.

WHITE OPHelia (H. T.)—Sport of Ophelia. Resembles Ophelia, but stronger. Bud large, ovoid; flower large, well-formed, semi-double, very lasting, borne singly on strong, average-length stem; strong, sweet fragrance. Color white, with slight pink tinge in center which disappears when bloom opens. Foliage, sufficient, leathery, medium size, rich green. Vigorous upright grower, and abundant and continuous bloomer. One-year plants, 35 cents each.

W. FREELAND KENDRICK (Originally called Bloomfield Endurance.) (H. T.) (Bobbink & Atkins, 1920)—Aviator B. and T. Parentage: Mme. Teisseire x T. Type, Tea. One-year plants, 20 cents each.

WINSOME (H. T.) (E. G. Hill Co.; introduced by Vestal & Son, 1924)—Premier x Hoosier Beauty. Flower large, very double, full, high centered, very lasting, slight fragrance, cherry-rose, borne singly on medium long stem. Foliage sufficient, rich green. Few thorns. Vigorous, abundant, continuous bloomer. About 6 per cent of wood freezes. One-year plants, 35 cents each.

TEAM SCENTED ROSES

Combining Teas and Hybrid Teas.

The original bush Tea-Scented Rose. A variation of the China Rose, was imported from China in 1810. In combination with the Yellow China, or Tea Rose introduced in 1824, it has been the origin of all the splendid varieties we now possess. Tea Roses are distinguished from others by the delightful fragrance of the flowers and by the delicate shades of yellow, nainckeen, salmon, and copper, wanting in Hybrid Perpetuals. They bloom in great profusion during the entire summer and autumn, being especially fine during the autumn months. These are ever-bloomers; half hardy.

The "Excelsior" List of Ever-Blooming Roses

New and Choice for Outdoor Planting or House Culture

Price, one-year plants, 18 cents each, except where noted; No 2-year plants to offer this fall in these varieties.

For general planting, more especially in open ground, this class excels all others. One-year-old plants, such as we send by mail bloom the first and each succeeding year from early spring until severe frosts. Two-year-old plants, of course, yield a greater profusion of flowers, owing to their size. The flowers are noted for their exquisite coloring, and delightful fragrance; hardly anywhere in open ground is it possible to plant in such variety letter,рис., орти, eeven green houghs or similar materials. Plant the blooms of one-year-old Roses, the harvest of the "Excelsior" List of Roses of SPECIAL MERIT

In Ordering Say 'From 'Excelsior' List'

ALEXANDER HILL GRAY—(After Dictation, 1911.) The respect of all Rose lovers warrants the issuing of a champion Rose and a Tea at that, to pay due homage to one of the world's greatest Tea Rose growers. It is wonderfully floriferous, every shoot being covered with a flower by which virtue the double bloom of very large size, great substance and perfect formation, with high pointed center from which petals gracefully reflex. The best and most vigorous of all roses, one yet to be seen. Its color is a solid deep yellow. "Marechal Niel", like lemon-yellow; strongly tea-scented. Gold medal, N. R. S. 20 cents each.

ANTOINE RIVOIRE—This is the famous Mrs. Taft Rose of the fashionable Eastern markets. This Rose is in a class by itself; no Rose ever produced has such substance of petals; color creamy white with rainbow tints; a beauty and a wonder. 20 cents each.

ARCHDUKE CHARLES—Deep carmine, reverse silvery-pink. 20 cents each.

BESSIE BROWN—A Rose of transcendental beauty; of the largest size; color pearly-white with a delicate tinge of fawn. 20 cents each.

BLUMENSCHMIDT—Rich lemon-yellow, often tinged pink. 20 cents each.
The “Excelsior” List of Ever-Blooming Roses—Continued

BRIDESMAID—This is a fit companion for the Bride. It is also planted by the million for winter blooming. *The best deep red Rose.*

BURBANK—Bright pink; a grand bedder; always in bloom.

CATHERINE MERMET—Color a clear rosy-pink and large; fine. *Rosy-pink.*

COLONEL R. C. WILLIAMSON—Satiny-white, with deep rosy-pink center. 20 cents each.

COLUMBIA (II. T.)—This is a new American Rose, grown by the veteran rosarian E. G. Hill. It is a very vigorous grower of a true pink shade, deepening as it ages. The flower is a beautiful one, opening pink, and the petals of this variety is that the shades all become more intense until the full maturity of the open flower is reached, and this color is enduring. 25 cents each.

COPPER ROSA QUINCE—A strong upright grower, flower large and full. Color a bright rich velvety crimson. A grand garden Rose, as it is always in bloom.

DEAN HOLE—Light crimson, shamed salmon, extra fine. 20 cents each.

DEVONIENSIS—Magnolia fragrance; a delicate creamy-white.

DOUBLE PINK KILLARNEY (Scott, 1910.)—The Killarney that will supersede the Killarney now grown. We have confidence in recommending this variety as a distinct improvement over former culture, as it possesses from ten to twelve more petals than its parent. Awarded certificate of merit by the American Rose Society. *One-year plants, 25 cents each.*

DUAL ROSE—White and Pink. A fine sport from White Killarney. A great forcing Rose. *One-year plants 25 cents each.*

DUCHESS DE BRABANT—Bright salmon-pink; an old favorite.

DUCHESS OF ALBANY (Red La France)—A superb Rose. *20 cents each.*

DUCHESS OF WELLINGTON—Intense saffron-yellow; stained red. *One-year plants, 35 cents each.*

ECARLATE—The finest red bedding Rose to date. *20 cents each.*

ELLA (Double)—Floral shade, blended with purple, large, full and of fine form, opening into an enormous bouquet of fragrance; bud elongated, of brilliant velvety crimson color. *One-year plants 25 cents each.*

ETOILE DE FRANCE—For the best red garden Rose it lies between this one, Rhea Reid and Helen Gould. Some say one and some say the other. 20 cents each.

ETOILE DE LYON (Guillot, 1881.)—Bright sulphur-yellow; fine petals. *20 cents each.*

EUROPEAN LADY—Fine deep pink. *20 cents each.*

EUROPEAN ROYALTY (Koehler, 1880)—A charming little rose. *20 cents each.*

EUGENE E. MARLITT—Rich bright crimson with scarlet tones. *20 cents each.*

EVELYN PEMBERTON—Creamy-white, flushed and shaded. *20 cents each.*

FRANCIS SCOTT KEY (H. T.)—It is very fitting that such a fine new Rose should be honored with the name of the author of the national anthem. This is a strong, healthy grower, bearing Baltimore, one of whose forts was being assailed when the inspiration came to the author to write our national anthem. The flowers are a rich deep red, large to very large, with sixty or more petals opening to a high center. The color is a magnificent deep red rose. Wherever it has been staged this Rose has swept all competition, and the accolades poured in this season ofDeep Red has been sent for. *Grand for the garden. One-year plants, 25 cents each.*

FRANK—Born (Alex. Dickson, 1900)—A most beautiful and distinct Rose of very free flowering character. The blooms are produced with great freedom on stiff stems, and are of large size and substance. The color is creamy-buff, lack of petals delicate warm pink; as the petals reflect the color becomes light orange-pink, forming a most charming combination. Value for greenhouse or garden. *20 cents each.*

GENERAL MACARTHUR (Hill, 1905)—A red Rose that is already a fixture in many gardens, particularly does it do well on the West Coast or Gulf Coast. It is a rich scarlet; the only red Rose we know of that will give General MacArthur a chase is Olivia. Be sure and try General MacArthur. It has been sent for by many as the last word of the season. *20 cents each.*

GENERAL ROBERT E. LEE—Orange-yellow; shaded white; grown on long stiff stems. It has proven itself under thorough trial to be an all-year-round forcing variety. *20 cents each.*

GENE further names.

GENERAL SHERIDAN (Hill, 1905)—Color a bright yellow; extra. *20 cents each.*

GERALD HOGARTH (Hill, 1905)—Glorious flowering. Extra. *20 cents each.*

GRUSS AN TELPITZ—Brightest red of all Roses. Extra. *20 cents each.*

HADLEY (H. T.)—Color it is a deep velvety-crimson, retaining its beauty and form the greater part of the year. The variety is double and buds are well formed. The fragrance is excellent only by American Beauty. It is a strong, rapid grower, and the flowers are borne on long stiff stems. It has proven itself under thorough trial to be an all-year-round forcing variety. *25 cents each.*

HELEN GOULD—A rich red Rose that is a great bloomer; the shade of red has been described best as a watermelon-red; elegant. *20 cents each.*

HELEN GOOD (The Beauty Cochet)—What the introducers say. "This is a true Cochet Rose, and after two years’ trial in this garden we place it as a beauty for forcing in pots for the garden even sent out. We bought the entire stock of this Rose, paying $1,000 for two plants, this being fairly, the highest recommended price ever paid for a single color. The petals are young suffused with pink, each petal edged deeper, very chaste and beautiful.” The color, with its immense size and exquisite form, no doubt makes it a very popular Rose. *20 cents each.*

HIS HIGHNESS—Beautiful bright pink flowers; old favorite. *20 cents each.*

HERZOGIN MARIE ANTOINETTE (H. T.)—Very long buds of pure orange or old gold; very large flowers of perfect form. Selected by N. J. Nottebohm, of Zweibrucken, and Duchy of Luxembourg: “This is the finest yellow of all the Rosées.” M. Gladbach; certificate of merit of the German Nurserymen’s Society. *20 cents each.*

HIT PARADE—(The Rose of the Tea Rose era.) This has been introduced, and we are proud to have brought it out.” *20 cents each.*

HOMESTEAD—Beautiful bright pink flowers; old favorite. *20 cents each.*

HYPHEN MAN—Fine pinkish-orange, a distinct variety. *20 cents each.*

JAN KEVERS (H. T.)—One-year plants, 25 cents each.

JONKHEER J. L. MOCK (Leenders, 1910.)—This grand Rose is the strongest growing in the Hybrid Tea class. The blooms, which are produced with the greatest freedom, are carried on stamens and petals. The color is a rich rosy-red, well feathered and highly perfumed. Color clear imperial-pink; a glorious flower. Awarded two gold medals, one silver medal and five first premiums in European shows. European Rose of the year; a most interesting novelty as a most valuable addition. The largest flowers of all Hybrid Teas. A wonderful Rose. *20 cents each.*

KARL SHILOH—August 1910—Awarded Gold Medal by American Rose Society. A Rose that has stood the test of time. Full and double; fine buds and flowers. *20 cents each.*

KILLARNEY (Alex. Dickson, 1880.)—The finest pink forcing Rose ever introduced. In coloring it is especially beautiful, being an exquisite shade of deep seashell pink. The buds and flowers are very free in development, and are perpetually large and one-half inches deep. *One-year plants, 25 cents each.*

KILLARNEY BRILLIANT (H. T.)—The introducers are to be congratulated 16 cents each. The color of Killarney in giving us this distinct novelty, which is undoubtedly the best of the Killarney type. Killarney Brilliant has the same habit of growth as Killarney, but its blooms are more profuse and its flower is more double. The color is a very brilliant pink and varies like Killarney. In the garden in bright weather is clear and in dim light a rich almost crimson. *Extra. One-year plants, 30 cents each.*

KING OF THE YANKEE DYNASTY (T.)—The color of Imperial, 12 cents each. A very bright yellow Rose and choice. *20 cents each.*

LA DETROIT—Shell pink, shading to rose; elegant. *20 cents each.*

LA FRANCE—This is claimed by many to be the queen of all the Roses; bright silvery-pink. *20 cents each.*

LADY ASHTOWN—Deep rose, shading to silver-pink. *One-year plants, 25 cents each.*

LADY BATTERSEA—Long pointed buds of richest red; elegant. *20 cents each.*

LADY BINGGON (Lowe & Sawyer, 1910.)—At the Detroit Rose show in January, 1912, this was awarded the sweepstakes over all yellow Roses. It has long willowy stems that are in no sense weak, as the medal which every prize possess has been sent for. *This is a choice Bud; a splendid scent. 20 cents each. Potted rose. 16 cents each.*

LADY ROBERTS (T.)—The color is a rich golden-yellow, very free flowering. *20 cents each.*

LADY URSULA—Flush-pink; large, full and perfectly formed. *20 cents each.*

LADY URSULA—Soft pink, tinted rosy-white; extra. *20 cents each.*

LAURENT MAGNIFICENT (Sangerhausen)—An extremely vigorous grower, with fine erect branching habit and fine dark-green foliage; long buds are borne on long stems, opening into large flowers of perfect form, just full enough to open freely; color brilliant velvety carmine. A very promising variety; another Rose it will certainly pay you to try. We know it has been sent for by many. *20 cents each.*

LOUIS PHILLIPS—Bright red; very free bloomer.

MADAME ABEL CHATENEAU—Rich rosy-pink, with lighter shaded edges. *20 cents each.*

MADAME CAROLINE TESTOUT (Pernet Ducher, 1890.)—The fragrance of this Rose is in great demand. It is always scarce, but we always do our best to get hold of it. It is slow in propagating. Clear bright satiny-pink, flowers very large and extremely showy; quite distinct. We are the largest growers of this Rose in the world, and never fail to get it. It is the Rose par excellence in Oregon and the Pacific Coast; in fact, it does well everywhere. *One-year plants, 25 cents each.*
The "Excelsior" List of Ever-Blooming Roses—Concluded

MADAME CONSTANT SOUPERT—Deep yellow. 25 cents each.

MADAME JENNY GILLETTE—Saffron-yellow, opening pale-yellow. 20 cents each.

MADAME LOMBARD—Rosy-red, with silver reflex, extra fine. 20 cents each.

MADAME SEBEC KING—A beautiful grand deep pink. 20 cents each.

MADMOISELLE FRANZISKA KRUGER—Deep coppery yellow. 30 cents each.

MADMOISELLE HELENE CAMBIER (Pernet Duchex, 1898.)—A rich and full form, cupped to the double and splendid substance. Small pot plants will in the open ground quickly make large, strong bushes and produce, on long, stiff stems, greyish Rose of Radiance—Beautiful, its color is rich and clear, pink, changing to a silvery rose. As we see it, one good Rose like any other a vehicle of beauty;

MADAME GILLOT—The old standby for a pure white Rose, 20 cents each.

MAIT VANOYETTE—Straw-yellow flushed with crimson. 25 cents each.

METEOR—A grand rich dark crimson; superfine. 20 cents each.

MELODY—Color, pure deep saffron-yellow. Extra. One-year plants.

MRS. AARON WARD—Golden-orange, distinct and beautiful. One-year plants, 25 cents each.

MRS. B. DAVIDS—A rich deep red; large, full and form easily pointed; as they expand they show great depth and richness, sometimes measuring two and a half inches from base to tip. Their perfume is superb when open, extra large, double and splendid substance. Hot pot plants will in the open ground quickly make large, strong bushes and produce, on long, stiff stems, very rich and clear, pink, changing to a silvery rose. 20 cents each.

MRS. BENJAMIN R. CANT—(Benj. Cant, 1901.)—Very vigorous in growth and quite hardy for a Tea, forming bushes of great size and beauty. Flowers are full, globular, well formed and sweetly scented, color deep rose; inner petals soft silvery rose suffused with buff at the base. Exceedingly free flowering and especially attractive in the autumn, continuing in bloom until the frosts close the door on the foliage. Awarded the first prize in the Gold Medal of the National Rose Society of England. 20 cents each.

MRS. CAMPBELL HALL—(Ten.)—Delineate creamy-buff, edged or quartered with white. A Teucer. Very delicate and fragrant. Awarded gold medal, 3-4 ft. 25 cents each.

MRS. CHAMBERS BEALE—Red—(1918.)—This new Rose will appeal to those who grow Roses out of doors. It may be described as a shell-pink Radiance, and is a sport of that well-known Rose. It has the same color as its parent which makes it distinctive from Radiance except that it is shell-pink. Mrs. Chas. Bell, Red Radiance and Radiance offer a range of color that will be welcomed in every garden. Rose for America for these three. One-year plants.

MRS. CHARLES RUSSELL—(H. T.)—This wonderful new American Ever-blooming Rose is well worth a corner in every American garden for America for these three. One-year plants, 50 cents each.

MRS. GEORGE SHAW—Lesson—Bright peach-pink; superb. 20 cents each.

MRS. HENRY WINNET—(H. T.)—This is a seedling raised by John H. Dunlap, of Canada, and has the distinction of being the first rose to bloom on the Florist list. It has been in cultivation in commerce. In color it is a light shade of crimson, not so dark as Hadley, and not so light as Richmond. It is a color that pleases the eye strongly, and it possesses the peculiar characteristic which makes it distinct from Radiance except that it is shell-pink. Mrs. Chas. Bell, Red Radiance and Radiance offer a range of color that will be welcomed in every garden. Rose for America for these three. One-year plants.

MRS. J. PERRY HILL—(T.)—Very clear yellow, glowing pink. 20 cents each.

MILES COCHET—(California Nursery Co., 1906.)—(T.)—Cherry rose, with a lovely lighter yellow; belongs to the Maman Cochets and is a fair better Rose. The flowers are just a trifle smaller, stems better, carrying flowers fairly well. It is a remarkably free bloomer, particularly in the north. It blooms very freely and is a successful compact grower, splendidly as a "Standard" as well as in bush form; a strong grower.

M. PERE VOIVODEROLLE (Schneider, 1892.)—The Yellow Kaisers. This is identical with the Kaisers of Victoria, the peer of any Rose, except in color, being pure white with yellow center. Exquisitely beautiful. One-year plants, 25 cents each.

PAPA GOBELIN—White and very sweet. 20 cents each.

PERLE VON GODESFIELD (Schneider, 1892.)—The Yellow Kaisers. This is identical with the Kaisers of Victoria, the peer of any Rose, except in color, being pure white with yellow center. Exquisitely beautiful. One-year plants, 25 cents each.

PRESIDENT TAFT (McCulloh, 1908.)—This Rose was raised in Cincinnati, the home of President Taft, and let us say right here, while some of you might not admire the President himself, you will, one and all, admire the Rose given his name. It is with a question. It is a rich, rich and rich rose, a flower size, and fragrant. It is a true Red, red and red Rose. It has a shining, intense, deep pink color possessed by no other Rose. It is a fine grower, fine bloomer, good size and form, fragrant and a credit to the center of the bush. This is the very Rose that is probably familiar with more Roses than any man in America, says, "Talk all you want to about the Rose President Taft, and there is not one that will not sell at 2.00 each.

PRINCE ENGLEBERT CHARLES DE ARENBERG (H. T.)—(Soprett & Notting, 1910.) Without doubt the most promising Rose that has been introduced this year. Its flowers are large and very large, and are yellow. They are also in a form, largest size, full and cupped petals. They bloom constantly and is delightfully fragrant. This is a superior Rose.

RED LETTER DAY—Gliding crimson-scarlet.

RED RADIANCE (H. T.)—All who know that grand Rose Radiance, welcome this red form of that great favorite. Radiance is a Rose that does well everywhere; a fine grower and fine bloomer, and no prettier pink Rose grown. Red Radiance is the one choice red Rose to grow. One-year plants; 25 cents each.

RHEA REID (H. L.)—This is the new red forcing Rose; flowers large and cupped, very fragrant, rich dark violet red; a good red garden Rose. The flowers are double, of fine size, while the color is all that is to be desired. One-year plants; 20 cents each.

RICHMOND—Pure red scarlet; very free and continuous flowering; splendid force. 25 cents each.

ROSE OF RADIANCE—(H. T.)—Rose of the very highest merit. A rich red that has come to stay. Might best be described as a bright watermelon-red. Very desirable. One-year plants; 25 cents each.

SAFRANO—The old standby for a winter bloomer; lovely saffron-colored buds of the most delicious fragrance.

SANS ROSES—Snow-white; most profuse bloomer of all Roses. One-year plants; 25 cents each.

SOMBEURL—Pure white tipped delicate pink; hardly a Rose at all, and not a desirable Rose of its color. One-year plants, 25 cents each.

SOUVENIR DE PRES. CARNOT—Grand Rose of the largest size color delicate fawn or salmon; fine. 20 cents each.

SUGAR BEET—The magnificent giant yellow Rose 25 cents each.

THE BEST—Best winter blooming white Rose; planted by millions of growers of flowers for winter bloom. 20 cents each.

THE QUEEN—Beautiful large, pure white flowers. Extra. 20 cents each.

TIPPERARY—(H. T.)—In color stands between Lady Hillingdon and Melody, showing an attractive shade of soft golden-yellow in the bud and half developed flower. Its freedom of flowering and habit of growth is splendid. Very desirable and a great favorite. One-year plants, 25 cents each.

VISCOUNTESS FOLKSTONE—Pure white; faintly tinted fawn. 20 cents each.

W. C. GAUNT (H. T.)—Of medium size, with pointed buds, with naturally reflexed guard petals of brilliant velvety vermilion tip, scarlet. Stems from 2-3 ft. in full growth. An oval, deep green foliage. Rich tea fragrance; rich in color. 20 cents each.

WELLESLEY—Self-pink; very bright in color. Best of the Aurora Borealis. One-year plants, 25 cents each.

WHITE KILLARNEY—Pure-snow-white; extra. 25 cents each.

WHITE LA FRANCE—Pure white with shadeings of fawn. 20 cents each.

WHITE MALMAISON—Pure white, shaded lemon-yellow.

WHITE MAMAN COCHET (No Finer Rose than This)—This Rose came to our attention from the very first time we ever saw it in flower. It is of the largest size, and as you will notice, the flower is built up, round and very double. The color is a pure white—white-throughout. It is a good rose and a good grower, and it adds only to its great beauty. No Rose surpasses it in vigorous growth and in the immense size of its buds and flowers—indeed, none in the market approaches it in size. Deliciously fragrant. 20 cents each.

WILLIAM NOTTING (H. T.)—(Soprett & Notting, 1904.)—This plant is a winner as far as we are concerned. It is very bright, very red, very scarlet, center deeper, sweetly perfumed. It is a grand bedding Rose. 20 cents each.

WINNIE DAISY—A most beautiful Rose. Apricot-pink with white strip. One-year plants, 30 cents each.

YVONNE VACHEROT (Soprett & Notting, 1905.)—Color perfect, cerise-white, strongly marked with pink; long pointed buds of splendid form carried on stiff stems and opening to very large flowers. Awarded the gold medal at the Liège.
Climbing Tea, Noisette and Climbing Hybrid Tea Roses

This class includes some of our most beautiful and valuable Roses. They are unusually free and continuous bloomers, producing flowers of rare and striking beauty. As they are all climbers, they should be placed near porches, pillars or trellises, where they have support. They are hardy in the South.

**Price, except where noted, one-year plants, 18 cents each.**

POLYANTHA, OR BABY ROSES—Concluded

GEORGE ELGER.—A lovely little golden-yellow Polyantha Rose, with a good admixture of Tea Blood; like all of its class, it is free in growth, free in bloom, with small, glossy foliage produced in profusion and on the branches, usually borne in clusters of pretty little symmetrical Roses. Will prove a very popular courage variety; it is grown in quantity now for this purpose.

GRUSS AN AACHEN.—Yellowish-rose colored with salmon-pink and red shading; full, strong, free blooming and disease proof; erect and of moderate growth. Owing to the size and beauty of its flowers and its symmetrical growth, this variety is highly recommended for low, bright masses.

JESSIE.—Bright, cherry-crimson. Superb.

LE PONCEAU.—Dark red in large clusters. 25 cents each.

MADAME JULES GAUCHALT (Turbat. 1913.) (D. P.)—Buds bright vermilion-red, shaded clear orange-red; flowers same, paling to pink with red tips. A popular rose of good quality, and is sending out a large number of new plants of good blooming qualities.

MADEMOISELLE CECILE BRUNNER.—This is the popular Baby Pink Rose. It is also known as Sweetheart and Mignon. In the past year or two this Rose has fairly jumped into popular favor. It is a beautiful Rose on the West Coast, but recently even in the effete East and everywhere in America they are planting it simply by thousands for cut flowers. It has become quite the rage. It makes a handsome miniature Rose, coming in sprays of three to five buds and combines in beautiful effect with so many other flowers in all kinds of floral work. It is a very prolific bloomer and if carefully protected in the winter should be a money-maker, both outdoors and under glass. The buds and flowers are both handsome. Color, bluish, shaded light salmon-pink; distinct and desirable.

MISS EDITH CAVELL.—Bright crimson; white eye; very beautiful. One of the best new Baby Roses. 35 cents each.

MRS. W. M. H. CUTBUSH.—Flowers the delicate pink of Dorothy Perkins.

ORLEANS.—The showiest and prettiest of all the Baby Ramblers. This charming and dainty Rose is of beautiful rounded habit and is a busily showy center of deep cerise or Geranium-pink, with distinct showy center of pure white; florets not crowded, but of beautiful arrangement, making as a whole a charming combination that cannot be beaten. Color is iridescent. Plant grows like a weed, and the flowers are nearly "impermeable" in their lasting qualities. Awarded gold medal.

RED ORLEANS.—Color is brilliant geranium-red, suffused with rose and center white. The flowers come in great masses and show off their true beauty with especial beauty in its way as a pink Rose. The plants send out a large number of new plants of good blooming qualities.

TRIUMPH ORLEANAIS.—Brilliant scarlet. A splendid Rose. Large and free bloomers. One-year plants, 25 cents each.

Perpetual Roses

ARTHUR R. GOODWIN (Per.) (Pernet-Ducher, 1909.)—The color is coppery orange-red, passing to salmon-pink as the flowers expand. A superb combination of color. One-year plants, 25 cents each.

HORTULANUS BUDE (Per.) (From Holland.)—Color, dark red of fine shade. Blooms in great profusion throughout the summer; semi-double, quite flat, just what Rose gardeners greatly desire. One-year plants, 25 cents each.

LOS ANGELES (A. B.) (Howard & Smith, 1917.)—Originators' description: "Los Angeles is, by all odds, one of the finest Roses ever introduced. The growth is very vigorous, and produces an enormous number of flowers. The flowers are of a luminous flame-pink toned with coral and shaded with translucent gold at the base of the petals. In richness of fragrance it equals in intensity the finest Marestial Nicol. The buds are long and pointed and expand into a flower of mammoth proportions, while the beauty of form and ever increasing wealth of color is maintained from the middle to the last petal drop." One-year plants, 60 cents each.

MADAME ALEXANDRE DREUX (Per.) (H. T. and Perpetiana blood).—The sensation of the year as a forcing variety. The raiser says: "Most beautiful yellow rose in existence. Color deep orange, very brilliant, and with touches of bright gold and a light suffusion of pink at times. Buu, long, slender and pointed, opening into a flower of beautiful form, held upright on a long, slender, stiff stem, with good foliage beautifully arranged; bloom, medium size. One-year plants, 50 cents each.

MRS. WILLIAM C. EGAN (Per.)—An extremely vigorous strong healthy grower, with long, pointed buds of absolutely perfect form which develop into flowers of good shape. In color, it is a true salmon pink; the flowers are of a rich deep salmon and have an interior deep flesh color with a golden line at the base of the petals; the flowers are carried on long stiff stems, and last in good condition for an unusually long time, either cut or on the plant; an exceptionally free and continuous bloomer. One-year plants, 35 cents each.

MISS LOLITA ARMOUR (Per.) (Howard & Smith, 1910)—Bud medium size, globular; flowers very large, cupped, double, borne several together on long stems; very lasting; very fragrant. Color, chrome-yellow at base, shading to burnt orange and copper; reverse of petals chrome-yellow at base, shading to bright salmon, with bright golden suffusion; passes to lovely shade of shrimp-pink and copper with age. Foliage abundant, leathery, glossy bronze-green, large. Growth very vigorous, bushy, upright; abundant bloomer. Silver Medal. One-year plants, 45 cents each.

PRESIDENT CHERIOUX (Per.) (Pernet-Ducher, 1922.)—One of the most beautiful of this season's varieties of Mr. Pernet-Ducher, a beautiful shade of prawn-red and salmon-pink shaded with yellow, large full, splendulously formed, globular flowers, a strong vigorous grower and very free flowering. One-year plants, 35 cents each.

WILHELM KORDES (Per.) (Kordes, 1922.)—Gorgeous™ x Adolph Kordes. Bud large, long pointed; flower large, double, full, high-centered, very lasting; golden yellow, with coppery yellow at edges and on petals exposed to the sun; borne singly on long, strong stems; strong fragrance, like ripe apples. Foliage sufficient, medium size, leathery, glossy, disease-resistant. Vigorous, upright bushy, abundant and continuous bloomer. One-year plants, 35 cents each.

The Newer and More Scarce Hybrid Roses

AMERICAN BEAUTY.—Color red, with touches of crimson, and intensely fragrant. No Rose has a sweeter or more penetrating fragrance than American Beauty. A most beautiful Rose and a great favorite. One-year plants, 45 cents each.

FRAU KARL DRUSCHKI (White American Beauty)—This grand hybrid has the same fragrance as the original. It is the very type of its class, and the best snow-white Rose ever introduced. It is an extraordinarily strong grower, and has the vigor and habit to equalize the best of other varieties. There is nothing less than glorious—immense in size and produced with great freedom. Color is a marvelous white, without a tinge of yellow or any other shade. A true paper-white, the standard by which all white Roses are judged. We grow "White American Beauty" literally by the thousand. One-year plants, 30 cents each.

GEORG DICKSON.—Velvet black, scarlet-crimson. With brilliant scarlet reflexed tips, with heavy and unique pure crimson maroon veining on reverse. 25 cents each.

HIS MAJESTY (The King of Roses)—Dark, deep crimson; superb. Mr. Crowell, the noted rosiarian, says the best of all red Roses. 20 cents each.

HUGH DICKSON.—Intense velvety crimson, shaded scarlet. 25 cents each.

J. B. CLARK.—An intense deep scarlet, shaded black. 25 cents each.

MRS. JOHN LAING.—Immensely size; bright shell-pink. 25 cents each.

PINK AMERICAN BEAUTY, or GEORGE AHRENS—This is a marvellous new Rose, just as fine as the pink Rose as White American Beauty is as a White Rose. Extra fine; brilliant clear pink. One-year plants, 35 cents each.
Standard Varieties of Hybrid Perpetual Roses

HARDY EVERYWHERE

Price, one-year plants, except where noted, 25 cents each.

ANNE DE DIESELAC—(Glory of Paris)—A lovely carmine-rose. 30 cents each.

BLACK PRINCE—A rich, brilliant dark crimson. 30 cents each.

CAPTAIN CHRISTY—Delicate salmon-pink, because of sulphur at the base of petals—a combination that is both novel and beautiful. The flowers are of remarkable substance and long lived, and either cut or left to remain upon the plant and are pleasantly perfumed. It is very much brighter and more cheerful in color with larger flowers than those of the justly popular Dr. Van Fleet Rose. One-year plants, 25 cents each.

CHRISTINE WRIGHT—A rich, brilliant orange. 30 cents each.

CLIO—Delicate flesh, with center of rosy-pink. 20 cents each.

EUGENE FUEREST—Deep red shaded crimson; fine. 20 cents each.

GENERAL JACQU EMINOT—Known as “General Jack” shining crimson. 20 cents each.

GLOIRE LYONNAISE—Pale shade of chamois or salmon-yellow. 30 cents each.

HEINRICH MUNCH—Soft pink, very large and full; vigorous, for forcing in pots and for garden culture. Took the sweepstakes prize at the Boskoop Rose Exhibition in 1913. This is without doubt the finest of all Hardy Pink Roses. It is a true Hardy Pink Rose. Don’t fail to try this rose. One-year plants, 30 cents each.

AMERICAN PILLAR—The flowers are enormous size, three to five inches across, and very fragrant. Blooms—blue and bluish—green, a clear white eye and center of yellow stamens. These flowers are borne in immense bunches. They last in perfection a long time, and are followed by brilliant red hips. Dormancy is perfect, and are carried late into the winter. One-year plants, 35 cents each.

AUNT HARRIET—(H. W.)—New, 1918. (Originated by the famous Rose-hybridizer, Dr. W. Van Fleet, and introduced, 1918, by the Farm Journal, Philadelphia.)—In full bloom it is amply fine with its masses of dainty scarlet crimson Roses riding every branch. The bright effect is intensified by the pure white centers and brilliant golden anthers which shine out when the flowers are forced. Awarded Certificate of Brightness, American Rose Society. One-year plants, 18 cents each.

BESS LOVETT—Reembles Climbing American Beauty in shape of bloom, but is very much brighter in color and much more fragrant. The flowers are clear, bright red of cupped form, four to six inches in diameter; double, fully cupped form lasting a long time in good condition. Beautiful in bud and bloom and the most fragrant of the Climbing Roses. Covered with rose colored blooms. Large globular foliage, like that of Silver Moon, greatly enhances the beauty of the flowers. One-year plants, 18 cents each.

BIRDIE BYLE—One of the freest blooming hardy Climbers. Bushes here bloom five or six times each season. Perfectly hardy everywhere. Good growing color. Foliage bright glossy green and free from insects or disease. Blooms full and double, quite cup-shaped with fragrance in the cup, and over 3 inches in diameter. Color a bright carmine. Awarded Certificate of Brightness, American Rose Society. One-year plants, 18 cents each.

CHRISTINE WRIGHT, or PINK CLIMBING AMERICAN BEAUTY—This is identical with the red Climbing American Beauty. 20 cents each.

CLIMBING AMERICAN BEAUTY—Same color, size and fragrance as American Beauty, with the addition of the climbing habit. Good foliage and better blooming qualities. One plant of this new Rose will produce as many flowers in June as the old American Beauty, besides blooming occasionally during the summer. Blooms three to four inches across; has proved perfectly hardy and stands heat and drought as well as any Rose in our collection. One-year plants, 30 cents each.

JUBILEE—A pure crimson, with shadings of maroon; a grand Rose from every point of view. MADAME CHAS. WOOD—Cherry-red; free bloomer.

MADAM MASSON—Bright rich crimson; a gem. 20 cents each.

MADAME PLANTIER—This is the ironclad white cemetery Rose. 20 cents each.

MAGN CHARTA—Clear, deep pink, flushed rose. 20 cents each.

MARSHALL P. WILDER—Scarlet-crimson, richly shaded maroon. 20 cents each.

PAUL NEYRON—Deep rose or bright pink; large. 20 cents each.

PRINCE CAMILLE DE ROHAN—Deep rich, velvety crimson. 20 cents each.

ULRICH BRUNNER—Glowing crimson flame with scarlet.

The New Hardy Climbing Roses

HARDY EVERYWHERE

ALIDA LOVETT—Both buds and flowers are large, are of ideal form, and held on stiff stems a foot and a half to two feet long, and are velvety crimson, a perfect mimic of the Climbing Lady’s Slipper Rose. 20 cents each.

AMERICAN BIRD—Deep rose. This is a new and very beautiful variety. It is not sold for commercial purposes. 25 cents each.

ANNA B. CRABB—(H. W.)—New, 1918. (Originated by T. N. Cook and introduced, 1918.)—Color a deep, bronzy rose. One-year plants, 25 cents each.

ANTONIE—Der Schweizer—Vigorous, hardy, and floriferous. Bright crimson. 20 cents each.

ARISTA—(H. W.)—New, 1918. (Originated by T. N. Cook.)—Attractive and free flowering. The flowers are red and the foliage is dark green. One-year plants, 25 cents each.

BRISSAC—(H. W.)—New, 1918. (Originated by T. N. Cook.)—A crimson beauty. The flowers are borne in masses and are very fragrant. These plants are blooming in May. One-year plants, 25 cents each.

CLIMBING COLUMBIA—(H. W.)—One-year plants, 25 cents each.

CLIMBING FRIEDRICH—an old-time favorite. One-year plants, 25 cents each.

COLONIAL ROSE—(H. W.)—New, 1918. (Originated by T. N. Cook.)—A crimson beauty. The flowers are borne in masses and are very fragrant. These plants are blooming in May. One-year plants, 25 cents each.

CORONATION—(H. W.)—A lovely Rose blooming with Wichuri a when planting on banks or terraces. Makes beautiful sprays of exquisite crimson-scarlet flowers, with a dainty flake of crimson at the base of each petal. One-year plants, 25 cents each.

DR. HUEY—Bud medium size; flower medium size (about two inches in diameter), semi-double (15 petals) to single, borne in clusters of 3 or 4 on good stems; lasting. Color dark crimson-maroon, quite large, with a fragrance that is always distinguishable. Foliage medium green; young growth reddish-brown. Blooms continuously for three weeks. One-year plants, 20 cents each.

DR. W. VAN FLEET—Flowers when open run four inches and over in diameter. The center is built high, petals beautifully undulated and cupped. The color is a remarkable delicate shade of flesh-pink on the outer surface; deepening to a rosy-desh in the center. One-year plants, 20 cents each.

EMILY GRAY—(B. R. Cant & Sons)—A new yellow climbing Rose with glossy, undulated, holly-like foliage. The buds are large and the flowers of the plant are large and perfectly formed, making a valuable acquisition. Needs winter protection north of Washington, D. C. 25 cents each.

EUGENE JULIUS FRESCATI—(H. W.)—Fragnant, cherry red flowers, borne very freely in very large clusters, lasting unusually long when cut. A fine climber and one of the very best for forcing in pots, surpassing all others at the 1924 National Flower Show. One-year plants, 25 cents each.

FREEDOM (Climbing White American Beauty.)—(H. W.)—Silver Moon x Kaiser August Victoria. A hardy disease-resistant variety, similar to Kaiser August Victoria, but of more vigorous growth and greater freedom of bloom. It is much more double than Silver Moon, with but a single flower to a stem. Has excellent keeping qualities. One-year plants, 30 cents each.

GARDENIA (The Hardy Marechal Niel)—This grand Rose has proven itself hardy in Virginia and Tennessee. It is a deep golden-yellow of the largest size. One-year plants, 18 cents each.

GOOD FINCH—A deep golden-yellow climbing Rose, called by some the Yellow- thousand Beauties; a glorious Rose. One-year plants, 30 cents each.

HEART OF GOLD—A new one-year plant. (H. W.)—(Originated by Dr. W. Van Fleet.)—R. Wichuri ana X R. Moyesi. Bud medium size; flower medium size, single, open, lasting, crimson shading to white. Blacker with yellow stamens, borne in clusters on medium-length stems. Foliage abundant, medium size, rich green, glossy. Vigorous (10 ft.), trailing, profuse bloomers for four weeks from May and June. Very hardy. One-year plants, 75 cents each.

JEAN GIRIN (Ward’s Favorite)—The flowers are similar in form and color to the American Beauty. One-year plants, 25 cents each. This Rose is that after giving a mass of bloom in June, like the other climbers, it blooms again. This Rose was one of the last of the Best and Award winners, and was the Rosarian of the Year. It is the plant which produced more flowers during the summer and fall. One-year plants, 20 cents each.

WRIGHT, The Woman Florist, SPRINGFIELD, OHIO
THE NEW HARDY CLIMBING ROSES—Concluded

MARY LOVETT—In this Dr. Van Fleet has brought out another Wichurana Hybrid, a cross between a seedling Wichurana and Kaiserin Augusta Victoria and termed "Mary Lovett." This Rose has done well since 1916, and is strongly recommended. Losses foliage early. One-year plants, 20 cents each.

MARY WALLACE (W.C. 1924)—Hardy Pillar Rose type. Makes a fine, strong, self-supporting Rose 6 to 8 feet high, with large, glossy foliage, resistant to all diseases. Blooms with great freedom in spring, and bears a considerable number of fine buds in summer and fall. Flowers well-formed, semi-double, bright, clear rose-pink, with salmon base to the petals. Largest in size of any Wichurana hybrid, often exceeding 4 inches in diameter. Stock is limited. 50 cents each.

PAUL’S SCARLET CLIMBER—The flowers of this superb Rose are 6 inches across, with clear scarlet petals. Named for the late Paul de Lussac of England. A new shade in Climbing Roses. One-year plants, 35 cents each.

PRO C. S. RAIANA (H. C.)—A pillar Rose, giving delicate buff, fragrant flowers of medium size, and of a distinctly dainty expression. One-year plants, 35 cents each.

RED DOROTHY PERKINS—One of the most beautiful deep pink with curled edges. This Rose is named after the sister of Dr. F. H. Perkins. A very double Rose, produced in large trusses of thirty to forty, and almost every eye on a shoot produces large clusters of flowers. The color is intense crimson, the petals of the petals tinged with scarlet. One-year plants, 30 cents each.

ROSE OF CHERRY BLOSSOM—A lovely one-year Rose of large size, produced in trusses of twenty to thirty, is from the introduction of a cherry blossoming. One-year plants, 25 cents each.

ROSE OF PARIS—This variety produces masses of flowers in large clusters. The color is a soft light pink, with a narrow, deep red shadings in the center. Enormous lateral branches are produced abundantly. One-year plants, 25 cents each.

SOFT CORAL CLIMBER—One of the finest purple-pink flowering variety of Climbing Roses. Very strong growth, with large, glossy foliage. One-year plants, 20 cents each.

TAUSENDSCHÖN, or THOUSAND BEAUTIES—A Climbing Rose that comes to us from Germany. The flowers upon first opening are the most delicate shade of pink ever seen in a Rose; might be described as a white delicate flushed pink, changing to rose-carmine. It gets its name from its many flowers and the variation in coloring. This Rose is sweeping the country like a prairie fire. One-year plants, 18 cents each.

THE JACOBOUS & R.K. LOVE—This is a splendid pillar Rose. Flowers bright fiery red with white eye somewhat in the style of American Pillar, but brighter, semi-double and single flowers produced in great quantities, different and effective. One-year plants, 75 cents each.

VEILCHENBLAU (The Wonderful New Blue Rose)—This is a Rambler, and will thrive anywhere, being perfectly hardy. It has created a great stir in the Rose World, for the talk of a Blue Rose has been going on since time immemorial. It first opened a pink bud, Queen Victoria, and then blossoms to a deep blue. When the plant is in full bloom it presents a startling effect. One-year plants, 18 cents each.

VICTORY (Wich.) (Praed, Cant & Co.)—This is a very lovely shell-pink, colored rose of the Lady Godiva type. A vigorous grower, with large, upright trusses of bloom, lasting well, it will soon become one of the most famous and effective Roses. This variety is a large vase, was quite one of the features of the tent. It has also been awarded the Cory Cup as the best new seedling of climbing roses introduced in America during the year. In Commerce. One-year plants, 75 cents each.

---

### Hardy Climbing Roses, Including Ramblers

**AVIATEUR BLERIOT**—Saffron-yellow; golden center. 25 cents each.

**CLIMBING BABY RAMBLER**—Bright red; blooms all the time. 18 cents each.

**CRIMSON RAMBLER**—The flowers are in huge red panicles.

**DOROTHY PERKINS** (Perkins, 1902.)—A most beautiful deep pink; the flowers are borne in large clusters of small double blooms and are very sweetly scented; quite first class. Another Rose, quite similar, is the "Dorothy Perkins." One-year plants, 25 cents each.

**EVERGREEN HEM** (H.W.)—In small clusters, medium size, full, very fragrant, good form, short to medium stem. Growth weak, hardy. Fine foliage, but sparse. Buff-yellow, fading to white. 30 cents each.

**FLOWER OF FAIRFIELD**—The everblooming Crimson Rambler. 25 cents each.

**FORTUNE’S DOUBLE YELLOW, or BEAUTY OF GLAZENWOOD** (Fortune, 1845) (H. N.)—Yellow, barked with crimson. The great Rose of Paris, and more it is seen at its best although suited for general planting. 20 cents each.

**HIAWAHTA**—Brilliant ruby-carmine with clear white eye. 35 cents each.

**LADY GRAY**—Very double, deep pink, in large clusters. 30 cents each.

**WHITE DOROTHY PERKINS**—Pure white, in immense clusters. 30 cents each.

**YELLOW RAMBLER** (Aglaia)—Light lemon-yellow. 18 cents each.

### Moss Roses

These are probably a sport of the Cabbage Rose. The origin of the Double Moss Rose is left to conjecture. They have always been favorites, for what can be more elegant than the bud of a Moss Rose, and more delicious than its fragrance? Perfectly hardy.

**Price, one-year plants, 20 cents each, except where noted; no 2-year to offer.**

**ELIZABETH ROWE**—This is a favorite with its large deep pink buds well mossa. A beauty.

**HENRI MARTIN**—Large, full flower of deep red; well mossa; fragrant.

**MISS SHELLEY**—Pure white flower, buds heavily and beautifully mossa. 25 cents each.

**PRINCESS ADELAIDE**—Deep blush-pink, with buds that are thoroughly mossa. 25 cents each.

### Miscellaneous Roses

#### Under this heading are listed all the Roses not embraced in the different families or types that we name in the preceding pages; no two-year to offer.

**AMOENA, The Pink Flowering Cherokee Rose**—The flowers are the same as the White Flowering Cherokee Rose, except that the color is not white, but pink with a golden-yellow center. Resembles huge apple blossoms. One-year plants, 20 cents each.

**CONRAD F. MEYER**—Clear, flesh-pink; 4 inches across. 20 cents each.

**F. J. GROOTENDORST** (H. Rug.) (P. J. Grootendorst & Sons, 1918; disseminated in U. S. by A. N. Pierson, Inc., 1920)—Rosa tubaeformis Rubra, Rubra Tuberous Rambler. Type, Rugosa foliage, Polyanthia flowers. Bud small; flower small, open, double, borne in clusters on average length stems; very lasting; slight fragrance. Color bright red, edges of petals serrated like those of a chrysanthemum. Stock is limited. 25 cents each.

**CHEESECAKE DE FELICITATION**—Yellow and coppery tints. 25 cents each.

**NEW CENTURY**—A grand Rose that is entirely hardy, bearing beautiful silvery pink flowers in clusters. This Rose is in bloom all the time. 20 cents each.

**NOVA ZAMBIA**—The pure white Conrad F. Meyer. 25 cents each.

**LEAVIGATA, The Single White Cherokee Rose**—This is the famous Cherokee Rose so well known in California. Large pure white flowers with red anthers, with golden-yellow anthers. One-year plants, 20 cents each.

**PAUL NOEL**—Red buds opening to salmon-pink. One-year plants, 25 cents each.

**SIR THOMAS LIPTON** (Conard, 1905.) (R.)—The best pure white Rugosa Rose, strong and vigorous; grows four feet high. Plants perfectly double; pure snow-white. Fragrant. 18 cents each.

**WICHURANA, or MEMORIAL ROSE**—It is difficult to conceive anything more appropriate, beautiful and enduring for covering graves and plots in cemeteries than the Hardy Memorial Rose. It creeps along the ground as closely as an Ivy. The flowers are produced in profusion from early July to late in August. They are single, pure white, with a golden-yellow disc, five to six inches in circumference. It is also immensely valuable as a Climbing Rose, covering arches, fences, etc. One-year plants, 18 cents each.

**WHITE BANKSIA, or LADY BANKS**—Pure white; violet fragrance. One-year plants, 18 cents each.

**YELLOW BANKSIA, or LADY BANKS**—Deep yellow; violet fragrance. One-year plants, 18 cents each.
Abelia Grandiflora
Fine for Hedges or Around Foundations and Porches.

This is one of the prettiest of all shrubs. Has small shiny leaves like they were glazed. Bears its bell-shaped pure white flowers in the greatest profusion all summer long, deliciously fragrant. This shrub is perfectly hardy south of Kentucky, but should be planted in a protected situation in the northern sections of our state, where it is known. We would advise our customers in the South to plant this shrub for hedges. 23 cents each; 3 for 65 cents; 12 for $2.40; $18.00 per hundred.

Acalypha Sanderi
The Comet plant. 28 cents each; 3 for 60 cents; 12 for $3.00.

Aloysia Citriodora
Lemon Verbena.

This plant has the most fragrant foliage of any plant grown. The fragrance is that of the Lemon. 23 cents each; 3 for 65 cents; 12 for $2.40.

Anthericum Mandayana
Yellow and green foliage. 23 cents each; 3 for 65 cents; 12 for $2.40.

Anthericum Vitata Variegatum
A most beautiful foliage plant that is very desirable for vase, box or basket work. Foliage is green and white; very showy. 23 cents each; 3 for 65 cents; 12 for $2.40.

Asparagus Plumosus Nanus
The Lace Fern.

This graceful climber has to a great extent taken the place of the once popular Smilax in all fine decoration. It possesses the advantage of being much more graceful—its foliage being finer than that of the most delicate Fern—and it will last for weeks after being cut, the whole plant being of a bright, cheerful green. Excellent house plants, succeeding under almost any conditions; by pinching back may be grown as a plant. 23 cents each; 3 for 65 cents; 12 for $2.40; large, strong plants, 40 cents each.

Asparagus Sprengeri
The Emerald Feather Fern.

A most desirable species, especially useful to grow as a pot plant for decorative purposes or for planting in baskets or vases. Fronds are frequently four feet long of a rich shade of green, and most useful for cutting, retaining their freshness for weeks after being cut. It will make an excellent house plant, as it withstands dry atmosphere and will succeed in almost any conditions. 23 cents each; 3 for 65 cents; 12 for $2.40; strong plants, 40 cents each.

Australian Silk Oak
(Grevillea Robusta.)

A splendid Ferny-leaved, evergreen plant (not a true Oak) which should be grown by everybody, as it makes a magnificent pot plant for all sorts of decorative purposes. In conjunction with Palms and Ferns, or in an ornamental collection of house plants, including dark greens, it at once striking and graceful. The dust, heat and gas of living rooms has no visible effect on it, and it will thrive where a Gernium will exist. It is as decorative in Pot as it is in the ground and makes a fine specimen in one season. In the open ground in Florida and the South, it makes a superb lawn or street tree, growing with wonderful rapidity and to a great size, producing a profusion of golden-yellow flowers which are exceedingly rich in honey, and attract bees through several months of the year. Price of fine pot grown plants, 25 cents each; 3 for 65 cents; 12 for $2.40.

Flowering Begonias
These Begonias are fine for house culture, as all will flower during the seven or eight days of winter, except where noted, 23 cents each; 3 for 65 cents; 12 for $2.40.

ALBA PICTA—Long, pointed, slender leaves, thickly spotted silvery-white; foliage small, elegant; lovely pink flowers.

ALBA PERFECTA GRANDIFLORA—The foliage resembles the well-known Begonia. This variety has white flowers, but the flowers are pure white, and borne in immense clusters.

ARGENTEA GUTTATA—Lovely green foliage, with spots of silvery-white.

BABY RUBRA (Picta Rosa)—A wonderful free-growing Begonia of sterling worth and great beauty. The plant is very compact in growth, forming a dense, well-proportioned bush with rich green foliage, spotted with silver. White; the color is a rosy-flesh color, shaded with a silvery-pink and enlivened with dense clusters of yellow anthers. One of the most wonderful flowering Begonias within our knowledge. In blooms continually.

CHATELAINE SUPREME (New Everblooming Flowering Begonia)—Once blooming variety known; of easy culture, low bushy habit, and literally covered the entire year with a wealth of beautiful Christmas red flowers, with yellow stamens. It well merits the name of Ever-Blooming Begonia. 33 cents each; 3 for 95 cents; 12 for $3.60.

CORALLINE LUCERNE, the Wonderful New Flowering Begonia—This new Begonia has simply taken everybody by surprise. It has been watched and has seen it by storm. There was not a single lady or florist who visited our greenhouses the past spring that did not purchase this variety after they had seen it in flowers. It has captured the fancy of the world. The blooms last from a month to six weeks, and are borne in immense clusters, almost hiding the plant. The color is bright coral-red, changing to bright pink. It is past the power of speech to describe it. A wonder. Fine plants, 33 cents each; 3 for 95 cents; 12 for $3.60.

FEASTI—A low, spreading Begonia, with perfectly circular leaves, red beneath and dark, glossy-green above, and of heavy texture. The finest pot Begonia we have for house culture. Don't fail to try it.

MRS. PATTEN (New Everblooming Flowering Begonia)—This new Begonia is undoubtedly the finest blooming variety known. It is of easy culture, low, bushy habit and literally covered the entire year with a wealth of dark pink flowers with yellow stamens. It well merits the name of Ever-Blooming Begonia. This variety is especially suited for florists, being of the Chateleine type of Begonia and one that can be handled by everyone.

MRS. TOWNSEND—Broad foliage; profusion of pink flowers.

RUBRA—If you can have only one Begonia, let it be a Rubra, for it will prove a constant delight. It is so fast growing that it will in a year or two reach the top of your window, sending up heavy, stiff branches, an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy, waxen leaves and pendant panicles of coral-colored flowers as large as a hand. Medium-sized plants are frequently seen with more than twenty such panicles at a time. It is one of the most wonderful plants within our knowledge.

SANDERSONI (The Coral Begonia)—One of the best flowering Begonias. Flowers of a scarlet shade of crimson, borne in profusion for months at a time. Resembles coral.

THYRSOONI—Metallic-green leaves, shell-pink flowers. 28 cents each; 3 for 60 cents; 12 for $3.00.

Large Leaved Begonias
Rex or Painted Leaf.

Rex Begonias are grown exclusively for the great beauty of their foliage, which is large and beautifully variegated, a peculiar silver, metallic gloss. They make excellent pot plants, and are also effective for bedding in shady corners. We make a specialty of this variety among our family of plants. They require a light soil, and rising beside them will grow strong, slender branches, gracefully drooping under heavy, waxen leaves and pendant panicles of coral-colored flowers as large as a hand. Medium-sized plants are frequently seen with more than twenty such panicles at a time. It is one of the most wonderful plants within our knowledge.

Star Begonia
(Ricinifolia.)—So called from its likeness to the Ricinus, or castor oil plant. The flowers are large, usually eight, and grouped into seven or nine large points, carried on thick heavy stems; color a rich green, with reddish markings; surface velvety. In bloom, it is magnificent; the petals are pink, the center bright pink, surrounded with seven or nine pink rose-buds. 30 cents each; 3 for 95 cents; 12 for $3.25.
GENERAL COLLECTION OF TENDER PLANTS—Continued
Browallia Gigantea

Flowers intense indigo-blue. 23 cents each; for 65 cents; 12 for $2.40.

Brugmansia or Angel’s Trumpet

Here is a plant for the masses. It grows easily, blooms freely, and the flower is something to be proud of. The Brugmansia blooms indoors in winter and in the garden in summer. The plant has large, tropical leaves, inches long, by six inches wide at the mouth, resembling a trumpet, hence the name “Angel’s Trumpet.” Pure white in color, and as fragrant as a rose.

Fine plants, 30 cents each; for 85 cents; 12 for $3.25.

BEAUTIFUL CANNAS—Standard Varieties

Cannas are called the poor man’s Orchid because one may possess a perfect riot of color in his yard or garden for the minimum of both outlay and labor. They grow rapidly and bloom luxuriantly throughout a long season, requiring merely ordinary hoeing and weeding, and they always respond to plenty of water. Soak the ground thoroughly. Planted in beds of any formal shape, in rows or in front of porches and foundation walls, their rich, tropical foliage and bright bloom will repay their care and the insignificant trouble of winter storage. Cannas are among the most popular and magnificent of the summer blooming plants and seem to do equally well in all sections of the country. Cannas are gross feeders; they need a generous amount of fertilizer and in dry weather should be watered freely. For best results they will bloom large blocks, say 2 feet apart, allowing each plant room for individual development, will make a marvellous showing in any planting plan.

Plant Cannas by the dozen and the hundred, there is nothing more attractive for bedding purposes.

THE PRESIDENT—Height four feet. In color, a rich, glowing scarlet and the immense, firm, rounded flowers, 7 inches across when open, are produced on strong, erect stalks well above the large, rich, green foliage. The President is superior to any other red variety in the quantity and beauty of quality of them, and the firm flowers resist drought and heat to a remarkable degree. A large bed of this variety was planted last year on the grounds of the Washington Monument, Washington, D.C. Another “President” Canna bed was on the Garden Pier at Atlantic City, while several more were to be seen in the largest public parks in this country, where these beautiful flowers received the unqualified admiration of every Canna lover. Naturally a tremendous demand has been created. We consider this the best red Canna ever sent out. 25 cents each; three for $1.75; twelve for $2.65; one hundred for $20.00.

ALLEMANIA—Ground color yellow, heavily dotted and overlaid with blood-orange. Five feet. 20 cents each; three for 55 cents; twelve for $2.00; one hundred for $16.00.

AUSTRIA—Pure yellow with crimson markings in throat. A beautiful shade; the color of light. Pure red and one-half feet. 20 cents each; three for 55 cents; twelve for $2.00; one hundred for $16.00.

KING HUMBERT—In this grand Italian Canna we have a combination of the highest type of flower with the finest bronze foliage. Its flowers, which under ordinary cultivation will measure six inches in diameter, and which are produced in heavy trusses of gigantic size, are of a brilliant orange-scarlet, with bright red markings, while the foliage is broad and massive and of a rich coppery bronze with brownish-green markings. Five feet. 20 cents each; three for 55 cents; twelve for $2.00; one hundred for $16.00.

MEMENTO—Ivory pink, two feet. 20 cents each; three for 55 cents; twelve for $2.00; one hundred for $16.00.

NANCY—Ivory yellow, one-and-a-half feet. 20 cents each; three for 55 cents; twelve for $2.00; one hundred for $16.00.

SERENADE—A medium reddish pink, one-and-a-half feet. 20 cents each; three for 55 cents; twelve for $2.00; one hundred for $16.00.

SECRETAIRE CHABANNE—(Green) A distinct and pleasing salmon, a fine bedder. Three and one-half feet. 20 cents each; three for 55 cents; twelve for $2.00; one hundred for $16.00.

UNCLE SAM—The most stately of all Cannas; bears three or four enormous bunches of bright orange-canyary-yellow flowers on each stalk. Received an award of merit from the Royal Horticultural Society of England. Six feet. 20 cents each; three for 55 cents; twelve for $2.00; one hundred for $16.00.

WILLIAM BATES—A light canary-yellow, fine bloomer. Four feet. 20 cents each; three for 55 cents; twelve for $2.00; one hundred for $16.00.

CARNATIONS THE DIVINE FLOWER PINKS

For beauty of flower and color, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well called the “Divine Flower.” Plants in the open ground, or in pots quickly make large specimens, and when brought indoors in the fall produce an abundance of bloom that can be enjoyed throughout the winter. Carnation blooms are expensive; don’t buy them—grow them yourself. Pinch the plant back frequently during the summer season. In the fall bring indoors, place in a four or five-inch pot, keep in temperature of forty or fifty degrees at night, and they will yield an immense number of flowers with splendid stems, as fine as those sold by florists. If not pinched, the plant will put forth large leaves, and bloom profusely during the summer. We offer the finest varieties in existence. Your order is incomplete without some Carnations.

We have the following shades to offer; Red, White and Pink.

Early Large-Flowering CHRYSANTHEMUMS

SEE PAGE 27 FOR OUR LIST OF HARDY MUMS.

So many persons have asked for varieties of Chrysanthemums that would flower before frost comes in the fall. We here offer the very best early blooming mum that can be obtained. Those listed below are in bloom in July.

ADVANCE—The earliest flowering large white has been in bloom in July.

EARLY SNOW—The earliest of all white “Mums.” Superb.

ESTELLE (or Polly Rose)—Pure snow-white; literally covers the plant.

GLORY OF THE PACIFIC—A lovely shade of brightest pink; large and fine.

MONROVIA—By far the best; very early; yellow, rich and fine.

OCTOBER FROST—Pure snow-white; fairly glistens in its purity.

ROBERT J. HALLIDAY—This is a glorious flower, of burnished yellow.

ROY—A splendid bronze-yellow.

YELLOW ADVANCE—By far the best; very early; yellow, rich, and fine.
GENERAL COLLECTION OF TENDER PLANTS—Continued

Prize Winning Chrysanthemums

SEE PAGE 37 FOR OUR LIST OF HARDY MUMS.

Those are hardy in the South and in the Middle States if given a good protection through the winter with leaves or straw. Chrysanthemums deserve a place in every garden, coming as they do after the Summer flowers have begun to wane, and continuing to bloom profusely in most places until well into November. The cultivation of these Mums is simple: Plant them in a rich, well-drained piece of ground, setting out the plants a foot apart and pinching them once or twice during the months of May or June. They will branch out and make beautiful bushes and give the cultivator more return for the labor expended than any plant in the garden. There is a place for 'Mums in every garden in America. The following varieties are the cream of all the 'Mums to date.

BLACK HAWK—An extra fine deep crimson variety of the largest size; none finer of its color.
BRONZE BEAUTY—Beautiful bronze color; reverse yellow.
CHARLES RAGER—Pure white, incurved. Perfect flower.
CHIEFTAIN—The most popular pink; good in every way.
CHRYSOLORA—The best yellow for early October.
CLEMENTINE TOUSET—The most wonderful of all white "Mums," Pure snow-white, often flushed pink; of immense size.
COLONEL D. APPELTON—One of the best yellows for commercial and exhibition use.
DOLLY DUMPLING—A fine large built variety. White tipped pink.
DR. ENGUEHARD—Bright rose-pink; extra fine.
ELIANA D. APPELTON (Ostrich Plume)—Pure white, the petals covered with hairs.
GOLDEN GLOW—Bright yellow, good stem and foliage; a crack-erjack.
GOLDEN GLEAM—A fine yellow.
GOLDEN GIANT—The best yellow for early October, maturing about the 10th. Same color as Golden Glow, line incurved form.
HARVARD—Japanese reflexed, very dark crimson; extra.
HARVEST HOME—A beautiful bronze.
H. W. BUCKBEE—A fine snow-white.
LAFRANCAINE—Thought by many to be the best red "Mum."
LOUIS BOEHMER (Ostrich Plume)—A most beautiful shade of lavender-pink.
MAJOR BONAFON—One of the very best deep golden-yellow Chrysanthemums; beautiful flower, both in form and color; insect-resistant.
MARIGOLD—As a golden-yellow it is unsurpassed both as to size and color. A monster flower.

MILLICENT RICHARDSON—A glorious red flowering "Mum," large bloom.
MISS FLORENCE PULLMAN—Many think this superb white cannot be beaten.
MISS MINNIE BAILEY—One of the grandest all pink Chrysanthemums in the country; finish it is exquisite, showing not the slightest trace of coarseness.
MRS. EDWARD SEIDENFELDT—A very late variety of beautiful incurving form. Quite full, brilliant pink; good enough to follow Chieftain, which is saying a good deal for it; it is a nice grower.
MRS. HENRY ROBINSON—Incurved white; a splendid variety.
OCUNTO—Large white blooms; on strong stems.
PACIFIC SUPREME—This grand variety has literally leaped into popularity. Flowers are so large as to startle you. The color shades from lavender-pearl to the richest pink.
PINK BUCKBEE—A lovely shade of pink and lilac.
RICHMOND—Bright golden yellow.
RIO DE ITALIA—Flowers of mammoth size and deep golden-yellow; really a wonder.
ROMAN GOLD—Very intense yellow, showing brassy tints in the depths of the petals, hence the name.
SILVER WEDDING—White with a slight pink tinge; ball shaped; extra fine.
TIGER—A splendid yellow. Flowers very full, bright color, with excellent stem.
TINTS OF GOLD—Has the coloring of a beautiful golden sunset.
UNAKA—A fine incurved bloom of a pleasing shade of pink.
WHITE BONAFON—Incurved white; still largely grown for its many good qualities.
WHITE CHIEFTAIN—Beautiful incurring white.

Coleus—General Assortment

These are all good bedding; standing the hot sun without losing their color. 15 cents each; 3 for 41 cents; 12 for $1.25.
ACME—Bronze, red center, edged green.
ADMIRATION—Deep claret-red, edged green and yellow.
ADMIRATION—Deep claret-red, bordered with dark red; green center.
BECKWITH GEM—Dark velvety-maroon, bordered fiery-red, edged green.
BOUQUET—Center fiery-red, surrounded with deep maroon, edged olive-green, serrated edge.
CAVE—Green, bordered with dark red; green center.
DUNERIA—Grandest Coleus of recent years; has a deep velvety texture. Color crimson, maroon center; beautifully scalloped edge of light red; a fine showy bedding plant.
EMPEROR OF INDIA—Bronze-red, golden-yellow edge.
FIREBRAND—Brilliant dark-red; extra.
FIREBALL—Brilliant red; extra.
GOLD BOUND—Dark maroon with blotches of a darker shading; yellow border.
HERO—Very dark, almost jet black.
JOSEPH’S COAT—An intermingling of many colors.
MAY DAY—Spotted and striped with maroon, green, red and yellow.
QUEEN OF THE WEST—Creamy-white and oxide-green, maroon bright yellow.
QUEEN VICTORIA—Yellow and bronze red.
RED CLOUD—Dark red of royal hue.
ROSE-GOLD—Dark red of rich hue.
SENSATION—Crimson-maroon, center bright red.
SHADE—Deep crimson, bordered with dark red; yellow center.
SPOTTED GEM—Spotted yellow, green and red.
VERSCHAFFELT—A rich velvety crimson.
YELLOW BIRD—Clear bright yellow.

New Giant Coleus, Christmas Gem

(Brilliancy, or Dr. Ross)

Leaves immense, eight to twelve inches long, looks like a Rex Begonia, and is just as beautiful. Cannot be excelled as a pot plant. The name aptly describes the appearance of this variety, which belongs to the giant-leaved section of strong, vigorous habit, growing from two to three feet high, with leaves often nine to ten inches long, which are of bright carmine, shading off to a deep maroon, the margin being yellow and green, the whole leaf having a rich, velvety luster. 30 cents each; 3 for 85 cents; 12 for $3.25.

Trailing Queen and Trailing Beauty

The Wonderful New Coleus.

These Coleus are entirely new breed, as no one ever before heard of a Coleus that trailed. They both have glorious foliage—The Queen having a large distinct center of bright pink or red, with a broad border of emerald-green. In The Beauty, the foliage is a rich golden-yellow, often changing to pure white. No plants are more suitable or showy for hanging baskets, window boxes, vases or pot culture than these two trailing Coleus. Put several plants in a basket or pot and see how lovely a plant may become. 20 cents each; 3 for 85 cents; 12 for $2.00.
GENERAL COLLECTION OF TENDER PLANTS—Continued

Crepe Myrtle
A real southern plant, not hardy north of Baltimore, but should be in every yard in the South. Our friends go wild over this magnificent plant with its profusion of bloom and lustrous green foliage. It will attract attention in any landscape. We have three colors, Pink, White and Crimson. 25 cents each; 3 for 71 cents; 12 for $2.65.

Cuphea Platycentra
(Cigar Plant.) Each, 15 cents; 3 for 41 cents; 12 for $1.45.

Cyperus Alternifolius
(The Umbrella Plant)—A handsome pot plant, useful in vases, etc. 20 cents each; 3 for 55 cents; 12 for $2.00.

Marguerite Daisies
20 cents each; 3 for 55 cents; 12 for $2.00.

Mother's Favorite—Semi-double, white anemone center of pale yellow.

Boston Market—Pale yellow flower and disc.

Grand White—Stiff stems, white flowers, single with yellow disc. Very fine flowering.

Beautiful House Ferns
There are no plants grown that are more desirable for the house than the following fine decorative Ferns. They are easily grown, free from insects and disease and thrive well in the ordinary temperature of the living room. See that the plants have plenty of drainage and are kept well watered; never let dry out for any length of time. Everyone of these Nephrolepis Ferns is entirely distinct in every way. That we are headquarters for Ferns is evidenced by the choice assortment that we offer. No other firm offers so many distinct and choice varieties. Try us for Ferns.

The "Teddy Junior" Fern
Nephrolepis Teddy Junior.
"Teddy Junior," the Fern for every household. This grand Fern was introduced recently by G. & R. The fronds are broad and beautifully tapered from base to tip; they droop just enough to make a shapely, graceful plant, permitting it to flush with a fine full center and perfect symmetrical spread. The pinnae are distinctly undulated, giving the fronds an attractive wavy appearance, which adds materially to their charming decorative effect. "Teddy Junior" will produce about four times more fronds than any other Fern ever introduced, finishing with fifty to sixty fronds in a four-inch pot. Fine young plants, 20 cents; strong plants, 60 cents.

The "Roosevelt" Fern
Nephrolepis Roosevelt.
It is our good fortune and great pleasure to offer this wonderful Fern, it having been introduced in 1910. In this short time it stands second in popularity of all the Ferns, and will soon be more popular than even the old favorite Boston Fern. In general characteristics it resembles the world-famous Boston Fern, but it will sweep that Fern from the boards for two reasons; it produces many more fronds than the Boston, thus making a bushier, handsomer plant; then the pinnae are beautifully undulated, giving the "Roosevelt," a pronounced wavy effect seen in no other Fern; as the plant ages this effect becomes quite distinct. A charming and most notable variety. Fine young plants, 25 cents each; strong plants, 75 cents.

New Fern "Liberty"
Nephrolepis Splendida.
This is our own production. In the past we have sent out Baby's Breath, Teddy Junior and Roosevelt, the three greatest Ferns today, acknowledged so by all plantmen and flower lovers, and now we add another one to the galaxy, "Liberty," so doubt them if you can. All of these have finely divided pinnae, and give them a very beautiful appearance, while the whole plant is overlaid with a blush cast that makes of it a very striking object. With its very beautiful and different from all other Ferns, first time offered. Fine young plants, 35 cents each; strong plants, $1.00 each. Be sure and try this beautiful Fern.

New Dwarf "Boston" Nephrolepis.
This new variety produces about twice as many fronds as the old Boston type. It is much more compact, thus making a bushier plant and one that can be used in any decorative plan desired; equally useful in porch boxes or baskets. The best of type. Fine young plants 50 cents; strong plants 90 cents.

The "Big Four" Fern
Nephrolepis Splendida.
This is the most wonderful Fern of them all; it originated with G. & R., and is now offered for the first time. It combines the good qualities of the four most popular sorts. It has the grace of a "Boston," the wavy effect of a "Roosevelt," the fluff effect of an "Ostrich Plume," and the uniqueness of a "Fish Tail." Some fronds will be straight "Boston," others "Roosevelt," in others the edges of the pinnae will be the feathery "Ostrich Plume," while in others the ends of the pinnae will be the genuine "Fish Tail." Then again some fronds will have in a marked degree all of these desirable traits, forming a combination without parallel among Ferns. It well deserves the name of "Big Four Fern." Every one who sees it goes "daffy" about it. This is without question the most splendid of all these Nephrolepis. Be sure and try it. Fine young plants, 25 cents each; strong plants, 75 cents.

The "Wannamaker" Fern
Nephrolepis John Wannamaker.
A new Fern of wonderful beauty. Long, narrow, gracefully drooping fronds. It is not so compact as Schoenland, and, therefore, is a very airy and graceful Fern, and very durable in the house. A rapid grower; quite distinct from other Ferns. Fine young plants, 30 cents; strong plants, 75 cents.

The "Ostrich Plume Fern"
Nephrolepis Whitmanii.
A great Fern. In fact, it is a plant that appeals to everyone, and on that account will prove a much more valuable and profitable plant than others. Fern of the plant, everyone, who has seen it charmed with it. As someone has expressed it: "There is nothing like the Ostrich Plume Fern in cultivation. In decorative effect it so far outdists all the original variety that there is really no comparison to be made. We consider it the most valuable novelty that has been introduced in many, many years. It has taken cold medals as shown. Fine young plants, 35 cents; strong plants, 85 cents.
GENERAL COLLECTION OF TENDER PLANTS—Continued.

BEAUTIFUL HOUSE FERNS

The “Parlor Fern”
Nephrolepis Whetmanii Compacta.

This is a condensed form of the “Ostrich Plume Fern,” with valuable characteristics added which are not evident in the parent, the pinnas subdividing, making minute fronds which are superimposed on the main fronds, looking as if two or more were condensed into one. Graceful beyond description. Fine young plants, 35 cents; strong plants, 75 cents.

The “Old Original Sword Fern”
Nephrolepis Exaltata.

This is the “old original Sword Fern,” the “daddy” of them all, the one plant from which all the Nephrolepis we offer came. It is entirely different from any of its progeny, having narrow fronds that are long and of very erect growth. For this reason it is more largely used as a center-piece in vases without any of its descendants. Fine young plants, 25 cents; strong plants, 76 cents.

The “Crested Fern”
Nephrolepis Scholzelli.

The fronds are crested and stand erect, with a graceful arch, forming a plant of ideal shape, and they never break down, giving the plant a ragged appearance, as is so often the case with other plumed ferns; furthermore, the loose, elegant arrangements of the fronds, allowing a free circulation of air through the foliage, prevents the center of even the largest specimen from becoming defective or yellow. Fine young plants, 25 cents each; large plants, 50 cents each.

The “Boston Fern”
Nephrolepis Bostoniensis.

In the vicinity of Boston, no other plant is so extensively used as this graceful Nephrolepis, which differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop very gracefully, on account of which it is frequently called the Fountain Fern. This drooping effect makes it an excellent plant to grow as a single specimen on a table or pedestal. This Fern should not be compared with the Ostrich Plume Fern, as they are of an entirely different growth. Fine young plants, 20 cents; strong plants, 60 cents.

The “Fluffy Ruffles Fern”
Nephrolepis Superbissima.

This new Fern is quite different from all other Ferns. Its distinguishing characteristics are its dark green foliage, darker than any other Fern, its dense growth, much more compact, and its irregular shaped fronds, which give it the name of “Fluffy Ruffles Fern.” The fronds are very heavily imbricated, the pinnules overlapping, and so formed as to resemble miniature Ferns, giving it the appearance of a Fern without a Fern. The plant is very stately, in its habit. Fine young plants, 75 cents. No large size to offer.

FUCHSIAS, or Ladie's Eardrops

Price, 20 cents each; 3 for 55 cents; 12 for $2.00.

BLACK PRINCE—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. We have seen specimen plants six feet in height and four feet across loaded with thousands of bright buds and blossoms of a beautiful waxy carmine or pink color. Certainly a plant of easy culture.

ERNEST RENAN—White sepals, reddish-blue corolla.

CYRTOMIUM FALCATUM, or HOLLY FERN—A beautiful and rapidly growing Fern that succeeds exceedingly well, small plants making fine specimens in a short time. Fronds resemble branches of holly, from which it takes its name.

PTERIS MAYII—A variegated variety. Low-growing and suitable for edging Fern pans or dishes.

PTERIS WIMSETTI—A beautiful low-growing Fern, suitable for table dishes.

PTERIS WILSONI—The most beautiful and useful of all the crested sorts for pant or dishes.

LORD BYRON—Red sepals, corolla of the richest purple, so free in flower as to almost hide the plant.

MADAME VAN DER STRASS—This is the best of the double white coralled Fuchsias.

SPECIOSA—Habit erect and compact; presenting a decidedly neat and attractive appearance, as a pot plant, the fronds are not as much as in a profusion, and begin when plants are quite young. The flowers are three inches or more in length; tube and sepals bright rose, corolla brilliant crimson; it blooms quite freely.

TENOR—Red sepals, double purple corolla.

The “Baby’s Breath Fern”
Nephrolepis Goodii.

This Fern is splendid to use for Fern Dish Planting. It has the finest foliage of all the Ferns. It is so delicate that a lady on seeing it exclaimed: “Call it the Baby’s Breath Fern, as it is so dainty in texture that a baby’s breath would set its fluffy foliage in motion.” The fronds are very fine and filmy, on which account it has been called by some the Lace Fern. It is an improved variety, and the best of its type. Nothing is daintier or more exquisite than well grown specimens in any size. Fine young plants, 50 cents; strong plants, $1.00.

The “Newport Fern”
Nephrolepis Scottii.

Of much dwarfer and bushier growth than the Boston Fern. The fronds droop gracefully, and are not as long and heavy as the Boston. It is a rapid grower, and to see it in all stages of growth, from a runner in the bench to a 14-inch pot specimen will convince you that it will be in great demand as a house Fern. This has always been a favorite variety. Fine young plants, 30 cents; strong plants, 75 cents.

FERN NORWOOD

A new type of the Ostrich Plume family. The frond is very compact and the pinnules are finely serrated, giving it the appearance of a strong feather plume. Fine young plants, 50 cents each. No large size to offer.

SPECIAL OFFER—The Fifteen Beautiful Ferns as named, costing $5.00, for only $4.50. The Thirteen Ferns in strong plants, costing $9.65, for only $9.00.

DWARF FERNS FOR FERN DISHES

ASPIDIUM TSUSSIMENSE—The most valuable for Fern dishes; of strong but dwarf and graceful habit, of good color and of the best keeping qualities. A clean, good grower and very ornamental.
GENERAL COLLECTION OF TENDER PLANTS—Continued

Genista
CANARIENSIS (Gold Flower)—Golden-yellow flowers, of sweet pea fragrance; a good winter bloomer. 33 cents each; 3 for 95 cents; 12 for $3.60.

Double Geraniums

THE BEST THERE ARE

Except where noted, Price; 15 cents each; 3 for 41 cents; 12 for $1.45.

ALPHONSE RICARD—A most beautiful shade of bright vermilion; large flowers and enormous trusses; a grand variety.

AMERICAN BEAUTY—(New.)—Same color as the famous American Beauty Rose. A very free bloomer.

AURORA—A beautiful shade of salmon-pink.

BEAUTE POITEVINE—Beautiful shade of shrimp-pink, gradually shading to white; a universal favorite.

COMTESSE DE HARcourt—Beautiful florets and enormous trusses of pure white. Stands the sun well.

HELEN MICHELL (New.)—The clearest possible shade of scarlet borne on gigantic trusses. 20 cents each; 3 for 53 cents; 12 for $2.00.

JEAN VIAUD—This is the best large-flowering double pink Geranium in cultivation. The color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy-white.

LA FAVORITE—In this Geranium we believe we have the finest double white Geranium in cultivation. The flowers are borne in large trusses of the purest white, retaining this pure whiteness even in the height of summer, and for winter blooming they are all that can be desired. Do not fail to add this charming variety to your collection.

MADAME BARNEY—A profuse bloomer; florets enormous; color a deep pure pink. A perfect bedding. 20 cents each; 3 for 55 cents; 12 for $2.00.

MADAME LANDRY—A distinct salmon-pink with a slight scarlet shading. Enormous trusses, florets borne on long stems.

MARQUIS DE CASTELLANE—This is a deep solferino in color; has a splendid habit, and the color is decidedly unique and bright for a Geranium. An exceptionally striking variety.

MARQUIS DE MONTMART—This is known as the Blue Geranium; it is more distinctly speaking a rich purple; a striking color.

MISS FRANCES PERKINS—A constant bloomer of a charming deep rosy-pink color, with a distinct white throat; stands the climate well.

S. A. NUPT—This is the darkest and richest Geranium known. It is very bright, dark, deep, rich, velvety maroon; an excellent bedding and a perfect pot plant. One that must find its way into every collection.

Single Geraniums

NONE BETTER THAN THESE VARIETIES

15 cents each; 3 for 41 cents; 12 for $1.45.

ALICE LEMON—Very light salmon with a dark salmon eye.

ALBION—One of the finest whites. Pure white in color; immense in size, circular form.

QUEEN OF THE WEST—Intense vermilion-scarlet; free bloomer.

Sweet-Scented Geraniums

15 cents each; 3 for 41 cents; 12 for $1.45.

LEMON—The foliage is pronouncedly lemon-scented.

NUTMEG—Foliation has the true nutmeg fragrance.

ROSE—The famous sweet rose-scented Geranium; very fragrant.

Cultural Directions for Pelargoniums

No class of plants are more showy during their blooming season than the Pelargoniums, and the gorgeous beauty of the clusters of their vari-colored bloom will well repay extra care expended in their culture.

The greatest success will be attained by securing and starting your plants in the fall and winter, potting in soil well enriched with well-rotted manure, repotting in larger pots as often as the growth of the plant demands it. This will give you a fine large plant covered with bloom by the Easter period.

During the hot summer months, plunge the pot level with the earth in a partially shaded place and water rather sparingly as this is their season of rest.

About September first carefully remove most of the old soil from around the plant's pot and repot in fresh soil, and start into active growth. Plants thus cared for will often carry as many as 50 to 100 clusters of bloom at the beginning of their second blooming season.

Dipping or spraying with a strong tobacco tea will rid them of any insect pests that may trouble them.

PELARGONIUMS,
or LADY WASHINGTON GERANIUMS

The grandest of all flowering plants; do not resemble the common Geraniums in any particular, neither in foliage nor flower, more beautiful in every way. We here offer six distinct sorts, every one entirely different in color and every one a beauty. The Lady Washington Geraniums are the handsomest of all flowers—one seen, never forgotten.

The Easter Greeting or Ever-Blooming Set.

EASTER GREETING—Planted out as a bedding plant it will bloom continually until late in the fall. It will prove the fore-runner of a new race of ever-blooming kinds, as it rivals the Cattleya Orchid. This new species is the earliest of all Pelargoniums, with enormous florets and clusters, having light green foliage and of dwarf, robust growth. It blooms from March until Fall. Follets show maroon-red, with five large regular shaped spots. The first and only kind to bloom as well bedded out as in pots, and to do so all summer.

GARDENERS' JOY—The ground color is apple-blossom pink, the two upper petals have blotches of carbon-brown, the florets are three and one-half inches in diameter and are joined to enormous clusters which rise above the beautiful foliage and remind one of a Rhododendron cluster. It is of a half dwarf nature and very sturdy. On account of its rapid, luxuriant growth it is a very profitably market variety.

Price; 25 cents each; 3 for 71 cents, 12 for $2.65.

GLORY—This splendid novelty is quite remontant, florets and clusters very large; ground color, Cattleya-blue, very much like the Cattleya Orchid. The upper petals contain two large purple magenta-red spots, distinctly veined. An exceedingly beautiful and entirely new color in Pelargoniums. This kind has a very robust growth.

LUCY BECKER—This grand novelty is a sport of Easter Greeting, and is like it in everything but color which is a rosy-pink. It is if anything even more free in bloom.

PRINCE—Immensely large flowers, strongly crimped of fine shade, with from six to ten petals; color rich purple with velvety black blotches. Remarkably robust habit. The large clusters rise gracefully above the beautiful foliage. The blooming plant with its enormous flowers makes a striking impression.
GENERAL COLLECTION OF TENDER PLANTS—Continued

Gynura Aurantiaca

Velvet Plant. Velvet Plant seems an appropriate name, the leaves being always taken as artificial. They and the stems are entirely covered with purple hairs; shining, glistening, reflecting many new colors. Any change in position appears to alter the color of the foliage. Price, 25 cents each.

Heliotrope

FLORENCE NIGHTINGALE—A splendid lavender shade. "The variety grown in our grandmothers’ garden." 15 cents each; 3 for 41 cents; 12 for $1.45.

Chinese Hibiscus

25 cents each; 3 for 71 cents; 12 for $2.65. We have large plants of Hibiscus ready to bloom for 60 cents each. These are handsome plants.

AURANTIACUS—Large and double, with orange-colored flowers.

CARMINIUS PERFECTUS—Full, round flowers of perfect shape and of a rich, soft, carmine-rose, with a deep crimson eye; fully six inches in diameter.

The grand variety has immense flowers of the richest crimson; combined with glossy foliage; renders it best of all.

GRANDIFLORUS—Rich, glossy, cut-leaved foliage, literally covering the plant with scarlet-crimson flowers.

SINENSIS GIGANTEA—This is a plant for house cultivation during winter or summer, or for planting outside during summer. It blooms at all times of the year. The plants branch freely and flower profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots it has an equal only in the Brugmansia. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such vivid crimson-scarlet color as to make from a lower distance like a flaming torch. They can be wintered in the cellar or pit with perfect safety, and if one does not care to grow them all winter, one should have one or two for summer display.

SUBVIOLEACEOUS—Flowers of enormous size, beautiful carmine, tinted with violet. Probably the largest flower of the Hibiscus family, and an unusually free bloomer. We take pleasure in recommending this fine plant.

VERSICOLOR—A variety combining in its flowers all the colors of the whole family, being handsomely striped crimson, buff, rose and white. Flowers eight inches in diameter.

New Pink Hibiscus, Peachblow

(A sport from the Double Red Hibiscus Rosa Sinensis.) The flowers are double and from 4 to 5 inches in diameter, of a charming rosy pink, crimson, clear orange-colored. A new and wonderful plant that is one of the freest-flowering plant novelties recently offered. The color is an entirely new and beautiful shade, and it blooms abundantly and continuously during the summer and fall months. Large plants two and three years old make a magnificent show. It will give general satisfaction to those who grow it either in pots or in the greenhouse. We have the young plants, 15 cents each; 3 for $3.60; strong, fine plants, 60 cents each.

New Scarlet Single Hibiscus Psyche

Scarlet color, with edge of petals ruffled. The tree when in full bloom is completely covered with flowers. 33 cents each; 3 for 95 cents; 12 for $3.60.

FRENCH HYDRANGEAS

Let us tell our friends that these French Hydrangeas are the most meritorious plants brought out in years. They have enormous trusses of bloom that completely hide the plant. They are half hardy and may be planted in the latitude of Philadelphia and in the Gulf and Pacific States. They are also fine as house plants, blooming in the spring time about Easter. When kept at a temperature of 70 degrees out of doors they bloom about June.

AVALANCHE—A splendid large white, which has made a reputation for itself during the past two seasons. An easy variety to favor. Young plants, 30 cents each; 3 for 95 cents; 12 for $3.25; strong plants, 50 cents each; $4.50 doz.

BABY BIMBINET—Very dwarf, free and early; large compact trusses of silver-rose flowers; very attractive. Young plants, 33 cents each; 3 for 95 cents; 12 for $3.60; strong plants, 66 cents each; $6.50 doz.

BOUQUET ROSE—Large trusses of well-formed flowers, rose-amber turning to bright pink, has proven a special favorite in the New York market. Young plants, 30 cents each; 3 for 95 cents; 12 for $3.25; strong plants, 50 cents each; $4.50 dozen.

E. G. HILL—This is the newest one and the very best, and is by far the best pink that we have yet tried; trusses of immense size, color a most pleasing shade of baby-pink that does not fade. Growth vigorous, foliage large, and attractive. It is one of the easiest to force to bloom during the summer, coming into flower early. Young plants, 30 cents each; 3 for 95 cents; 12 for $3.25; strong plants, 50 cents each; $4.50 doz.

ETINCELANT—A clear carmine. A clean vigorous grower of unusual merit. Young plants, 33 cents each; 3 for 95 cents; 12 for $3.60; strong plants, 65 cents each; $6.50 doz.

GENERAL DE VIBRAY—A favorite wherever seen. Large heads of bright rose-colored flowers. A splendid early forcing variety. Young plants, 30 cents each; 3 for 95 cents; 12 for $3.25; strong plants, 50 cents each; $4.50 doz.

LILIE MOUILLERE—Similar to but distinct from Eclaireur; a bright carmine-rose. Young plants, 20 cents each; 3 for 65 cents; 12 for $2.00; strong plants, 50 cents each; $4.50 doz.

MME. AUGUSTE NONIN—An unusually attractive pretty pale pink in heads of large size. Young plants, 30 cents each; 3 for 95 cents; 12 for $3.25; strong plants, 50 cents each; $4.50 doz.

MME. E. MOUILLERE—This has been the favorite white variety in the New York market this year; free flowering of good size and form. Awarded silver medal at the National Flower Show at Boston last year. A great favorite with English growers, one London grower known to us handling over thirty thousand of this variety alone. Young plants, 30 cents each; 3 for 95 cents; 12 for $2.00; strong plants, 50 cents each; $4.50 doz.

MOUSSELINE (The Famous Blue Hydrangea)—With us a beautiful plumbago-blue. The introducer describes it as a beautiful mauve-rose with cream-colored center; flower heads are large and held erect; a decided acquisition. Young plants, 30 cents each; 3 for 95 cents; 12 for $3.25; strong plants, 50 cents each; $4.50 doz.

PRES. FALLIERES—Very delicate rose. Young plants, 30 cents each; 3 for 95 cents; 12 for $3.25; strong plants, 50 cents each; $4.50 doz.

RADIANT—Very deep carmine; one of the finest of Hydrangeas. Strongly built, very healthy. Young plants, 30 cents each; 3 for 95 cents; 12 for $3.25; strong plants, 50 cents each; $4.50 doz.

SATINET—This variety is so radiant that it resembles a dainty piece of satin; probably the best of all the French Hydrangeas. Color a beautiful rose. Young plants, 33 cents each; 3 for 95 cents; 12 for $3.60; strong plants, 65 cents each; $6.50 doz.

SOUVENIR DE MADAME E. CHAUTARD—One of the best, of splendid erect habit; very robust. "Flower sized heads of bright rose-colored flowers, much larger than the one of the best of the bouquet type. Young plants, 25 cents each; 3 for 75 cents; 12 for $2.65; strong plants, 50 cents each; $4.50 doz.

Older Variety of Hydrangea

HYDRANGEA OTAKSA—In spite of the greatly increasing demand for the French varieties, there also has been a proportionate increased demand for this old favorite, and we have a splendid stock of very superior plants. Two and one-half inch pots. 30 cents each; 3 for 95 cents; 12 for $3.25.
GENERAL COLLECTION OF TENDER PLANTS—Continued

Impatiens

20 cents each; 3 for 55 cents; 12 for $2.00.

SULIANTHIS makes a very shapely plant, and is in bloom continuously the year around, outdoors or indoors. Its flowers, in the small plants three or four inches high. The bloom is a bright red, and comes so profusely as to almost cover the entire plant; perfect for the window.

PINK BEAUTY—Same as above, except salmon pink flowers, purple eye.

HOLSTII—Brilliant vermillion; fine.

WHITE LADY—Beautiful white with lavender tint.

Wonderful New Lemon, Ponderosa

Nothing that has ever been brought to our notice in the plant line has caused half the commotion that this wonderful Lemon has. It is a true everbearing variety. On a plant six feet high not less than 80 of the Ponderosa Lemons were growing at one time. It was a beautiful sight to see. The tree was blooming, and even at the same time had fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true everbearer. Fruit has been taken from this tree weighing over four pounds. The Lemons have very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade, and for culinary purposes cannot be excelled. It is not uncommon to make twelve lemon pies from one lemon. We have the entire stock of this pondeorous lemon and guarantee the trees to produce the same large fruit. No budding or grafting necessary. Ponderosa Lemon is sure to become popular when it is known. It fruits when quite small, and makes a lovely house plant. Everybody can grow his own lemons; it will fruit freely each year. Thrifty young plants, 25 very desirable. Extra strong, 50 cents. Extra strong, 75 cents.

Standard Sorts of Dwarf Lantanas

Price, 15 cents each; 3 for 41 cents; 12 for $1.45.

ALBA PERFECTA—Pure white.

CONTES DE BIENCOURT—Clear, bright pink.

HARKETTS PERFECTION—Variegated foliage; cream and pink flowers.

M. SCHMIDT—Orange-scarlet.

RADIATION—Plant semi-dwarf; brilliant red, center orange yellow; a beautiful combination of two very bright shades.

JACOB SCHMIDT—White; fringed flowers, frond-like leaves.

GIANA—Almost forgotten, but for three years we have been working on a stock with one plant as a starter. The best oxblood-red in existence. Comes in a yellow or white form, and is the most desirable. Always scarce. Have five thousand of this sort. 20 cents each; 3 for 55 cents; 12 for $2.00.

Dwarf Lantana Tethys

Try our Dwarf Lantana "Tethys." It is fine for bordering beds, a splendid lemon-yellow. Price, 20 cents each; 3 for 55 cents; 12 for $2.00.

Weeping Lantana

A Weeping Plant of Great Beauty. One of the grandest basket plants grown. The plant has a most graceful, drooping habit, grows very rapidly and blooms continually summer and winter, producing large clusters of the most desirable. Almost forgotten. Price, 15 cents each; 3 for 41 cents; 12 for $1.45.

Nierembergia Azurea, (Blue Flax)

Much sought after by Florists who have a window box and vase trade. The slender graceful plant is covered with its pale lavender flowers throughout the summer. 20 cents each; 3 for 55 cents; 12 for $2.00.

Oleanders

These old-fashioned shrubs are becoming immensely popular again. We are growing and selling them by thousands. No plant makes more handsome specimens in tubs for the veranda or yard. Can be wintered in the cellar.

ROSEA—Has double pink flowers. The old favorite. Very sweet. 25 cents each.

LILIAN HENDERSON—Has double white flowers of the largest size. Fragrance like the old double pink. Scarce. 25 cents each.

Otaheite Orange

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep green foliage, which has a decided odor of the Orange trees of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicate fragrance. Otaheite fruit immediately after flowering, bearing fruit about one-half the size of the ordinary Orange, retaining in a marked degree its sweetness. The unique Orange cannot be equaled as a winter-blooming pot plant for house decoration. Requires but little sunlight, and flowers and fruities but twelve to fifteen inches high. With a couple of plants of it you can have an abundance of the far-famed and delicate Orange blossoms. We have grown entire stock of clean, vigorous plants that will bloom and fruit at once. Good plants, 25 cents each; 3 for 71 cents; 12 for $2.65; large, strong plants, 50 cents and 75 cents, according to size.

Pansies

In the South, fall is the time to plant Pansies for best results. Our Pansies are the best that the world produces. They combine the choicest large-flowered sorts, both of European and American growers. It has been our aim to make this the finestストック of this favorite flower in existence. 50 cents per dozen; $3.50 per hundred. Seeds, 15 cents per packet.

Peleonum Muscosa

OR WATERMELON BEGONIA.

Iress also known as the Silver-leaved Begonia. Here is a most beautiful plant for pot culture; easy to grow and thrives anywhere; leaves deep olive-green, distinctly marked with silvery-white and the leaf edges distinctly variegated white and green, and have the appearance of being powdered with frosted silver. 30 cents each.

Pilea

(Artiliary Plant.) It is very desirable for filling in hanging baskets, window boxes, vases, etc. It also makes a graceful plant as a single specimen. It has graceful frond-like leaves; flowers small and produce a snapping sound when water is thrown on the foliage. Price, 15 cents each; 3 for 41 cents; 12 for $1.45.

Chinese Primrose

No collection of winter-blooming plants is complete without some of these grand flowers. With the advent of the new colors and improved strains the giant flowers with their ruffled edges are beautiful. They are lovely in a cool room in winter, which makes them desirable. These are grand winter-blooming plants. We have three colors; white, pink and red. 25 cents each; 3 for 71 cents; 12 for $2.65.

Baby Primrose "Malacoides"

(New Everblooming.) This is the finest-blooming plant we know of, blooming continuously during the entire season. Plants in very small pots have from fifteen to twenty sprays of beautiful light pink flowers on stems ten to twelve inches high at one time. 20 cents each; 3 for 55 cents; 12 for $2.00.

Primula Obconica

ALWAYS IN BLOOM.

Free-blooming plant. This is a charming plant for winter—in fact, we know of none that is better adapted to house culture than this one. It is not quite hardy, but given enough of temperature that no plants are subject to. It bears its elegant panicles and sprays of bloom in the greatest profusion. It is certainly elegant. Fine for pot culture. Price, 15 cents each, 3 for pink and red. 20 cents each; 3 for 55 cents; 12 for $2.00.

Ruellia Mokoyana

This is the charming indoor plant for culture in pots or may be used in vases and baskets; of bushy spreading habit and finely marked leaves, which are beautiful olive-green, delicately veined with silver and rich purple underneath. A neat and handsome plant, always bright and pretty. The flowers are exceedingly beautiful, trumpet shaped, and of a rosy-lavender color, almost covering the plant in their profusion. 20 cents each; 3 for 55 cents; 12 for $2.00.
GENERAL COLLECTION OF TENDER PLANTS—Concluded

Brilliant Salvia

The Most Attractive of All Bedding Plants.

These are unsurpassed for brilliance of color. A bed or border of Salvia Splendens will attract more attention than any other bedding plant.

AMERICA (A Splendid New Dwarf Salvia)—The grandest addition to our list of bedding plants to a compact bush, completely covered with rich scarlet flowers. 15 cents each; three for 41 cents; twelve for $1.45.

SALVIA ZELENKA—Large, profuse bloom. Another grand addition to our list of bedding plants. It forms a compact bush, completely covered with rich scarlet flowers. 15 cents each; three for 41 cents; twelve for $1.45.

SALVIA SPLENDENS ALBA—Identical with Splendens, only white flower. 10 cents each; three for 27 cents; twelve for $1.45.

SALVIA ST. LOUIS—Flower spikes are longer, brilliant red, and more double, resembling immense Hycanth flowers. 15 cents each; 3 for 41 cents; 12 for $1.45.

SALVIA ZELENKA—Red-White, splendid bloomer. 15 cents each; 3 for 41 cents; 12 for $1.45.

Sansevieria Zeylanica, Zebra Plant

A beautiful plant, specially adapted for the decoration of drawing rooms and halls, as it stands dust and drought with impunity and requires scarcely any water. The leaves are beautifully striped crosswise, with broad white or greyish-green stripes on a green ground. It is a rare and beautiful plant, which should be abundantly grown for positions out of the reach of sunshine, where other plants will not thrive. It can be placed in any position in any room and do well. It is a popular border plant, which other plants do not possess, and it is useful both in winter and summer. For vases and baskets it is a fine center piece, and grows splendidly out of doors during summer. Fine plants, 25 cents each; 3 for $1.25; 12 for $2.65.

Saxifraga Sarmentosa

(Also known as Boettstak Plant and Strawberry Geranium)—Of low habit. Leaves nearly round, and striped freely with silvery bands. Blooms white, and borne in spikes. Adapted for vases and baskets and vases. 15 cents each; 3 for 41 cents; 12 for $1.45.

Tritoma Pfitzeri

(TORCH LILY)

(Red Hot Poker)—An improved upstanding type of perfect form; brilliant scarlet color; blooms merely being rimmed with orange. Rush-like foliage supports smooth thick flower stalks a yard long, with a single fiery cone at the top. July-September. Must be carefully protected or else carried dormant in dry sand in the cool cellar during winter. 15 cents each; 3 for 95 cents; 12 for $3.60.

Violets

20 cents each; 3 for 55 cents; 12 for $2.00; $16.00 per hundred by Express, at Your Expense.

PRINCESS OF WALES—This is the best of the single Violets. True violet-blue; fine for cutting.

SWANLEY WHITE—Double white flowers in great profusion.

These Make a Rapid Growth and Bloom Throughout the Summer; are Very Showy.

clusters; especially suitable for trellis work, conservatories, hanging baskets or in porch boxes, etc., where the wind does not cause it to be blown out.

SMILAX—A lovely house vine. 10 cents each; 3 for 27 cents; 12 for .85 cents.

TRAILING CANTIA or WANDERING JEWE—Fine for baskets. Three distinct kinds. 15 cents each; 3 for 41 cents; 12 for $1.45.

TRAILING DUSTY MILLER (Sphalum Lunatum) —Small show foliage, splendid trailing plant for baskets and boxes. 15 cents; 3 for 41 cents; 12 for $1.45.

VINCA MAJOR VARIEGATA—Fine for baskets and vases; green and white foliage. 15 cents each; 3 for 41 cents; 12 for $1.45; large, strong plants, 50 cents each.

TENDER BULBS

Amaryllis Hybrids

We are lucky to get a lot of English Hybrid Amaryllis. We guarantee these to be the very best of all Amaryllis, in fact you have seen and grown such small bulbs run largely to shades of red. Any color you get will be glorious. While they last, fine large bulbs at 50 cents each; 3 for $1.30; 12 for $4.50.

The Handsome and Wonderful Hardy Bedding Begonia, JEWEL EVANSIANA

This is a tuberous-rooted, herbaceous, hardy perennial Begonia, losing its tops in the fall. When budded out, the roots remain in the soil and start blooming right away, just as do the Peony and Perrenial Phlox. The plants like a rich, porous soil and partial shade and will bloom throughout the summer. It is really one of the most beautiful of summer blooming Begonias and never fails to grow well and bloom freely when budded out in a partially shaded, moist situation; produces clusters of flowers and buds of a beautiful pink color by the hundred on a single plant during an ordinary growing season. A fine hardy Begonia, one that stood twenty degrees below zero last winter, and came up and bloomed all summer. So many persons write us asking for plants and we gave away a few. Well, Begonia Evansiana will fill the bill.

Price, 15 cents each; 3 for 41 cents; 12 for $1.45.

Single Tuberous-Rooted Begonias

SINGLE FLOWERING—Made up from the following shades—

No doubles to offer. White, yellow, crimson, scarlet and pink. 25 cents each, 3 for 71 cents; 12 for $2.65.

Cyclamen Persicum

(Or Persian Violet)—This is a decided improvement over the old-fashioned. It is a hardy, robust, strong-growing plant. Produces flowers on short, stout stems and of immense size, often measuring, on well-growing bulbs, two inches in diameter. The foliage is very wide, the leaves being lobed and green. A splendid winter bloomer. 20 cents each; 3 for 55 cents; 12 for $2.00.

Caladium

(Fancy Leaved)—For conservatory or greenhouse; also suitable for outdoors when weather has become warm, in partial shade where protected from strong winds. 20 cents each; 3 for 55 cents; 12 for $2.00.

Milk and Wine Lily

(Crinum Fimbriatum).—"I must tell you that Milk and Wine Lily has done wonderful work. It has developed nine fine blooms, and there are two unopened buds. We, therefore, gave it a free ride last Wednesday and passed it as your best service. It was admired by everybody. There were Bostonians and people from various towns to admire and enjoy it."—Mrs. E. Adam, Mass. A grand sort. The most beautiful of the Crinums. Its bulbs grow large, and its strong-growing foliage is red and sword-shaped; flowers in umbels, very large and showy, three to four inches in diameter. 50 cents each; 3 for $1.40; 12 for $5.50.

Spider Lily

This is one of the prettiest and daintiest of all Lilies. It is pure white with bands of greenish color through the flower; this green and the white makes a charming combination that everyone ad- mires. The filaments and stamens of this choice Lily resemble a huge spider; not repulsive, but the most beautiful and delicate of all lilies. Each, 40 cents; three for $1.00.
GLADIOLI (SWORD LILY)

GLADIOLI are among the most popular of all garden flowers. Each year the size, color, and beauty of these wonderful flowers are being improved upon. They are very easy to grow and will do well in almost any soil under any conditions. If planted in the richest place of your garden and given plenty of sun and moisture they will, however, repay you with extra-large and gorgeous blooms.

To obtain a continuation of blooms during the greatest part of the season, it is advisable to plant at intervals of ten days, from the last week in April until the middle of June.

Some varieties will bloom in seventy-five to eighty days from the date of planting, but most sorts require eighty-five to ninety days. Plant the bulbs 2 inches deep in soft, rich soil, and from 3 to 4 inches apart.

In October, when the foliage has turned yellow, dig the bulbs, cut the stems off within an inch of the bulbs, and dry them thoroughly.

Then remove the old roots and store the bulbs in a cool, dry place where frost cannot reach them.

Their easy culture appeals to all, and the freedom from disease and insect pests is another great asset. They associate so well with all other flower subjects that a cut flower subject such as this is also in the garden. The collection we here offer is unsurpassed and will be a source of great delight to all who plant them. The flowers last a long time when cut. Do not be stingy in planting Gladioli, but plant by the dozen, or even by the hundred. Varieties marked with an asterisk (*) are particularly fine for forcing.

The collection we offer embraces some of the noted hybridizers as Betscher, Childs, Diener, Kunderd and others. It includes the best of the new ruffled varieties as well as the best of the new Primulinus group.

Remember our Gladioli are the finest in the market. They are plump bulbs which have never been used for cut flower purpose. They are strong stems forcing bulbs sure to please.

BEACONFLAME (Kunderd)—The best cutflower and forcing Red Gladiolus. Makes good everywhere. Good-sized blooms in spite of long droughts in the West, excessive rains in the East, but no stem-rot or decay. Holds its color; stands up well under hottest sun. Beacon flame is a cross between K. Glory and War, inheriting the strong characteristics of both parents—and then some. Blooms—Large (4 to 5 inches); slightly ruffled. Color—Scarlet Vermilion, slightly lighter in upper portion balanced by unobtrusive crimson. Lake blottches on lower petals—a harmonious self-colored effect. Spikes—Medium tall. Maturity—Early August. Growth—Very vigorous; long, deep leaves

**COLUMBIA**—Light orange-scarlet freely blotted and penciled with blush-purple. Throat freely blotted. **CONSPICUOUS (Blue Bird)**—Light blue, striped with a yellow blotch bordered with darker blue, resembles a butterfly.

**CRISTAL**—One of the finest of the Japan hybrids, with a fine, small bloom, and extra-long spike, in a beautiful salmon-orange. **CRICKER JUMP**—Dusty pink, velvety texture; blotch of maroon on a yellow ground.

**DAISY RAIN**—Ivory-white, heavily splashed with pink, giving appearance of solid pink flower. **DAVID STARR JORDAN**—Immense flame colored, with lighter specked throat; flowers very open, like immense Amaryllis with the wavy upright stems; flowers 6 to 7 inches in diameter, spikes 4 to 6 feet high.

**DOMINION (Synonym Red Emperor)**—A pure deep scarlet or blood-red; immense flower of great substance, well placed upon a tall spike. **DR. FREDERICK J. V. SKIFF**—Clear flesh-pink light ruby center; sometimes slightly striped with rose pink; strong vigorous growth; abundant foliage; one bulb will very often bring up to 120 perfect flowers 6 inches in diameter, spikes 5 to 6 feet high.

**DOROTHY MCKIBBEN (Ruffled)**—The new ruffled pink, a pure apple-blossom tint extraordinarily early. Elegantly ruffled. **DR. LINCOLN COTHRAN**—Salmon-pink blue striped yellow throat; fine form and bloom; flowers 5 inches in diameter; spikes 4 to 6 feet high.

**D. J. WHITNEY**—Salmon-flesh, with two striped and spotted yellow and red underpetals; opens in a full cluster at the apex of the stem, giving the appearance of a Canna; flowers 5½ inches in diameter, spikes 4 to 6 feet high. Earliest of all; good for forcing.

**EARLY ANTELOPE**—Slightly salmon-pink. **EARLY SNOWFLAKE (Kemp.); (1921)**—White delicately tinted and flecked rose with tinges of yellow in throat, bloomed with delicate rose feathering. **ELECTRA**—Very large brilliant scarlet of a bright and pleasing brick-red with small light blotch. **E. J. SHAYLER (1918)**—Tall, very strong plant and large blooms; beautiful, pure deep rose-pink. Was awarded Certificate of Merit by Royal Hort. Society of England, August 10, 1920, Winner of many awards. Very choice.

**ELIZABETH GERBERDING**—Shell-pink, with speckled center of ruby and yellow; heavily ruffled; spikes large and full.

**EMILIE ASHE**—Creamy white, small cerise blotches in lower petals heavily ruffled.

**EMPERESS OF INDIA**—The darkest of all. Very dark rich mahogany red.

**EUROPA**—White as the driven snow. Perfect form, with many pure white blooms opening at once.

**EVELYN RIRTLAND**—The flowers are a beautiful shade of rosy-pink, darker at the edges, fading to shell-pink at the center, with brilliant scarlet blotches on lower petals. Entire flower showing a pistil, sparkling lustre.

**FAIRFAIR**—Solid magenta; tip of throat light yellow with a deep magenta blotch; flowers 6 inches in diameter; spikes 5 to 6 feet high.

**FLORE**—Beautiful, deep golden-yellow large pure flowers.

**FRANK J. SYMMES**—Salmon-pink rose with red center, ruffled edges.

**FRED WIGMAN**—Bright red with a strong yellow throat.

**GENEVIEVE BOTHIN**—Deep pink, thickly overlaid with steel blue, pink and ruby center; very odd flowers of large size.

**ELIZABETH TABOR**—Here we are at last with an early Pendant that has them all beat for earliness; bloomed in May for me. Color and form almost identical to Pendant; bright rose-pink on white ground, showing velvety red blotch on lower petal. **ELORA (Burbank)**—Color creamy white with rich cream spots in throat on three lower petals; these spots overlaid with dainty featherings of American Beauty pink. The back of the petals show a tint of very delicate pink. Blooms measure 4½ to 6 inches diameter. This is a very remarkable variety, blooms very early on good stiff stems 4 to 4½ feet tall. "Flora" is certainly queen of all the early varieties.

**ELKHART**—Violet purple, deeper throat blotch. An extraordinary rich color. Unusually choice and fine. **ELSE ROSE**—Cattleya pink, blending of rose-pink, shading out to white, with creamy-yellow throat; orchid flowering; extra fine; flowers 5 inches in diameter, spikes 3 to 4 feet high.

**KLONDYKE**—Pure soft yellow with dark red blotch.

**KUNDERDI (Kunderd) or RUFFLED GLORY (1907)**—Buds, creamy white, apricot, with light tint of pink, and fine markings of red on lower petals. Can be grown over five feet tall with high spikes. We give this first place as it is the first scientifically produced Ruffled Gladiolus ever sent to market. It has received many citations and awards; known all over the world and is the parent of many new varieties.

**LADY HOWARD DAWSON**—Bright yellow with carmine blotch tipped greenish lemon in throat. Much resembling large yellow pansies. A very dainty sort.

**LAPIGERA**—A beautiful rose-pink with trumpet-shaped flowers.

**LA UNIQUE**—Dark maroon on charcoal, extra strong grower.

**LE MARECHAL FOCH**—A new Holland variety; seedling of America; very delicate pink with enormous wide open flowers; very early; a good grower and heavy bloomer.

**LILLIAN HARRIS COFFIN**—Light rose-pink; salmon-striped; yellow lip; nice long spikes; fine for cut flowers; flowers 5 inches in diameter; spikes 4 to 5 feet high.

**LIEBESFEUER (Love's Fire)**—Fiery scarlet with orange shadings; lower segments striped violet-brown; fins of all reds.

**LILLIAN WEBB**—Strawberry-pink with light maroon center; sometimes slightly striped with chocolate; stems slender, giving appearance of a lily; flowers 5 inches in diameter.

**LILY LEWIS**—A pure white lily with just the finest tinting of pink on tips of the petals.

**LILY WHITE (Kunderd)**—A reliable first-class early white variety.

**LILY'S IMAGINATION**—A commercial white Glad, in existence.

**LOUISE**—Clear pure lavender of a blushing tinge; has no magenta or purple in it, and this makes it the finest lavender yet produced, nearly the same shade as Iris Pulchra, which is a blue.

**LOVELINESS**—The color is of pale creamy tone, soft and delicate, with a roseate tinge in the center.

**MABEL HUBBARD**—Pure white, throat light lavender canary with violet spot; very fine spikes; flowers 4 inches in diameter, spikes 5 to 6 feet high.

**MADAME MONNET SULLY**—Cream white with red center.

**MAGIC (Kunderd)**—Large, ruffled, pale throat blotches. Finest lavender-blue. Fine.

**MAIN**—Its color is pure white; not the faintest spot or blemish can be traced on petals, throat, or the inside of flower.

**MAJESTIC**—Here is an orange shade that is new. It is not the orange of Alice Tiplady. This is wonderful, but a shade that has a tinge of salmon in it.

**MARIN**—Pale greenish-yellow; flowers 5 inches in diameter, spikes 4 to 5 feet high.

**MARSHAL FOCH (Kunderd)**—One of the sensations at the American Gladiolus Society's show in August and wherever shown at the big exhibitions. Many giant flowers open at a time on very strong stems and plant.

**MARY FENNELL (Kunderd)**—One of the patricians of the garden. Beautiful light lavender flowers on tall, slender spikes with lower petals primrose-yellow with penciling of lavender, perfectly exquisite and distinct.

**MARY PICKFORD (Kunderd)**—Color a delicate creamy-white, throat soft yellow.

**MARY ROBERTS RINEHART**—Cream yellow with canary-yellow center; flowers 4 inches in diameter, spikes 4 to 5 feet high.

**MASTER WYET**—Rich deep dark velvety purple.

<tr>
<td><strong>ROBERT J. KUNDERD</strong> (<em>1915</em>) (<em>Kunderd</em>) — Medium tall, very large most brilliant deep vermilion or orange scarlet. A wonderful novelty.</td>
<td>1.00</td>
<td></td>
</tr>
<tr>
<td><strong>ROSELIAD</strong> (<em>1918</em>) (<em>Kunderd</em>) — Dark line red, deeper throat. Distinct and grand.</td>
<td>.50</td>
<td>5.00</td>
</tr>
<tr>
<td><strong>ROSELLA</strong> — Delicate rose-mauve stained purple white with some claret. Throat creamy white.</td>
<td>.28</td>
<td></td>
</tr>
<tr>
<td><strong>ROSEMARY</strong> — The wonderful new Gladiolus. As unusual as it is beautiful. Perfectly adorable in the delicate color. White, marked with fine hair lines and stipplings of lavender-rose which becomes pure pink under artificial light. The markings are carried clear through the petals, so that the back of the blossom looks the same as the front. Under artificial light the rose tints predominating. By daylight the markings are decidedly lavender. On some blooms carried on tall, straight, gracefully erect stems. Several open at one time. Easily arranged in vase or basket, for it is not necessary to have the spikes facing outward, as the backs of the blossoms are as handsome as their faces. There never was a &quot;glad&quot; like Rosemary.</td>
<td>.11</td>
<td>1.00</td>
</tr>
<tr>
<td><strong>ROSE ASH</strong> (<em>Diener</em>) — Corinthian red shading into Ashes to Roses color on the outer edges. Lower petals light yellow speckled with ruby. Flowers large, well set on the stem. This variety has a great future. &quot;Rose Ash&quot; was originated by Richard Diener, and all other claims of origin are false.</td>
<td>.23</td>
<td>2.40</td>
</tr>
<tr>
<td><strong>ROSE GLORY</strong> (<em>Kunderd</em>) (<em>1916</em>) — Very large and beautiful ruffled variety. Purest rose-pink color. Deepers in throat. Extra fine. Winner of hundreds of awards.</td>
<td>.28</td>
<td>3.00</td>
</tr>
<tr>
<td><strong>ROSE WELLS</strong> — Large open flowers, clear pale rose with small attractive blotch of lilac-rose touched yellow. Spike similar and nearly as tall as Evelyn Kirkland. A worthy variety in every way.</td>
<td>.11</td>
<td>1.00</td>
</tr>
<tr>
<td><strong>ROSE 1910</strong> (<em>Kunderd</em>) — Extra large flower, pure rose-pink of a very fine shade. Lower petals edged with narrow white line through center. Very fine.</td>
<td>.11</td>
<td>1.00</td>
</tr>
<tr>
<td><strong>ROSS VALLEY</strong> — Salmon-pink striped with ashes of red; peacock eye in center. Flowers 5 to 6 inches in diameter, spikes 4 to 5 feet high.</td>
<td>.11</td>
<td>1.00</td>
</tr>
<tr>
<td><strong>ROUGE TORCH</strong> — Large creamy-white flower with scarlet feather in lower petals much like a rouge torchlike tongue, making striking contrast.</td>
<td>.11</td>
<td>1.00</td>
</tr>
<tr>
<td><strong>SAN ANSELMO</strong> — Pure white, slightly striped with ruby-pink. Immense free flowering; fine for cut flowers. Flowers 6 in. in diameter, spikes 4 to 5 feet high.</td>
<td>.11</td>
<td>1.00</td>
</tr>
<tr>
<td><strong>SARAH LILLIE</strong> — Reddish—lavender; throat ruby, mottled with white. Flowerers 5 inches in diameter, spikes 3 to 4 feet high.</td>
<td>.11</td>
<td>1.00</td>
</tr>
<tr>
<td><strong>SAUSALITO</strong> — Rose-pink, shaded salmon; brilliant ruby throat; heavy ruffled flowers 5 inches in diameter, spikes 3 to 4 feet high.</td>
<td>.40</td>
<td></td>
</tr>
<tr>
<td><strong>SCARLANO</strong> (<em>Kunderd</em>) — Light, bright orange-red. Fine spike and flower, finely colored.</td>
<td>.23</td>
<td>2.40</td>
</tr>
<tr>
<td><strong>SCARLET PRINCES</strong> (<em>Kunderd</em>) (<em>1917</em>) — Six or more massive &quot;Princess&quot; like blooms open at a time. Throat a deep, rich color. Blooms set close. An extraordinary distinct and massive spike. Winner of many awards.</td>
<td>.20</td>
<td>1.10</td>
</tr>
<tr>
<td><strong>SCARSDALE</strong> — A deep Jacinto, shading to lavender iris with rose tintings.</td>
<td>.20</td>
<td>1.10</td>
</tr>
<tr>
<td><strong>SCHNEIDER</strong> — A clear citrine-yellow with aster-purple tongue on lower petals. Buds sulphur yellow.</td>
<td>.10</td>
<td>.80</td>
</tr>
<tr>
<td><strong>SCRIBE</strong> — A beautiful large, well-opened flower and an exceptional spike. Very similar like the fine old Eugene Scribe, tinted white, freely striped carmine.</td>
<td>.06</td>
<td>.60</td>
</tr>
<tr>
<td><strong>SHEILA</strong> (<em>Coleman</em>) — There are many good mid-season and late varieties but varieties of high merit, combined with early blooming are scarce. Sheila is extremely early and this reason makes it in such heavy demand. It produces magnificent, enormous blooms of rich salmon color and wonderful texture.</td>
<td>.32</td>
<td>3.50</td>
</tr>
<tr>
<td><strong>SUFFRAGETTE</strong> — White circle of light lilac running across petals. Very delicate white throat; flowers 6 inches in diameter, spikes 5 to 6 feet high.</td>
<td>.60</td>
<td>6.00</td>
</tr>
<tr>
<td><strong>SULPHUR KING</strong> — It produces a very long spike of the clearest sulphur-yellow yet seen in Gladiolus.</td>
<td>.24</td>
<td>2.50</td>
</tr>
<tr>
<td><strong>SUNBEAM</strong> (<em>Primulinus</em>) — Color a rich self-yellow; no other markings. Light and graceful.</td>
<td>.16</td>
<td>1.50</td>
</tr>
<tr>
<td><strong>SUNSET</strong> — Pale flesh-pink overlaid and striped with rose-pink; faint yellow throat; flowers 6 inches in diameter, spikes 5 feet high.</td>
<td>.24</td>
<td>2.50</td>
</tr>
<tr>
<td><strong>SWEET LAVENDER</strong> (<em>Coleman</em>) — Still in the ring as one of the earliest Glads, in existence. Beautiful light lavender, deeper in the throat with a purple blotch that enhances its beauty. Bloom stalks 41 to 46 inches tall of which 18 to 23 inches are covered with perfectly placed flowers and buds. A masterpiece and one of the real honest to goodness Glads.</td>
<td>.50</td>
<td>5.00</td>
</tr>
<tr>
<td><strong>TACONIC</strong> — Bright pink flecked and striped with a delicate pink; lower petals bleached and a deeper crimson, edged with a thin yellow stripe.</td>
<td>.11</td>
<td>1.00</td>
</tr>
<tr>
<td><strong>TAMALPAIS</strong> — Salmon-orange with flame orange stripes; long slender spikes; flowers 6 inches in diameter. This variety is named in honor of Mrs. Francis King, but much larger and much better in color.</td>
<td>5.00</td>
<td></td>
</tr>
<tr>
<td><strong>THEDA</strong> (<em>Bill’s Origination</em>) — Earlier than Halley. Great for forcing. Large open flowers, well placed on tall stems. Most delicate shrimp-pink gradually blending to soft pinkard yellow in its throat with pansi violet lines on lower petals. Retail florists use it for fancy trade. Garden enthusiasts rave over it.</td>
<td>.20</td>
<td>2.00</td>
</tr>
<tr>
<td><strong>THOMAS T. KENT</strong> — Rose-pink with ruby running through the center of each petal.</td>
<td>.20</td>
<td>2.00</td>
</tr>
<tr>
<td><strong>TITANIC</strong> — An enormous lilac-purple without throat markings, but with a white line through the base. This variety is one of the finest novelties in dark colors among the recent introductions.</td>
<td>.20</td>
<td>2.00</td>
</tr>
<tr>
<td><strong>VICTORY</strong> (<em>Bill’s</em> <em>Delicate</em> <em>La France Pink</em>) — Blushed over cream ground. Very large flowers of a rich grace- ful type with slightly reflected petals. Un- surpassed for large lots of marking.</td>
<td>.75</td>
<td></td>
</tr>
<tr>
<td><strong>VICTORY</strong> — Deinty yellow with lower petals a deeper tone.</td>
<td>1.00</td>
<td>10.00</td>
</tr>
<tr>
<td><strong>VIOLET PERFECTION</strong> — A deep, rich Dahlia-purple. A self-colored, very showy open flowers with no markings. A magnificent novelty and the gem of its color section.</td>
<td>1.00</td>
<td>10.00</td>
</tr>
<tr>
<td><strong>WAMBA</strong> — Light strawberry-pink with rose throat-markings. A most unusual Gladiolus because of the immense blooms, petals of orchid with lilac-like buds.</td>
<td>.24</td>
<td>2.50</td>
</tr>
<tr>
<td><strong>WAR</strong> — Deep blood-red, shaded crimson-black; very tall and conspicuous.</td>
<td>.15</td>
<td>1.55</td>
</tr>
<tr>
<td><strong>WHITE AMERICA</strong> — Darkest Child’s new white that he says are &quot;The flowers that open uncut in the light and are white that any commercial white variety grown.</td>
<td>.32</td>

1925 is the last year Narcissus can be imported. You should order now if you want these wonderful bulbs. All of our stock is of the better class bulbs.
HARDY VINES AND CLIMBERS

Akebia Quinata
A clean, rapid-growing vine with lovely foliage and graceful habit of growth, making it desirable for porch decoration and shade on houses where corner vines could not be used to good advantage. The unique, violet-brown, cinnamon, scented flowers come in clusters in the spring and are very attractive. 30 cents each; 3 for 85 cents.

Ampelopsis Veitchii
(The Boston Ivy.)
Cling firmly to any wall, building or tree. Green leaves in summer, changing to red in the fall. 20 cents each; 3 for 55 cents; 12 for $2.00; two-year plants, 50 cents each.

Chinese Wisteria
Desirable for porches, trellises, etc., and when in full bloom is truly magnificent. It flowers in early spring, in long, drooping racemes, resembling in size and shape a bunch of grapes. 32 cents each; 3 for 95 cents; 12 for $3.00. Large plants, 75 cents each.

Chinese Cinnamon Vines
(Dioscorea Batatas)—These interesting vines were first brought to the United States about the year 1870. They came from China, that far-away land of wonder and mystery, but where the Chinese first found them is not known. The name, "cinnamon," was given to them on account of the odor of the bloom, which is similar to that of cinnamon. The fragrance is remarkable and too delightful to describe. Bears white flowers with fine cinnamon fragrance. 10 cents each; 3 for 27 cents; 12 for 85 cents.

Clematis Paniculata
Covered in August and September with a sheaf of clustered snow-white bloom of the most delicious fragrance. An arbor or portico over which this Clematis is trained is a wall of white for the time being, and it blooms when nearly all other vines have ceased blooming. Perfectly hardy; grows rapidly. Fine roots, 20 cents each; 3 for 55 cents; 12 for $2.00; strong two-year field plants, 40 cents each.

Hardy English Ivy
Evergreen, with dark, glossy green leaves. 33 cents each; 3 for 95 cents; 12 for $3.80.

Honeysuckles
20 cents each; 3 for 55 cents; 12 for $2.00.

AUREA RETICULATA (Golden Leaved)—A variety with beautiful variegated foliage of yellow, white and pink.

CHINESE EVERGREEN—Sweet-scented. Blooms nearly all the season; deliciously fragrant; flowers buff, yellow and white.

HALL'S JAPAN—Sweet-scented. This is the most consistent bloomer of the class, being literally covered all summer with beautiful yellow and white flowers; very fragrant.

SCARLET TRUMPET, or RED CORAL—A rapid grower, bright red with trumpet-shaped flowers. This is the old, well known variety.

The Wonderful Japanese Kudzu Vine
(Jack and the Bean Stalk Vine.)
This is the most rapid-growing vine that anyone knows of. By measurement it has been known to grow twenty feet in a week. The foliage is large and tropical. It is entirely hardy. Everyone has trouble in getting nursery-grown plants of this to grow. We have prepared and offer pot grown plants, the kind that have the crown to the plant and ball of earth to the roots, and you try to stop them growing and see if you don't run into a snag. This is proving a great forage plant in the South. All kinds of stock prefer it to hay or other common feed. Try it. 25 cents each; 3 for 71 cents; 12 for $2.65.
HEDGE PLANTS

WE HERE NAME THE MOST SUITABLE PLANTS FOR HEDGES.

Berberis—Barberry

THUNBERGII (From Japan.)—A pretty species of dwarf habit. Small foliage changing to a beautiful coppery-red in autumn. A slower grower than the Privets, but needs no trimming and is a feast to the eye, when full grown. One-year plants, 25 cents each; 3 for 75 cents; $2.25 per dozen; $20.00 per hundred, by express; at your expense. If wanted by Parcel Post add 1-5 to this price per hundred.

CALIFORNIA PRIVET OVALIFOLIUM—This makes when pruned a very formal hedge, will grow almost anywhere, thriving where other plants refuse to grow. 18 to 24 inches, 20 cents each; 3 for 65 cents; 12 for $2.00; 100 for $16.00, by express; at your expense. If wanted by Parcel Post add one-fifth to this price per hundred.

Ilholium Privet

THE NEW HARDY HEDGE PRIVET.

A cross between Ilholium and Ovalifolium. This new hybrid possesses the attractive characteristics of California Privet, with the hardiness of Ilholium.

The vigorous growth, developing no constitutional weakness, or susceptibility to blight or disease. It is upright in its habit, with glossy, round foliage, and fills out even fuller at the bottom than the California. 12 for 50 cents each; 3 for 85 cents; 12 for $2.00; 100 for $16.00; 18 to 24 inches at 33 cents each; 3 for 95 cents; 12 for $3.60; 100 for $28.00, by express; at your expense. If wanted by Parcel Post, add one-fifth to this price per hundred.

Try our new Dwarf Philadelphia on page 45, our Polyantha Roses on page 14, and Abelis Grandiflora on page 18, if you want something fine for hedge planting. The Abelis is only hardly south of Kentucky, but superb for Southern growing.

LIBERTY IRIS

“The Fleur de Lis of France”

Long ago, so the story goes, a field of purple flowers swayed in the warm breezes that swept across the little “Flowery Kingdom” of Japan. Close by the river’s edge, the blossoms danced as they saw their pretty reflections in the water and they were as gay as the little maids who frolicked along the paths. The blossoms were to be kept for their lord’s house, a banquet was to be given and beauty must be everywhere.

Suddenly a cold wind swept across the field, the warm sunbeams fled and the wee maids, looking affrightedly about them, saw a huge, black cloud spreading across the sky. And then came the rain, sheets of it beating the flowers to the ground as the maids rushed to the shelter of a tea house.

When the sun came once more, chasing away the rain, what a sight met the eyes of the frightened girls as they peered timidly out. The field of flowers was flattened out before them, the poor purple blossoms drugged and torn.

But, as they gazed, a rainbow arched the sky, its end seeming to rest in the iris-field. Here and there, the bright arc touched the flowers and, as the girls watched in wonder, the field of flowers once more waved in the breeze, but the flowers were no longer only purple. Creamy-white were they and pale lavender, golden-yellow, blue, mauve; wherever the rainbow had touched there was a flower the color of the rainbow. And so, to this day, this flower is known as the Goddess of the Rainbow.

Today no longer are iris to be found only in Japan. The simplest, smallest garden in America may possess them. They grow so freely, they respond to care so readily, that, whether you own a vast estate or a suburban plot you too, may find the end of the rainbow in your iris bed.

No other flower has so many combinations of color, especially of the delicate and unusual shades, and the name, the rainbow flower, is most fitting. They are absolutely hardy, as beautiful in form, texture and coloring as any Orchid, and many are delightfully fragrant. They are not soil, will grow where anything will, but do better in well drained locations. There is nothing prettier than this Liberty Iris, blooming from May 10th to June 10th. These colors are rare; they completely hide the plant. Be sure and plant some Liberty Iris.

IRIS are sun loving plants, and delight in a warm, well drained soil, where the roots at the surface can become hardened in the sun; they will thrive well almost anywhere, except in low, wet soil, for here the roots will decay. An endless array of colors greets you, ranging in rich blues, delicate yellows, crimson red, from the bronze to violet, in all combinations imaginable. They bloom in May and June, and are represented by the old-fashioned “Flags” so commonly known.

Culture—A dry, sunny location is best, and they do well in almost any soil that is not too low and damp. By all means avoid fresh stable manure; use well decayed manure or compost, if you must enrich the soil.

HARDY PERENNIALS FOR THE BORDER

ACHILLEA, THE PEARL—Pure white flowers in immense clusters for cemetary plantings. Height two feet. 15 cents each; 3 for 41 cents; 12 for $1.45.

AQUILEGIA COLUMBINE—Assorted colors. Height two feet. 20 cents each; 3 for 55 cents; 12 for $2.00.

CAMPANULA, CANTERBURY BULBS—These imposing hardy plants are profusely covered with large bell shaped flowers. Extremely showy in shrubbery and mixed borders. Height three feet. 20 cents each; 3 for 55 cents; 12 for $2.00.

Hardy Pompon Chrysanthemums

These beautiful varieties are again very popular for outdoor bedding purposes. They are quite hardy, and with but a slight covering of leaves or coarse stable litter during the winter will take care of themselves after once planted, and produce an abundant, almost lavish, profusion of bloom; and the plants lend a coloration to the garden just at a time when other plants have been destroyed by frost and are looking their worst. Frost does not materially affect the flowering, and it will frequently happen that an abundant supply of flowers can be cut after a severe frost.

Price, 20 cents each; 3 for 55 cents; 12 for $2.00; 100 for $16.00.

DIACENTRA SPECTABILIS (Bleeding Heart)—These pretty spring bloomers, with their graceful, drooping sprays of heart-shaped pink flowers, are very ornamental and bloom freely early in the season. The plants, being hardy, increase in size and bloom from year to year. Finely cut ornamental foliage, growing about fifteen inches high, and producing showy pink flowers.

50 cents each; three for $1.40; 12 for $5.50.

DIGITALIS (Foxglove)—Gloxinia-like flowers; fine assorted colors. 20 cents each; 3 for 55 cents; 12 for $2.00.

EULALIA GRACILIS UNIVITATA (Hardy Grass)—Makes immense clumps. Very graceful. 20 cents each; 3 for 55 cents; 12 for $2.00.

EULALIA JAPONICA ZEBRINA (Hardy Grass)—Striped across the leaves. Fine plume. 20 cents each; 3 for 55 cents; 12 for $2.00.

GAILLARDIA GRANDIFLORA (Blanket Flower)—The center is dark red-brown, petals marked with rings of brilliant crimson-orange and vermilion. 20 cents each; 3 for 55 cents; 12 for $2.00.

GYPSOPHILA (Paniculata)—Delicate, free-flowering little plants, covered with a profusion of star-shaped blossoms. It is perfectly hardy. Price, 20 cents each; 3 for 55 cents; 12 for $2.00.

HEMEROCALLIS FLAVA (The Lemon Lily)—This is entirely hardy and bears flowers of a lemon-yellow color. Very desirable. 20 cents each; 3 for 55 cents; 12 for $2.00.

GIANT HARDY HIBISCUS

"Mallow Marvels"

They commence flowering early in July and continue until late in September. The flowers on vigorous growing plants, will measure from six to ten inches across.

CRIMSON EYE—Belongs to the family of Mallow. Flowers six inches across. Color pure white with pronounced eye of deep crimson. 25 cents each; 3 for 71 cents; 12 for $2.65.

PINK MALLOW MARVELS—Flowers six inches across. Color brilliant dark red. 20 cents each; 3 for 55 cents; 12 for $2.00.

HYACINTHUS CANDIDANS—Large spikes of pure white. The hardy Hyacinth. 15 cents each; 3 for 41 cents; 12 for $1.45.

Jessamine Humile

Hardy yellow everblooming Jessamine, small foliage, dark green with golden yellow flowers. 20 cents each; 3 for 55 cents; 12 for $2.00.
HARDY PERENNIALS FOR THE BORDER—Continued

The Greatest List of Peonies Ever Offered at Prices Here Quoted

SPLENDID HARDY EVERYWHERE PEONIES

"ARISTOCRAT OF FLOWERS"

The wonderful improvements made during recent years in these old-fashioned hardy plants have brought them into renewed popularity. If you want Peonies, the finest Roses in size, form and color, are produced in great abundance. After one year planting they grow into greater value, producing more and more flowers. They are not troubled with insect pests. Try some of the following and you will see what splendid Peonies they are. Get it out of your head that there are only Red, White and Pink Peonies like that. Our Peonies are so showy, the Peonies that people visit our field will say, "I have Pink and White Peonies. I desire only Red ones." but when they are shown the Pink and White, they invariably exclaim, "How grand. I have none like them." There is as much difference in Peonies as there is in Roses. We have found that divisions do not give the customer satisfaction; they have to wait too long for the plant to become established.

For this reason we are not offering any Peony this year under a one-year size.

The one-year plant is a plant divided and reset a year before. We do not advise our customers to divide any of these one-year roots if they want bloom the first year. We find that Peonies should not be divided more than once in three years.

Don’t Forget—When in Need of Peonies, Consult Our "Peonies for Pleasure," Sent for the Asking.

114—AGIDA—(Origin unknown.) Semi-double type; midseason. If the color of this Peony was not so bright and attractive we would have discarded it long ago. A grand bright showy red in contradistinction to the purplish-crimsons that are so prevalent among red Peonies. It might well be called a scarlet color. Very bright, gay and showy; free bloomer. $1.00 each.

12—ALBERT CROUSSE—(Crousse, 1863.) Bomb type; late. Immense, very full, very convex bloom, as perfect in outline and contour as a Show or Fancy Dahlia flower. The perfect in shape is it that from stem to stem it forms a perfect ball. The petals are imbricated like a Carnation and overlap each other. The color is as wonderful as its form and is described as an even delicate sea shell-pink without deck or markings whatsoever; indeed it is rather a tint than a color or shade; in this regard it is indeed remarkable and unapproachable by any other variety. Scores easily the six points of excellence. Our stock of this variety, some six thousand plants (we have good reason to believe), exceed in number that held commercially by all other growers in the world. $1.00 each.

141—ALBARE—(Crousse, 1885.) Rose type; midseason. One of the finest of all white Peonies. This is identical with the variety Avalanche. $1.00 each.

98—ANDRE LAURIES—(Crousse, 1884.) Rose type; very late. Very dense compact globular bloom of the largest size. Color dark tyan-rose or salmon-red, shading deeper in the center with red reflex; guards same color, occasionally splashed with green, center mottled with white. An all around good Peony. 75 cents each.

102—ASA GRAY—(Crousse, 1886.) Semi-rose type; midseason. From the formation of the flower it is designated as a double decker. Very large, full imbricated bloom; guard petals salmon-des, center of bloom very full and perfectly formed; color delicate lilac plenitously sprinkled with minute dots of deeper lilac. Striking, imposing and beautiful. Here is a flower you want to linger over. No Peony produces more bloom year in and year out than does Asa Gray. Fragrant and distinct. This variety at a local flower show swept the boards. $1.50 each.

84—ATROSANGUINEA—(Calot, 1850.) Semi-double; midseason. A marvelous flower of globular form. Color brilliant rosy-magentas, outer guards streaked with white. Strong, vigorous grower with spreading habit; free bloomer. $1.00 each.

23—AUGUSTE LEMONIER—(Calot, 1865.) Anemone type; midseason. Superb brilliant red, very pretty finish; fragrant. One of the very best reds for hedge effect for landscape work, where color effect is desired. Many who saw this superb variety in our nurseries in bloom in June were highly impressed with its beauty, but were disappointed when they saw it in October. Crousse, although they are entirely distinct and in no way conflict. It is a taller grower and larger flower than Felix Crousse. $1.00 each.

228—AUGUSTIN d’HOUR—(Calot, 1867.) (Syn. Marchal MacMahon.) Bomb type; midseason. Extremely large, short, perfectly built bloom; primary petals narrow and built up close and high. Color very deep, rich, brilliant salmon-red with slight silver reflex; the largest of all red Peonies. Indispensable. This is the chief color; in this way as Felix Crousse, although they are entirely distinct and in no way conflict. It is a taller grower and larger flower than Felix Crousse. $1.00 each.

132—AVALANCHE—(Crousse, 1886.) Crown type; late midseason. It has taken some people a number of years to tinkle to the fact that this is a first-class Peony. This magnificent variety opens like a rose bud. Color pure snow-white, with a few delicate pencillings of carmine on the edge of the central petals; very very profuse and dense; fragrant. One of the most superb Peonies, in fact it is unsurpassed by any other white Peony. The variety Albatre is identical with Avalanche. $1.00 each.

712—AREOS—Bright pink changing to white. $1.50 each.

711—ARGUS—Rich deep rose. $1.15 each.

279—BAHONES SCHROEDER—(Kelway, 1889) Rose type; late. Taken all around this is one of the finest Peonies in existence. You may pick three flowers and one of them will have a delicate, faint, lingering reflex of gold in the center, the next may have the center suffused with heliotrope, and the next a pinkish glow, the whole flower giving the impression of a huge pyramid of baby-pink fading away to purest white. Its immense flowers of great substance with high chalice-shaped center are freely produced, lasting a long time. It is as sweet as the rose with the true June rose fragrance, and in form and outline surpassing any of the rose family. $1.00 each.
HARDY PERENNIALS FOR THE BORDER—Continued

2—BERLIOZ—(Crousse, 1886.) Rose type; late midseason. Enormous full globular imbricated bloom, bright currant-red. Center tinted rose and shaded with amaranth. As the flower ages and becomes fully finished each petal is distinctly tipped silver, say to one-half of its length. This characteristic is quite pronounced and makes it on this account a really phenomenal variety. It is extremely showy and fine an, probably attracts more attention from visitors to our fields while in bloom than any other variety. $1.00 each.

118—BOULE DE NEIGE—(Calot, 1867.) Semi-rose type; early midseason. Translated is "Ball of Snow." Large cup-shaped full bloom of good substance and perfect form. Color milk-white, with sulphur center, both guards and center prominently flecked crimson. Erect, tall grower; fine cut flower variety; follows Festiva Maxima and is often sold for that variety. They are, however, easily distinguished, as Ball of Snow shows some stamens through the flower while Festiva Maxima never does $1.00 each.

142—CANDIDISSIMA—(Calot, 1856.) Rose type; early. An attractive Peony. Guard petals creamy-white, center sulphur-yellow, delicately tinted flesh with a light green heart. Very chaste and refined. Has true honey fragrance. Strong grower, free bloomer, with great big flowers; blooms a couple of days ahead of Festiva Maxima. This is a hummer. 60 cents each.

34—CHARLEMAGNE—(Crousse, 1880.) Rose type; late. Very double, large globular flowers; color liac white with a deeper salmon-pink center. Free bloomer, pleasant fragrance. Bucks so crowded with petals that in warm, rainy weather they are liable to become water-logged. When well done a beautiful Peony. 75 cents each.

127—CLAIRE DUBOIS—(Crousse, 1886.) Rose type; late midseason. Very large, double, globular flowers; convex and tufted; petals incurved and lacinated, overlapping each other in a charming effect; color rich, clear satiny-pink with glossy reflex. Has the beautiful silvery sheen in a pronounced way seen in that wonderful variety Monsieur Jules Elie. A gem of the first water. Some describe this as a glorified Monsieur Jules Elie. How it is possible for anyone to be sotical enough to write a description of Claire Dubois without using a few adjectives is beyond our comprehension. You cannot say too much in her praise. Say all you can and then you have left something unsaid. 90c each.

128—COURONNE D'OR—(Calot, 1873.) Semi-rose type; late midseason. This is the famous Crown of Gold. Immense, very full, imbricated ball-shaped bloom. Solid and compactly built from edge to center. Color snow-white reflecting golden-yellow stamens that show through the petals when looking at the flower from the side. These stamens light up the whole flower with a glow that is simply indescribable and which suggests the name "Crown of Gold." Delicate carmine pencillings on edges of a few central petals. Incomparably lovely and one of the very choicest and best Peonies in cultivation. An enthusiast on seeing this variety blooming in our fields exclaimed, "Why, Crown of Gold is Festiva Maxima dressed up in her wedding clothes." It is in our opinion the attainment of perfection in the Peony. One grower says: "I believe I could detect Couronne d'Or by its white water lily fragrance anywhere." 50 cents each.
HARDY PERENNIALS FOR THE BORDER—Continued

157.—DE CANDOLLE.—(Crousse, 1880.) Rose type, late midseason. Very large, imbricated, full cup-shape bloom; currant red shaded with vivid amaranth. A novel and attractive color, but not held together strongly enough to make a good landscape variety. Do not overlook this variety of you desire a decidedly novel color. No other like it. $1.50 each.

53.—DELACLE.—(Deace, 1850.) Rose type. Late midseason; free bloomer; quite large, with a very sweet perfume. Extra commercial variety. 75 cents each.

97.—DORCHESTER.—(Richardson, 1870.) Rose type; very late. This is an extremely valuable Peony for several reasons. First, it is a very early bloomer; second, it possesses a most delicately perfumed quality; third, it is a very clean bloom. Its delicate Hydrangea-pink or salmon-pink, a color that is very rare in Peonies. Third, it blooms very late, thus extending the season of bloom which with Peony is usually very short. It is a fine variety of Peony by its distinct, clean, salmon-pink color was the lode-stone that caused our Mr. John Good to take up Peony culture. 75 cents each.

22.—DUC D'WELLINGTON.—(Calot, 1850.) Bomb type; late midseason. It is not for the fact that comparisons are odious, we would make the statement and without fear of success, but with a full sense of its beauty; a rich red, with a large, globose flower, its color very distinct, with a long and strong fragrance. 60 cents each.

41.—DUCHESS DE NEMOURS.—(Calot, 1856.) Crown type; early. Bloom's several days after Festiva Maxima. Superb, crimson, narrow, perfectly formed petals, with a light breath of fragrance; lights up the entire flower; gradually changes to a pure white without spot or blenish. In all Peonies there is nothing so magnificent as the petal arrangement of this variety; the both startling and open bud state. In growth it is entirely distinct, being upright and branching. Certainly a grand Peony. Fragrant. 60 cents each.

701.—DEFIANCE.—(Terry, 1905.) A veritable giant of a flower resembling an enormous Red Poppy. Color bright rich red.

73.—DIAMONDS OF PORTLAND.—Large, rich pink and flesh, a free bloomer; quite early. $3.00 each.

96.—EDULIS SUPERBA.—(Lemoine 1824.) Crown type; very early. This might well be called the Decoration Day Peony, for it has never failed to be in full bloom May 20th. Our field of thirty thousand plants is a sight never to be forgotten when seen on that date. A most beautiful bright clear mauve-pink, with a strong fragrance; a most choice culture measure from seven to eight inches across. One of the most valuable Peonies. June rose fragrance. 75 cents each.

93.—EUGENIE VERRIER.—(Calot, 1864.) Semi-rose type; early. Docteur Verrier, with his indefatigable energy, has introduced another Peony. Miss Jessie M. Good, who has devoted considerable time during the past ten years to the study of the Peony while living at Bloomington, Ind., has been instrumental in "At all odds" 37.00. It is very distinct from any of the varieties under the name of Docteur Verrier. It is a tall, strong, free blooming plant, with an abundant supply of soft, clear, medium-pink flowers in masses. The flower is enormous large for a Peony. Then its loose petalage adds a distinctive charm never seen in the varieties under consideration. No form is ideal, being flat, showing its great weight of tints and blending of coloring to fine advantage. What about its color? Simply indescribable. It opens from a cup into an extensive Hydrangea-pink with primary petals lighter, center flushed pinkish red. In its three weeks of bloom it is always the center of admiration. The flower is round, large, globular flowers, solid and compactly built from edge to center, are a rich, even, brilliant, dazzling red color. Excepting the flowers of the type, no petal has ever reflected greater excellence. $1.00 each.

20.—FESTIVA MAXIMA.—(Mieliele, 1851.) Rose type; early. This is not only the finest white in existence, but many regard it as the finest of all its type. It was introduced by Mr. Crousse, and the flower has reached the ultimate beyond which we could go. Here at the door stands Festiva Maxima, white as the soul of the impossible, and then a blood drop, as though the iron had sometimes entered the land; a color so decided that it has first place. It combines enormous size with wondrous beauty; often seven to eight inches in diameter. Clear carmine spots on edge of center. Very distinct, better with each season. It has the highest rank, and is still the standard of perfection by which all other Peonies are judged. The most popular white Peony for cut flowers. June rose fragrance. 60 cents each.

4.—FLORAL TREASURE.—(Rosenfield, 1900.) (Syn. Delicatissima.) Rose type; early midseason. Very large, full flowers of clear, even pink, shading lighter at the center; very delicate color, especially in the petals, where the wavy margins are of a most delicate color. The stems uphold the big, handsome blooms. Almost seven inches across; unique and charming. Fine for cut flowers. 60 cents each.

39.—FRAGRANS.—(Sir Joseph Banard, 1868.) Bloom type; very late. Compact, full flowers; color soft-pink-red with light silverly reflex; strong, vigorous grower, making compact plants; fine bloomer in clusters; and old favorite and extensively grown in many parts of the United States. Fragrant. $1.00 each.

54.—GERMAINE BIGOT.—(Dessert, 1892.) Crown type; midseason. Bloom of flat form, very large and compact; color pale lilac-rose; guards pre-eminentely splashed with crimson; a very free bloomer; very easy to grow; very hardy, blooming well in clusters; strong, erect grower. A rosy flower. $1.00 each.

110.—GLORIA CHARLES GOMBAULT.—(Gombault, 1866.) Crown type; midseason. Medium sized globular flower produced in the greatest profusion, every stem bearing one or more of its very beautiful, rich green; good variety to cultivate. $1.00 each.

67.—GOLDEN HARVEST.—(Rosenfield, 1900.) Bomb type; midseason. A most dense type. Very fragrant. A most compact type; always a great favorite. 75 cents each.

600.—GYPSY.—(Hollis, 1904.) Large, flat bloom, guards dark, uniform tyrian-blue, beautiful gold center. $1.00 each.

715.—HERMES. Rosy pink. 75 cents each.

3.—HUME.—(Anderson, 1810.) Rose type; very late. Very large compact flower that is quite striking. Color cherry-pink, highly cinnamon-scented; the only Peony that this color, when made into a bouquet, looks as though it had been used largely for cut flowers as well as for landscape effect. 60 cents each.

100.—JAMES KELWAY.—(Kelway, 1900.) Semi-rose type; early midseason. This gentleman has been masquerading under the name of Lady Derby for several years. Let us tell you if any man may be called a peach, this one is entitled to it. A very tall, vigorous plant bearing flowers of gigantic size, a very midseason sort. A most striking variety, with a deep crimson fleck on central petalage; very large, blooming well in clusters; strong, fragrant. $1.00 each.

175.—JULIUS CALOT.—(Calot, 1861.) Rose type; midseason. Large, rather flat flower, dark crimson-pink with a silvery reflex, an occasional crimson fleck on central petalage; free bloomer. $1.00 each.

28.—LADY LEONORA BRAMWELL.—(Syn. Docteur Bretonneau.) (Verrier, 1854.) Bomb type; early midseason. This Doctor has been masquerading for a number of years under the name of Lady Bramwell. Under this name it is entirely unknown. Lady Bramwell, and as this variety is already better known under this name, we will retain same. This is a charming, large, full, and exceedingly strong blooming plant. This is a different form. The color is delicate silvery-pink with lovely pink center; petals tipped creamy-white with an occasional crimson fleck. In form and color it is a very distinct variety, and one that will keep in this manner for two months. 75 cents each.

149.—LA ROSIERE.—(Crousse, 1888.) Semi-double type; midseason. Large flowers in huge clusters usually of five flowers on a stem; all flowers open at one and the same time; thus a single stem makes a huge bouquet in itself. The flowers contain several rows of petals. The entire bloom being a large disc of golden-yellow stamens, remaining a huge chalice of molten gold. The effect of the white and gold is stunning. This form is both startling and entrancing. In form and effect resembles an enormous tea rose. Every woman who sees it immediately desires to possess it. $1.00 each.
103.—LA TULIPE.—(Calot, 1872.) Semi-rose type; midseason. Enormous, globular, fragrant flowers in delicate bloom, shading to ivory-white, with red tulip markings on outside of guard petals. Again we quote Harrison: 'There is no Peony so beautiful as the Peony of Calot.' The large flowers appear in late May, red and white. As it grows these interflorescences become profuse. There is no bloom whose unfoldings you watch with greater interest than this. The whole of a race of flowers would be built up of such flowers. Our large bulb collection contains every shade of a huge bank of snow for fully two weeks. **60 cents each.**

27.—L’ECLATANTE.—(Calot, 1860.) Bomb type; midseason. Flowers very double and full; color deep, brilliant velvety-crimson. May be handled as a plant, every flower standing up straight and erect well above the foliage. We think this one of the finest Peonies. Our sales of this variety the past season were upwards of ten thousand. **$1.00 each.**

275.—L’INVULNERABLE.—(Origin unknown.) Rose type; late midseason. A race of Peonies of ten years standing and from Holland is greatly confused with Eugène Verdier. Indeed most of the Eugène Verdier sold is this variety. It is a striking race in all the qualities of the flower, and can be found this year in any variety with any degree of perfection. Of any Peony in our collection. On the Pacific slope this is said to stand at the head of the list of all varieties. With us it at times seems to waterlog, and a few outside petals burn the **60 cents each.**

135.—LINNE.—(Verdier, 1860.) Rose type; midseason. Large, globular, compact bloom. Color tyrian-rose; guard petals slightly flushed with crimson; quite floriferous. A very good variety. **75 cents each.**

168.—LIVINGSTONE.—(Crousse, 1879.) Rose type; late. Very fine imbricated bloom; both buds and flowers large and beautiful. Color pale lilac-rose with sheen of silver; very free bloom on spathes. A good, bright, fine bloomer. **$1.00 each.**

138.—MADAME BUCQUET.—(Desert, 1888.) Semi-rose type; midseason. Very pretty, perfectly shaped bud and flower. Color velvety-crimson; guard petals a bright and very free. All who see it insist on having it. Very attractive, brilliant variety. **$1.00 each.**

19.—MADAME CALOT.—(Miellez, 1886.) Rose type; early. Large, convex, yellow-green, fringed-pink, center shaded slightly deeper, with a somewhat fleshy texture. Flowering of this Peony has three distinctive qualities over all other varieties. Its color is so much more beautiful than any Peony, and in June, when it is the most fragrant of all Peonies, the perfume is delicious. In the above three points Madame Calot stands pre-eminent. Then again it is the earliest light colored Peony, blooming with us at Decoration Day right along with Edulis Superba. Probably the most useful all-round Peony we grow. Simply a **$1.00 each.**

223.—MADAME DE GALHAU.—(Crousse, 1883.) Rose type; late. Medium large compact bloom. Guards rose white, center pale lilac-rose. Free bloomer; fragrant. Let us tell you why we call it a midseason Peony. Last season it was in full bloom, and the first peonies we saw it in all its glory, it was a revelation to us. The coloring is different, so is the make-up of the flower, and you simply wonder if there is anything prettier than Madame de Galhau. **95 cents each.**

197.—MADAME DE VATRY.—(Guerin, 1888.) Crown type; midseason. Very large, finely formed bloom. Lilac-white guards and crown, sulphur-white collar of wide petals, center strong orange-red. A most attractive cut flower, fine for bedding. **$1.00 each.**

16.—MADAME DE VERVILLIE.—(Crousse, 1885.) Bomb type; midseason. One of the most charming varieties on the market. Guard petals pure white, very large and flowing over the flower; the blooms are very full and double, of the purest white shade, with two bright crimson-veined center petals and four red flakes on central petals; exceptionally free. We have counted sixty-five large, perfect blooms on one plant open at one time. An altogether lovely Peony to grow. Has the true true rose fragrance. **60 cents each.**

101.—MADAME DUCUL.—(Mechin, 1880.) Rose type; midseason. A very large, wonderfully built flower; broad guard petals; center bomb shaped like a huge ball; very double and considerable. The petals are being curled in a Chrysanthemum. The whole flower, both guard and bomb, a solid color of silverly-lilac-pink or mauve rose, very double and fragrant. Has its form and color to the extreme. **$1.00 each.**

7.—MADAME EMILE GALLE.—(Crousse, 1881.) Rose type; late midseason. Large, double, cup-shaped, imbricated flowers; color delicate sea-shell-pink with touches of heliotrope and lavender. This is probably the most ethereally beautiful or all Peonies; inexpressibly grand. Not a new Peony, but scarce and rare. A number of hours of sunlight do not ravel the great beauty of this Peony. **$1.00 each.**

189.—MADAME EMILE LEMOINE.—(Lemoine, 1899.) Semi rose type; midseason. M. Lemoine thought enough of this Peony to honor it with his wife's name. Tall, strong, vigorous grower. Enormous buds opening into extra large imbricated rose-colored petals. Flowering of this variety a race of flowers lapping the other, giving the whole flower a very unusually distinct, even unique shade. Color on first opening glossy-white, over- fading in veining and veining with deep rose with shades of flesh-pink, marbled with veined with bright rose, silver tipped, deepening in the center; profuse bloomer. Not one of the most beautiful varieties that we grow. Not one of the most uniform. The flower is wonderfully rich and brilliant. In the Chicago cut flower markets this peony is known as the American Beauty Peony on account of the resemblance in color to the Rose of that name. A grand cut flower. **60 cents each.**

150.—MODELE de PERFECTION.—(Crousse, 1875.) Rose type; late. Enormous, perfectly compact, double flower of pronounced pyramidal shape; very distinct and richly colored. Color deep maroon, with a rich rose with shades of flesh-pink, marbled and veined with bright rose, silver tipped, deepening in the center; profuse bloomer. Not one of the most beautiful varieties that we grow. Not one of the most uniform. The flower is wonderfully rich and brilliant. In the Chicago cut flower markets this peony is known as the American Beauty Peony on account of the resemblance in color to the Rose of that name. A grand cut flower. **60 cents each.**
HARDY PERENNIALS FOR THE BORDER—Continued

36—PRESIDENT TAFT—(Blauw, 1909.) Rose type; midseason. Originated on a private estate in France, bought and taken to Holland and given the Dutch name, 'Frankryk,' which, being interpreted, is 'Franzose,' but before being disseminated or any of it sold, the name was changed to President Taft as a compliment to their American customers, and also for the further reason that no doubt of the American origin of the variety. In charge of our Peony fields, says: "President Taft combines so many of the good qualities necessary to a first class Peony and combines these qualities in such a superlative degree that I have no hesitancy in saying this variety stands at the head of all Peonies. A vigorous, strong grower, a profuse bloomer, every flower being crowned by a big bloom. The flowers are of enormous size; there may be Peony flowers as large, but none larger. The color is a delicate Hydrangea-pink, completely enwrapped in a halo of angelic white. The fragrance is delicious." It is certainly a glorious, gorgeous flower, very large and double. The only Peony we know that has stripes on the face of the flower. La Tulipe has stripes on the reverse of the petals. President Taft is a marvelous flower, both distinct and beautiful. No other just like it. In some quarters of Holland it is claimed that this Peony, the 'Tulip's' is close to a Peony type. We have been looking at a big, juicy bet for years past, and the Peony world should at last take off their hats and cheer for Blauw for the discovery. $1.00 each.

40—QUEEN VICTORIA—(Rom. Hort., 1830.) Bomb type; early midseason. The name, 'Victoire,' means every day white. When cut a first rate keeper. Flower of good substance and color; very pretty in the bud state, when it has a faint blush tint; an old standby. 60 cents each.

49—RACHEL—(Terry, 1900.) Rose type; midseason. One of Terry's really good Peonies that seems to have been lost in the shuffle. A good sized double flower of the brightest magenta shaded richest ruby-red. A free, sure bloomer. Extra fine. $1.00 each.

607—RARE BROCADE—Pure white with a cream tint. Free bloomer in clusters; very pretty cut flower, resembling a tea rose. Early blooming, equal to the best. A most dainty bedding variety and unsurpassed for edging taller kinds. $5.00 each.

78—RUBRA SUPERBA—(Richardson, 1871.) Rose type; very late. Magnificent, rich, brilliant, deep crimson, without stamens. Very large, full bloom; highly fragrant, and makes a most desirable and hardy blooming variety, a first-rate household flower, a good, sure bloomer, and always blooming. $10.00 each.

155—SARAH BERNHARDT "The Divine Sarah"—(Lemoine, 1906.) Semi-double rose type; late midseason. The strongest growing of all Peonies without exception; flowers of remarkable size and freshness in huge clusters, full and double, of unusual perfection of form; extremely large petals that are imbricated, twisted and fringed; color apple blossom-pink with each petal covered in. Masses of them appear, and the flowers are pure white; fragrance agreeable and penetrating; magnificent. Do not confound this with Desert's Sarah Bernhardt. This is different from all other Sarah Bernhardt varieties, and is of the highest excellence. M. Westland says, "I wish all Peonies were like Sarah Bernhardt. It always blooms. It is the queen of all. It has no faults." $2.50 each.

605—SNOW WHEEL—Broad outer petals resembling the waxy white petals of the Camellia. The inner petals resembling the beautiful aigrette flowers. The flowers age to pure white; all the petals are wide. This we consider an extra fine Peony. 75 cents each.

24—SOLFATARE—(Calot, 1861.) Crown type; midseason. One of the best, flat, free blooming, and fragrant; the petals changing as the flower ages to pure white; all the petals are wide. A wonderful flower indeed. $2.00 each.

25—SOUVENIR DE L'EXPOSITION UNIVERSELLE—(Calot, 1875.) Rose type; late midseason. Very large, flat, of violet-rose with silvery reflex and distinctly tipped silver; fragrant. A free blooming, and a very good Peony. $1.50 each.

324—VENUS—(Kelway, 1888.) Crown type; midseason. Delicate shell-pink; free blooming, and considered by some to be one of the very best peonies ever introduced. Extra for cut flowers. Has the true June Rose fragrance. $1.50 each.

210—WELCOME GUEST—(Hollis, 1904.) Semi-double type; midseason. Large, loose flower of uniform glossy silvery-pink, changing to rose-white; fragrant. Most tall, strong grower; free bloomer. Very good. $1.50 each.
HARDY PERENNIALS FOR THE BORDER—Concluded

HARDY PERENNIAL PHLOX

This is one of the most easily grown hardy perennials, and the large number of beautiful varieties now offered make it especially desirable. These noble flowers are not only beautiful as individuals, but the cheerful appearance of our gardens during the summer and autumn months is much indebted to them. They succeed in any position or soil, and can be used to advantage either as single specimens in the mixed border or as large clumps or beds on the lawn. To produce the best results, however, they should have a rich, deep and rather moist soil, and let each clump have a space of from two to three feet to develop. They will continue to thrive for several years with little attention, as is attested by the fine clumps of old hardy perennials. The ease with which they are cultivated; their entire hardiness and the extended time of blooming, combined with the varied and beautiful coloring, make them especially valuable for garden planting. The Perennial Phlox usually come in early summer, and are brilliant with color until after several frosts have come. They are admirably adapted for cemetery planting, also for a low hedge or screen to hide old fences and unsightly objects.

ATHIS—Tall. Abundant spikes of salmon-pink. Some claim this to be the showiest variety in cultivation. 30 cents each.

BRIDESMAID (Tall)—White, with large crimson-carmine center. 30 cents each.

B. COMTE—Brilliant, rich and highly pleasing to the eye; French purple. 40 cents each.

CRENISCLE—Rose lilac, tinged white. 30 cents each.

ECLAIREUR—Bright carmine with light halo. Large flower. 25 cents each.

ETNA—Large flower, crimson with cherry-red eye. 30 cents each.

EUROPA—A white variety, with a decided crimson-carmine eye. Individual flowers and trusses very large. 40 cents each.

FANTOME—Deep lavender, edged and shaded white. Dwarf. 25 cents each.

FERDINAND CORTEZ—Deep rose pink shaded salmon towards center. 30 cents each.

FREDERICK PASSY—Light mauve-pink with distinct white center; panicles very broad. 30 cents each.

ISABEY—Salmon-pink. 25 cents each.

JULES CAMBON—Clear magenta with large distinct white star in center of each floret; superlatively rich and fine. 30 cents each.

LA VOGUE—A very beautiful rose color with large eye of deeper rose color; very attractive. 30 cents each.

MME. PAPE CARPENTER—Pure white; early, dwarf. 25 cents each.

MISS LINGARD—Pearly-white flower, with a very faint yellow eye; very remarkable bloomer, producing 2 or 3 crops of flowers during the season. Indispensable as a cut flower. 25 cents each.

MRS. CHARLES DORR—A new variety; extra tall growing; with extra long, compact, pyramidal spikes of moderate sized florets. Its color is unique and very attractive, a solid blue-mauve. 25 cents each.

MRS. JENKINS—A grand tall early white for massing. 25 cents each.

PANTHEON—Large, clear, deep, bright pink with faint halo; a charming variety. 30 cents each.

PERCHEAU D’ISLAND—Deep red. 30 cents each.

RHEINLANDER—A new variety of great beauty; a rare shade of salmon-pink, intensified by a distinct claret-red eye. Flowers and truss of unusual size. 30 cents each.

RIVERTON JEWELL—Tender peach-blossom pink with bright rose eye and suffusion. Flower and truss very large, on erect, compact stems. 30 cents each.

ROSENBERG—Bright reddish-violet with blood-red eye. A most striking variety. 30 cents each.

R. P. STRUTHERS—In our estimation the very best Phlox grown today—it has no faults. Color clear cherry-red, suffused with salmon shades; deep red eye fine large truss. The color is so clean and clear that each individual floret stands out as distinct as a cameo. 30 cents each.

RYNSTROM—(Medium).—An improved form of the popular variety Pantheon; fine for massing. Of a Paul Neyron Rose color. 30 cents each.

SIR EDWIN LANDSEER—A grand tall early variety for massing. A very good light red, slightly tinged with rose. 30 cents each.

SUNSET—Orange-red. 30 cents each.

THOR—A most beautiful and lively shade of deep salmon-pink suffused and overlaid with a scarlet glow. A light, almost white halo surrounds the aniline red eye. A very effective color and becoming more popular each season. 30 cents each.

VON LASSBURG—Splendid pure white; very large trusses; free bloomer; medium early. 30 cents each.

PINKS

HARDY SCOTCH OR SWEET MAY PINKS—These are the Pinks of our mothers’ gardens; all colors. 20 cents each; 3 for 55 cents; 12 for $2.00.

NEW HARDY SCOTCH PINK, "HER MAJESTY"—Pure white flowers, fine for cemetery planting. 20 cents each; 3 for 55 cents; 12 for $2.00.

PLATYCODON—The upright Clematis. Height two and one-half feet. We have both the blue and white, 15 cents each; 3 for 41 cents; 12 for $1.45.

PLUMBAGO LARPENTAE, or Lady Larpent—Deep royal-blue flowers. This is an elegant plant. 20 cents each; 3 for 55 cents; 12 for $2.00.

PYRETTHRUM HYBRIDUM (Persian Daisies)—These are very handsome showy flowers. Known as the Daisy-flowering Feverfew or Persian Daisy. Height two feet. 20 cents each; 3 for 55 cents; 12 for $2.00.

RUDBECKIA LACINIATA (Golden Glow)—Grows six to eight feet high; bearing hundreds of double yellow blossoms. Very desirable. 20 cents each; 3 for 55 cents; 12 for $2.00.

RUDBECKIA PURPUREA (The Pink Cone-Flowering Rudbeckia)—Large drooping petals colored reddish-purple, with a remarkably large cone-shaped center of browns, thinly set with golden tips in spiral lines. Two to three feet. 20 cents each; 3 for 55 cents; 12 for $2.00.

SAGE (Holt’s Mammoth)—A variety of unusual substance, strong flavor and superior quality. 15 cents each; 3 for 41 cents; 12 for $1.45.

STOKESIA CYANEAE (or Cornflower Aster)—Grows 18 to 24 inches high, flowers lavender-blue, four to five inches in diameter, borne from June to October. 20 cents each; 3 for 55 cents; 12 for $2.00.

YUCCA FILAMENTOSA (Spanish Dagger)—Blooms every year, bearing long stalks surmounted with large umbels or heads of white flowers. 25 cents each; 3 for 71 cents; 12 for $2.65.
HARDY DECIDUOUS SHRUBS

Whether planted individually or collectively Shrubs are an important feature in the adornment of any yard. The rich green of the summer foliage plays a greater part in landscape effect than is often realized. Would advise planting liberally of Shrubs.

HIBISCUS SYRIACUS—Althea or Rose of Sharon

Also known as the Hollyhock shrub, belongs to the Mallow family. The flowers are of large size, very double and full of various brilliant and striking colors. They bloom freely during August and September, when scarcely any other shrub is in bloom. We offer nine of the very choicest varieties as follows:

ANEMONEFLORA—Largest of all Althea bloom; double wine-red.
BOULE DE FEU, or Ball of Fire—Double red.
COELESTE—Single sky-blue; extremely showy.
JEANNE d'ARC—Double snow-white.

Fine plants, 40 cents each; 3 for $1.00; 12 for $3.65.

Calycanthus Floridus
(Carolina Allspice or Sweet Scented Shrub.)

A most desirable shrub. The wood is fragrant; flowers of a rare chocolate color, having a peculiar agreeable odor that is very penetrating. They blossom in June and at intervals afterwards. Fine plants, 20 cents each; 3 for 55 cents; 12 for $2.00; strong two-year-old plants, 50 cents each.

Deutzias

Their fine habit, luxuriant foliage and profusion of bloom render them among the most beautiful of shrubs. They flower the latter part of June.

DEUTZIA CRENATA (Fl. Pl.)—Flowers double white, tinged with rose. 25 cents each; 3 for 71 cents; 12 for $2.65; two-year plants, 50 cents each.
DEUTZIA GRACILIS—Dwarf habit. Covers itself with pure white bell-shaped flowers. 20 cents each; 3 for 71 cents; 12 for $2.65; strong plants, 50 cents each.
DEUTZIA LEMOINEI—Dwarf habit and free flowering; double white flowers. 25 cents each; 3 for 71 cents; 12 for $2.65; two-year plants, 50 cents each.
DEUTZIA PRIDE OF ROCHESTER—Large double white flowers. 25 cents each; 3 for 71 cents; 12 for $2.65; two-year plants, 50 cents each.

Forsythia

GOLDEN BELLS (Viridissima)—This splendid shrub lights up your garden with glinting masses of yellow, very early in the spring, before leaves appear. The bark of the young twigs is bright green. 25 cents each; 3 for 71 cents; 12 for $2.65.
FORTUNE!—Erect branches and handsome broad, dark green leaves. Fine for individual specimens. 25 cents each; 3 for 71 cents; 12 for $2.65.

Golden Elder

“Sambucus Nigra,” (Variegata Aurea.)

Probably the most showy golden-leaved shrub. One of the finest shrubs for ornamental purposes. Foliage bright yellow with a profusion of berries. Gives a tone of contrast to any shrubbery planting. 50 cents each; 3 for $1.30; 12 for $4.50.

BUSH HONEYSUCKLE

HONEYSUCKLE, TARTARIAN (Rosea)—The favorite old-fashioned Bush Honeysuckle with slender upright branches. Pink flowers. 50 cents each; 3 for $1.30; 12 for $4.50.
HONEYSUCKLE, TARTARIAN, (Alba)—A white flowering form of the above. 50 cents each; 3 for $1.30; 12 for $4.50.

The Ever-Blooming Butterfly Bush

Buddleya Variabilis Magnifica (Butterfly Bush.)

It was a matter of some thought before this highly desirable plant was finally christened with the common English name by which it goes. Several years ago there were imported from Europe some plant novelties and this one was among them. We observed it carefully for a season and were charmed with its beauty, ease of culture and free flowering habit. The name Butterfly Bush was applied to it because it seems to attract butterflies in large numbers. Particularly we notice that it is not alone the common little yellow species of butterfly, but also the large and gorgeously colored butterflies that swarm about it as though viewing with it in bril- liancy of color. This shrub from a young plant set out either in the spring or fall, will mature to full size the first summer, producing a handsome bush, which the first year often maintains a height of four feet. It produces long, graceful stems, which terminate in tapering panicles of beautiful lilac-colored flowers that are of miniature size and borne by the hundreds on a flower head which is frequently ten inches long. A single plant the first season will throw out as many as fifty flower spikes, which increase greatly in number during succeeding years. The year after planting, it generally commences to flower in June and continues each season until severe frosts nip it. The foliage and blooms are exceedingly fine. The shrub is rather semi-herbaceous, by which we mean in some latitudes it will die down to the ground and while perfectly hardy, we recommend covering the roots with manure, leaves or other suitable materials as winter approaches, as this will produce a hearty growth the following season. This shrub is very desirable as an individual specimen in the lawn and garden, or placed promiscuously in the shrubbery border. Fine plants, 25 cents each; 3 for 71 cents; 12 for $2.65; strong plants, 50 cents each.
HARDY DECIDUOUS SHRUBS—Concluded

The King of all Shrubs
The New Hydrangea Arborescens, Grandiflora Alba
HILLS OF SNOW
The Most Valuable Hardy Shrub Ever Introduced,
Plant in the Fall.
This is the great new hardy shrub that has come to gladden our
yards and gardens. We place it first and foremost of all shrubs.
It makes a perfectly round, symmetrical bush that is covered from
June to August with handsome, large, pure white flowers. Be sure
and plant this new hardy shrub—it will please you greatly. Young
plants, 25 cents each; 3 for 71 cents; 12 for $2.65; strong two-
year plants, 50 cents each.

Hydrangea Paniculata Grandiflora
A great favorite, and there is nothing finer or more showy,
whether for planting in large masses in parks or for single plants on
the smallest lawns. Blooms profusely from July until frost, in
immense white panicles, tinted with pink and then with brown in
the fully matured flower. The plant should be cut back each spring
fully one-half of the past season’s growth, as the flowers are much
finer if the plant is treated in this manner. The flowers are much
finer and larger if grown in a good, rich soil, but the plant is so
hardy and so easily grown that success is almost certain in any
kind of soil and in any situation. Strong flowering plants, for
immediate effect, two years old, 50 cents each; 3 for $1.30; 12 for $4.50.

Spirea
MEADOW SWEET.
These are beautiful shrubs of the easiest culture. Their bloom-
ing extends over a period of three months.
SPIREA—ANTHONY WATERER—This beautiful gem makes a
low, compact bush and is covered nearly the whole growing sea-
son with large umbels of deep crimson flowers which measure
nearly a foot across. When scarcely three feet high it begins
to bloom, and thereafter is seldom out of flower. As a pot plant
or for growing in the open ground, nothing can equal it. One-
year plants, 25 cents each; 3 for 71 cents; 12 for $2.65; strong two-year-old plants, 60 cents each.

SPIREA—VAN HOUTTEI (Bridal Wreath)—Without doubt
the very finest of all shrubs. With us in May and early in June
the plant is completely covered with a mass of large white flowers
presenting a beautiful appearance. Named the “Bridal Wreath”
on account of its long graceful sprays of pure white. One-year,
25 cents each; 3 for 71 cents; 12 for $2.65; strong two-year-old plants, 60 cents each.

Snowball—Viburnum
(Viburnum Opulus Sterling)
(Guelder Rose).—A well known favorite shrub of large size
with globular clusters of pure white flowers. The Snowball of our
mothers’ gardens. Blooms in May. 25 cents each; 3 for 71 cents;
12 for $2.65.

Philadelphus or Syringa
“MOCK ORANGE”
BOUQUET BLANC—Dwarf growth with long, slender branches
densely covered from base to top with sweet-scented double
flowers of creamy-white. In fact, the flowers are borne in such
great profusion as to totally obscure the plant. Spicy fragrance.
50 cents each.
MONT BLANC—The branches of this beautiful variety are cov-
ered with white flowers that are deliciously fragrant. A grand
species. 35 cents each.

NEW PHILADELPHUS (“Virginal”)—One of the
most beautiful new ever-blooming varieties.
This is the new Philadelphus which is being used so much in hedge planting. It also makes
wonderful individual specimen plants on the
lawn. A vigorous, tall grower with very large
double-crested flowers, with round petals. Pure white, sweetly scented; clusters of five to
seven. Good strong plants, 50 cents each;
$4.50 per dozen.

PHILADELPHUS-AUREUS (Golden Syringa)—Valuable for
contrastive grouping and the best golden-leaved shrub for edging
on account of its dwarf nature. 25 cents each.

CORONARIUS (Garland Syringa)—Pure white flowers, highly
scented. 20 cents each.

GRANDIFLORUS (Large-Flowered Syringa)—Has very showy
large white flowers, delicate fragrance. 20 cents each.

Snowberry
(Symphoricarpos Racemosus.) An excellent shrub for mass-
ing under trees and in shaded places, as well as in full sunlight.
Very ornamental in the Fall, has a small white or pinkish flower,
succeeded by showy white berries. 20 cents each.

Weigelia—Diervilla
They produce in June and July superb large trumpet-shaped
flowers that almost hide the plant. They are very desirable for
the border or for grouping, and as specimens on the lawn. 60
cents each.

CANDIDA—A vigorous, erect grower, flowers pure white and pro-
duced in great profusion in June, and the plants continue to
bloom through the summer, even until autumn. Evergreen.

EVAN—A charming Diervilia flower, brilliant crimson.
A beautiful, distinct, clear shade.

ROSEA—An elegant shrub with fine rose-colored flowers, erect.
compact growth. Blossoms in June.
STIM-U-PLANT
PLANT STIMULANT TABLET
An All-the-Year FERTILIZER
For Garden and House Plants

Growers of fine flowers, shrubs and vegetables for the best markets and for exhibition, fertilize and stimulate them frequently, a little at a time. An excellent fertilizer for this purpose is Stim-U-Plant, an odorless, highly concentrated plant-food, in tablet form, with guaranteed chemical analysis of 11 per cent nitrogen, 12 per cent phosphoric acid, 15 per cent potash. The proportions are accurate, there is no waste filler, and in this form you apply plant-food exactly when and where and as needed.

Make Your Garden a Wonder Garden

These tablets increase production, heighten color and improve quality immediately. Many professional and amateur growers use them extensively all the year round—from early spring until late fall outdoors, during the winter for pot plants, hot-house benches, etc. They are as fine for evergreens and other trees as for all garden and potted plants.

Easy to Use

Simply insert tablets in soil near plants, or dissolve in water at the rate of four tablets to the gallon and apply as liquid manure. Complete directions with each package.

Order Stim-U-Plant Tablets with your seed and plant order. Price, Trial size, 15 cts., small size, 25 cts. 100 tablets, 75 cts. 1,000, $3.50.

ROSE and PLANT SPRAYER
$1.00 Each

Thompson's Rose Nicotine

THOMPSON'S ROSE NICOTINE is put up in sixty-cent (makes one and one-half gallons spray) and eighty-five cent (makes six gallons) cans, and the FUMIGATOR is put up in forty-cent packages. The Fumigator can be used to fumigate plants to kill insects. Can only be sent by express at above prices; we prepaid expressage. Trial size, 25 cents.

DO NOT FORGET TO SEND FOR OUR BOOK

"PEONIES FOR PLEASURE"

It tells all about a great collection of these wonderful flowers.

Write for it today.

SWEET PEAS

Plant Sweet Peas south of the Ohio River in the fall. Try fall planting and be surprised. Everyone who has a yard ought to grow quantities of this sweetest of all flowers, that is not only a beautiful low-growing vine for garden and decorations but one of the most useful of all in furnishing material for vases, bouquets and all cutflower work. Plant quantities of these lovely flowers and cut them with a lavish hand; for every flower you pick, two will come to fill its place. For the largest and finest blossoms dig a trench six inches deep, put in two inches of rotten manure, a little earth, and sow the seed over this three inches apart in the row, covering an inch and a half. Do this during the month of November, or just before freezing weather and as the plants grow, fill up the trench around them with rich earth. Best mixture of Sweet Peas, 5 cents per packet, or 15 cents per ounce.

“Famous” Rose Collection for Garden Planting

We guarantee that no better Twelve Roses for the Garden were ever offered than this “Famous” Collection. Try them. One-year plants, 20 cents each; the entire 12 for $2.00. Two-year plants, 40 cents each; the entire 12 for $4.00.

ANTOINE RIVOIRE (Mrs. Taft)—This is the famous Mrs. Taft Rose of the fashionable Eastern markets. This Rose is in a class by itself; no Rose ever produced has such substance of petal; color creamy-white with rainbow tints; a beauty and a wonder.

BESSIE BROWN—A Rose of transcendent beauty; of the largest size; color pearly-white with a delicate tinge of fawn.

ETOILE DE FRANCE—For the best red garden Rose it lies between this one, Rhea Reid and Helen Gould. Some say one and some say the other.

ETOILE DE LYON—Still the best large golden-yellow Rose.

HELEN GOULD (The Beauty Cochet)—What the introducers say, “This is a true Cochet Rose, and after two years’ trial in the garden we pronounce it as good if not better than any Rose for the garden ever sent out. We bought the entire stock of this Rose, paying $1,000 for two plants, this being by far the highest recorded price ever paid for any Rose. The color is a delicate yellow suffused with pink, each petal edged deeper, very chaste and beautiful. The color, with its immense size and exquisite form, makes it without question the greatest Tea Rose ever introduced, and we are proud to have brought it out.”

HELEN GOULD—A rich red Rose that is a great bloomer; the shade of red has been described best as a watermelon-red; elegant.

KAISERIN AUGUSTA VICTORIA—A grand white garden Rose that has stood the test of time. Full and double; fine buds and flowers.

MAMAN COCHET (The Queen of All Garden Roses)—Such beauty and exquisite form is possessed by this variety is well-nigh marvelous and cannot be seen in any other Rose we know of. The buds are beautiful, large, full and firm and elegantly pointed; as they expand they show great depth and richness, sometimes measuring two and a half inches from base to tip. Flowers superb when open, extra large, perfectly double and of splendid substance.

Small pot plants will in the open ground quickly make large strong bushes and produce, on long, stiff stems, great numbers of perfect flowers that are enchanting in fragrance and delicate brightness. The color is rich, clear pink changing to a silvery-rose. As we see it, one good Rose like any of the Cochet Roses is worth a whole collection of poor Roses.

RADIANCE (Cooke, 1909.)—A brilliant rose-carmine, displaying beautiful rich and opaline-pink tints in the open flower. The form is fine, largest size and full, with cupped petals. It blooms constantly and is delectably fragrant. This is a superior Rose.

PRESIDENT TAFT (McCullough, 1908.)—This Rose was raised in Cincinnati, the home of President Taft, and let us say right here, while some of you may not admire the President himself, you will, one and all, admire the Rose given his name. It is without question the most remarkable of all pink Roses. It has shining, intense, deep pink color possessed by no other Rose. It is a fine grower, free bloomer, good size and form, fragrant and in a class by itself as to color. Our Mr. Frank Good, who is probably familiar with more Roses than any man in America, says, “Talk all you want to about the Rose President Taft, and then you will not say enough.”

WHITE MAMAN COCHET (No Finer Rose than This)—This Rose attracted our attention from the very first time we ever saw it in flower. It is of the largest size, and as you will notice, the flower is built up, or rounded and very double. The color is a pure snow-white. Sometimes, outdoors it is tinged pink, which only adds to its great beauty. No Rose surpasses it in vigorous growth, and in the immense size of its buds and flowers—indeed, nothing in the Tea family approaches it in size. Deliciously fragrant.

WM. R. SMITH—This Rose has several names, such as Charles Dingee, Jeanette Keller, Maiden’s Blush, etc. Color delicate blush It has no superior as a garden Rose.
